Frontier Of Loyalty Political Exiles In The Age Of The Nation State:

The Frontier of Loyalty Yossi Shain, 1989 Defines exiles and studies these organizations struggles to overcome their native regimes

The Overseas Chinese Democracy Movement Chen Jie, 2019-12-27 The overseas Chinese democracy movement OCDM is one of the world s longest running and most difficult exile political campaigns This unique book is a rare and comprehensive account of its trajectory since its beginnings in the early 1980s examining its shifting operational environment and the diversification of its activities as well as characterizing its distinctive features in comparison to other exile movements

Exile and Nation-State Formation in Argentina and Chile, 1810-1862 Edward Blumenthal, 2019-10-23 This book traces the impact of exile in the formation of independent republics in Chile and the R o de la Plata in the decades after independence Exile was central to state and nation formation playing a role in the emergence of territorial borders and Romantic notions of national difference while creating a transnational political culture that spanned the new independent nations Analyzing the mobility of a large cohort of largely elite political migr s from Chile and the R o de la Plata across much of South America before 1862 Edward Blumenthal reinterprets the political thought of well known figures in a transnational context of exile As Blumenthal shows exile was part of a reflexive process in which elites imagined the nation from abroad while gaining experience building the same state and civil society institutions they considered integral to their republican nation building projects

Fanáticos, Exiles, and Spies Julian F. Dodson, 2019-04-02 Borders and boundaries are porous especially in the context of political revolutions Historian Julian F Dodson has uncovered the story of postrevolutionary Mexico s attempts to protect its northern border from various plots hatched by groups exiled in the United States Such plots sought to overthrow the regime of President Plutarco El as Calles in the 1920s These borderland battles were largely fought through espionage pitting undercover agents of the government s Departamento Confidencial against various groups of political exiles themselves experienced spies who were now residing in American cities such as Los Angeles Tucson San Antonio and Brownsville Fan ticos Exiles and Spies shows that in successive waves the political and military exiles of the Mexican Revolution 1910 1920 sought refuge in and continued to operate from urban centers along the international boundary The de la Huerta rebellion of 1923 and the Cristero War of 1926 1929 defined the bloody religious conflict that dominated the decade even as smaller rebellions bubbled up along the border often funded by politically connected exiles Previous scholarship has tended to treat these various rebellions as isolated episodes but Dodson argues that the violent popular and military uprisings were not isolated at all They were nothing less than an extension of the violence and fratricidal warfare that so distinctly marked the preceding decade of the revolution Fan ticos Exiles and Spies reveals the fluidity of a border between two nations before it hardened into the political boundary we know today

Cold War Exiles and the CIA Benjamin Tromly, 2019-09-19 At the height of the Cold War in the 1950s the United States government unleashed covert operations intended to weaken the Soviet Union As part of these efforts the CIA committed to

supporting Russian exiles populations uprooted either during World War Two or by the Russian Revolution decades before No one seemed better prepared to fight in the American secret war against communism than the uprooted Russians whom the CIA directed to carry out propaganda espionage and subversion operations from their home base in West Germany Yet the American engagement of Russian exiles had unpredictable outcomes Drawing on recently declassified and previously untapped sources Cold War Exiles and the CIA examines how the CIA s Russian operations became entangled with the internal struggles of Russia abroad and also the espionage wars of the superpowers in divided Germany What resulted was a transnational political sphere involving different groups of Russian exiles American and German anti communists and spies operating on both sides of the Iron Curtain Inadvertently CIA s patronage of Russian exiles forged a complex sub front in the wider Cold War demonstrating the ways in which the hostilities of the Cold War played out in ancillary conflicts involving proxies and non state actors

