From Slumber To Awakening Culture And Identity Of Arab Israeli Literati:

From Slumber to Awakening Mishael Caspi,Jerome David Weltsch,1998 From Slumber to Awakening argues that when investigating the cultural and historical predicament of segments of any society a close examination of the literal expression of the people is necessary to understand their human condition better To accomplish this the individual psyches of authors and poets must be delved into and in this case was accessed through personal interviews This study approaches the unique social position of the Arab Israelis through an exploration of culture and history The examination of the literature itself begins with Israeli literature from the broad perspectives of both the prose and poetry forms and then moving into the literature and literati themselves one by one exploring the lives of the writers while superimposing their human experiences with the expressions and stories of their creative works This examination along with the interviews defines the Arab Israeli minority as a group while also comparing them to Jewish Israeli writers who are close to the Arab Israeli situation

Inextricably Bonded Rachel Feldhay Brenner,2004-04-01 Despite the tragic reality of the continuing Israeli Arab conflict and deep rooted beliefs that the chasm between Israeli Jews and Israeli Arabs is unbridgeable this book affirms the bonds between the two communities Rachel Feldhay Brenner demonstrates that the literatures of both ethnic groups defy the ideologies that have obstructed dialogue between the two peoples Brenner argues that literary critics have ignored the variety and the dissent in the novels of both Arab and Jewish writers in Israel giving them interpretations that embrace the politics of exclusion and conform with Zionist ideology Brenner offers insightful new readings that compare fiction by Jewish writers Amos Oz A B Yehoshua David Grossman and others with fiction written in Hebrew by such Arab Israeli writers as Atallah Mansour Emile Habiby and Anton Shammas This parallel analysis highlights the moral and psychological dilemmas faced by both the Jewish victors and the Arab vanquished and Brenner suggests that the hope for release from the historical trauma lies on both sides in reaching an understanding with and of the adversary Drawing upon the theories of Walter Benjamin Jacques Lacan Sigmund Freud Emanuel Levinas and others *Inextricably Bonded* is an innovative and illuminating examination of literary dissent from dominant ideology

Modern Hebrew Norman Berdichevsky,2016-03-21 Ben Yehuda's vision of a modern Hebrew eventually came to animate a large part of the Jewish world and gave new confidence and pride to Jewish youth during the most difficult period of modern history infusing Zionism with a dynamic cultural content This book examines the many changes that occurred in the transition to Modern Hebrew acquainting new students of the language with its role as a model for other national revivals and explaining how it overcame many obstacles to become a spoken vernacular The author deals primarily with the social and political use of the language and does not cover literature Also discussed are the dilemmas facing the language arising from the fact that Israelis and Jews in the Diaspora don't speak the same language while Israeli Arabs and Jews often do

The Undergraduate's Companion to Arab Writers and Their Web Sites Dona S. Straley,2004-08-30 This companion provides information on the lives and works of about 150 authors who write primarily

in Arabic covering the first known works of Arabic literature in the 5th and 6th centuries A D to the present day While concentrating on literary authors writers from the fields of history geography and philosophy are also represented The individuals represented were chosen primarily from the Encyclopedia of Arabic Literature Among the major authors are Najib Mahfuz the 1988 Nobel laureate Nawal Saadawi the Egyptian physician who is the leading female literary author in the Arab world and the most frequently translated into English Abu al Ala al Ma arri the 11th century poet whose verses are taught to every Arab schoolchild and Avicenna the great physician and philosopher transmitter and interpreter of Aristotle whose work on medicine was long the standard not only in the Middle East but also in Latin translation in Europe In addition entries will be included for the anonymous romances so common in Arabic literature such as The Arabian Nights a cycle of stories perhaps even better known in the West than in the Arab world Interest in the history and culture of the Arab world at U S universities has taken a quantum leap since the events of September 11 2001 In this book the author demonstrates that at least three major distinct literary and cultural traditions are included within the fields of Middle Eastern and Islamic studies Arabic Persian and Turkic The Arabic tradition is the oldest largest and most widely dispersed Undergraduate courses in Arabic literature and culture are now being taught at both lower and upper levels at many universities Such courses are often used by undergraduates to fulfill basic educational requirements for their degrees Students in such courses often have difficulty finding information on Arab writers and this volume fills the void
