From Then Till Now Reminiscing With Mrs O

Clifford Lane

From Then Till Now Reminiscing With Mrs O:

Children before God John McNeill, 2017-11-09 This work seeks to delineate a theological framework into which biblically informed imagery and language of children in relation to God can be placed McNeill's aim is to offer a work of positive construction within the general Reformed tradition The book shows that John Calvin has much to offer in this respect but by examining the imagery and language of children in his works it is shown that Calvin is not adequately biblically informed in this area McNeill argues that Jonathan Edwards provides a theological tool that enables a construal of children more in keeping with biblical language and imagery The book then offers a general critique of current child development theories in which providential activity in child development is more or less ignored By adopting Calvin's theological framework to understand children before God it is argued that the integration of child development and divine providence becomes a distinct possibility This work should be of interest to those working in biblical childhood Calvin and Edwards studies as well as to the more general practitioner working with children in church and society

The Art and Science of Reminiscing Jeffrey D. Webster, Barbara Haight, 2013-02-01 Although recognition of reminiscing as a potentially adaptive process can be traced back over 30 years to the seminal work of Robert Butler as discussed in the Foreword there has been little effort to consolidate the work and paint a complete picture of reminiscing as an entity Here reminiscing is presented as a multi disciplinary topic examining the theory of and research on reminiscing The book also discusses the different ways of

conducting life review interviews and explores therapeutic applications Contributors to this book many of whom are pioneers and leading figures in the field discuss and elaborate their latest thinking and research findings from multiple perspectives The volume s strength derives from its multi disciplinary nursing psychiatry psychology gerontology community advocacy and multinational Australia Canada England Sweden and the United States treatment James Birren Irene Burnside and Phillipe Cappeliez are a few of the eminent scholars authoring this volume