Diasporas and Homeland Conflicts Bahar Baser,2016-03-09 As violent conflicts become increasingly intra state rather than inter state international migration has rendered them increasingly transnational as protagonists from each side find themselves in new countries of residence In spite of leaving their homeland the grievances and grudges that existed between them are not forgotten and can be passed to the next generation This book explores the extension of homeland conflicts into transnational space amongst diaspora groups with particular attention to the interactions between second generation migrants Comparative in approach Diasporas and Homeland Conflicts focuses on the tensions that exist between Kurdish and Turkish populations in Sweden and Germany examining the effects of hostland policies and politics on the construction shaping or elimination of homeland conflicts Drawing on extensive interview material with members of diasporic communities this book sheds fresh light on the influences exercised on conflict dynamics by state policies on migrant incorporation and multiculturalism as well as structures of migrant organizations As such it will be of interest to scholars of sociology political science and international studies with interests in migration and diaspora integration and transnational conflict

Exiled Activism David McKeever,2020-10-29 This book examines the relationship between exile and activism Drawing on interviews with activists exiled to England following the military coup d tat in Egypt as an illustrative case it considers whether exile presents any barrier to meaningful political participation Through a comparison of activism in Egypt with exiled activism in England the author explores the mechanisms mediating the changes in the activists activities tracing the conditions for exile in institutions of dictatorship and shedding light on the process by which activism is decertified and fear of repression becomes internalised within a movement a process that is counteracted in the sanctuary and stability of a host country in which activist networks are founded and the exile repertoire is expanded A significant contribution to social movement theory this book will appeal to sociologists and political scientists with interests in political mobilisation and contentious politics

Debating Democratization in Myanmar Nick Cheesman,Nicholas Farrelly,Trevor Wilson,2014-04-14 Is Myanmar Burma democratizing or is it moving towards a new form of authoritarianism

perhaps one more consonant with other contemporary authoritarian regimes in Asia Coming at a critical time and one of growing interest in this Southeast Asian country among researchers and policy makers Debating Democratization in Myanmar addresses this complex question from a range of disciplinary and professional perspectives Chapters by leading international scholars and practitioners activists and politicians from Myanmar and around the world cover political and economic updates as well as the problems of democratization the re engagement of democratic activists and exiles in domestic affairs the new parliament the electoral system and everyday politics prospects for the economy ethnic cooperation contestation and conflict the role of the army and police forces and conditions for women Together they constitute an empirically deep and analytically rich source of readable and relevant material for anyone keen to obtain a greater understanding of what is happening in Myanmar today and why

Exile and Cultural Hegemony Sebastiaan Faber, 2002 After Francisco Franco's victory in the Spanish Civil War a great many of the country's intellectuals went into exile in Mexico During the three and a half decades of Francoist dictatorship these exiles held that the Republic not Francoism represented the authentic culture of Spain In this environment as Sebastiaan Faber argues in Exile and Cultural Hegemony the Spaniards' conception of their role as intellectuals changed markedly over time The first study of its kind to place the exiles' ideological evolution in a broad historical context Exile and Cultural Hegemony takes into account developments in both Spanish and Mexican politics from the early 1930s through the 1970s Faber pays particular attention to the intellectuals' persistent nationalism and misplaced illusions of pan Hispanist grandeur which included awkward and ironic overlaps with the rhetoric employed by their enemies on the Francoist right This embrace of nationalism together with the intellectuals' dependence on the increasingly authoritarian Mexican regime and the international climate of the Cold War eventually caused them to abandon the Gramscian ideal of the intellectual as political activist in favor of a more liberal apolitical stance preferred by among others the Spanish philosopher Jose Ortega y Gasset With its comprehensive approach to topics integral to Spanish culture both students of and those with a general interest in twentieth century Spanish literature history or culture will find Exile and Cultural Hegemony a fascinating and groundbreaking work

Tajikistan on the Move Marlene Laruelle, 2018-05-25 The southernmost and poorest state of the Eurasian space Tajikistan collapsed immediately upon the fall of the Soviet Union and plunged into a bloody five year civil war 1992-1997 that left more than 50 000 people dead and more than half a million displaced After the 1997 Peace Agreements Tajikistan stood out for being the only post Soviet country to recognize an Islamic party the Islamic Renaissance Party of Tajikistan IRPT as a key actor in the civil war as well as in postwar reconstruction and democratization Tajikistan's linguistic and cultural proximity to Iran notwithstanding the balance of external powers over the country remains fairly typical of Central Asia with Russia as the major security provider and China as its principal investor Another specificity of Tajikistan is its massive labor migration flows toward Russia Out of a population of eight million about one million work abroad seasonally one of the highest rates of departure in the world

Migration trends have impacted Tajikistan's economy and rent mechanisms half of the country's GDP comes from migrant remittances a higher share than anywhere else in the world However it is in the societal and cultural realms that migration has had the most transformative effect Migrants cultural and societal identities are on the move with a growing role given to Islam as a normative tool for regulating the cultural shock of migration Islam and especially a globalized fundamentalist pietist movement regulates both physical and moral security in workplace and other settings and brings migrants together to make their interactions meaningful and socio politically relevant It offers a new social prestige to those who work in an environment seen as threatening to their Islamic identity The first section of this volume investigates the critical question of the nature of the Tajik political regime its stability legitimacy mechanisms and patterns of centralization In the volume's second part we move away from studying the state to delve into the societal fabric of Tajikistan shaped by local rural specificities and social vulnerabilities in the health sector and gender relationships The third section of the volume is devoted to identity narratives and changes While the Tajik regime works hard to control the national narrative and the interpretation of the civil war society is literally and figuratively on the move as migration profoundly reshapes societal structures and cultural values

Citizenship and Security Xavier Guillaume, Jef Huysmans, 2013-08-15 This book engages the intense relationship between citizenship and security in modern politics It focuses on questions of citizenship in security analysis in order to critically evaluate how political being is and can be constituted in relation to securitising practices In light of contemporary issues and events such as human rights regimes terrorism identity control commercialisation of security diaspora and border policies this book addresses a citizenship deficit in security studies The chapters introduce several key political themes that characterise the interplays between citizenship and security changes in citizenship regimes the renewed insecurity of citizenship state relations the emerging ways by which the political and national communities are crafted and the ways democratic societies and regimes react in times of insecurity Approaching citizenship as both a governmental practice and a resource of political contestation the book aims to highlight what political challenges and contestations are created in situations where security intensely meets citizenship today This book will be of interest to scholars of security studies and security politics citizenship studies and international relations

Voice of the Silenced Peoples in the Global Cold War Anna Mazurkiewicz, 2020-12-16 According to its members exiled political leaders from nine east European countries the ACEN was an umbrella organization a quasi East European parliament in exile composed of formerly prominent statesmen who strove to maintain the case of liberation of Eastern Europe from the Soviet yoke on the agenda of international relations Founded by the Free Europe Committee from 1954 to 1971 the ACEN tried to lobby for Eastern European interests on the U S political scene in the United Nations and the Council of Europe Furthermore its activities can be traced to Latin America Asia and the Middle East However since it was founded and sponsored by the Free Europe Committee most commonly recognized as the sponsor of the Radio Free Europe the ACEN operations were obviously

influenced and monitored by the Americans CIA Department of State This book argues that despite the migr leadership s self restraint in expressing criticism of the U S foreign policy the ACEN was vulnerable to and eventually fell victim of the changes in the American Cold War policies Notwithstanding the termination of Free Europe s support ACEN members reconstituted their operations in 1972 and continued their actions until 1989 Based on a through archival research twenty different archives in the U S and Europe interviews published documents memoirs press this book is a first complete story of an organization that is quite often mentioned in publications related to the operations of the Free Europe Committee but hardly ever thoroughly studied Tibetans in Nepal Ann Frechette,2004-10-01 Based on eighteen months of field research conducted in exile carpet factories settlement camps monasteries and schools in the Kathmandu Valley of Nepal as well as in Dharamsala India and Lhasa Tibet this book offers an important contribution to the debate on the impact of international assistance on migrant communities The author explores the ways in which Tibetan exiles in Nepal negotiate their norms and values as they interact with the many international organizations that assist them and comes to the conclusion that as beneficial as aid agency assistance often is it also complicates the Tibetans efforts to define themselves as a community

Transnational Actors in War and Peace David Malet,Miriam J. Anderson,2017-06-01 Transnational Actors in War and Peace explores the identities organization strategies and influence of transnational actors involved in contentious politics armed conflict and peacemaking over the last one hundred years While the study of transnational politics has been a rapidly growing field to date the disparate array of actors have not been analyzed alongside each other making it difficult to develop a common theoretical framework or determine their relative influence on international stability war and peace This work seeks to fill this gap by bringing together a diverse set of scholars focused on a range of transnational actors such as pirates foreign fighters terrorists private military security companies criminal networks religious groups diasporas political exiles NGOs environmental activists global news agencies and feminist advocacy networks Each chapter examines a different transnational actor and is structured around five components how the actor is organized how it interacts with other actors how it communicates both internally and externally how it influences conflict peace and how it reflects developments in transnationalism Turkey's Diaspora Governance Bahar Baser,Ahmet Erdi Öztürk,Hakkı Taş,2025-04-18 This book examines Turkey s evolving diaspora policies analysing how the state engages controls and mobilizes its overseas communities as tools of diplomacy and nation building Through an interdisciplinary lens it highlights the political ideological and cultural motivations driving Turkey s approach particularly under the Justice and Development Party s AKP influence In recent decades Turkey s approach to its diaspora has undergone a dramatic transformation From viewing its emigrants as guest workers in the 1960s to deploying sophisticated diaspora engagement policies today Turkey s approach mirrors larger trends in international migration politics This book explores Turkey s unique and complex diaspora policies illuminating how they blend diplomatic outreach with transnational control With insights into the history and evolution of Turkish diaspora

governance the book analyses key questions What motivates Turkey s outreach efforts How have recent shifts under the President Recep Tayyip Erdogan s AKP influenced its strategies And what role do nationalism and identity play in shaping these policies The book brings together pioneering studies on Turkey s dynamic relationship with its emigrants blending history politics and sociology to shed light on how diaspora governance has become a critical tool of statecraft This compelling exploration is essential for understanding the impacts of state led diaspora engagement on transnational identities and relations in a globalized world It was originally published as a special issue of Middle East Critique Rebels without Borders Idean Salehyan, 2011-07-07 Rebellion insurgency civil war conflict within a society is customarily treated as a matter of domestic politics and analysts generally focus their attention on local causes Yet fighting between governments and opposition groups is rarely confined to the domestic arena Internal wars often spill across national boundaries rebel organizations frequently find sanctuaries in neighboring countries and insurgencies give rise to disputes between states In Rebels without Borders which will appeal to students of international and civil war and those developing policies to contain the regional diffusion of conflict Idean Salehyan examines transnational rebel organizations in civil conflicts utilizing cross national datasets as well as in depth case studies He shows how external Contra bases in Honduras and Costa Rica facilitated the Nicaraguan civil war and how the Rwandan civil war spilled over into the Democratic Republic of the Congo fostering a regional war He also looks at other cross border insurgencies such as those of the Kurdish PKK and Taliban fighters in Pakistan Salehyan reveals that external sanctuaries feature in the political history of more than half of the world s armed insurgencies since 1945 and are also important in fostering state to state conflicts Rebels who are unable to challenge the state on its own turf look for mobilization opportunities abroad Neighboring states that are too weak to prevent rebel access states that wish to foster instability in their rivals and large refugee diasporas provide important opportunities for insurgent groups to establish external bases Such sanctuaries complicate intelligence gathering counterinsurgency operations and efforts at peacemaking States that host rebels intrude into negotiations between governments and opposition movements and can block progress toward peace when they pursue their own agendas Between States Yossi Shain, Juan J. Linz, Lynn Berat, 1995-05-26 Between States is the first book that assesses systematically the broad implications of interim governments in the establishment of democratic regimes and on the existence of states Based on historical and contemporary democratisation experiences the book presents four ideal types of interim government opposition led provisional governments power sharing interim governments incumbent led caretaker governments and international interim government by the United Nations The first part explores the theoretical problems of each of these models from a broad comparative perspective It uses as illustrations historical and contemporary cases that present a wide spectrum of contexts for comparison The second part provides extensive case studies that are intended to illustrate appraise amplify and criticise the analysis in volume one These include Iran East Germany Portugal Afghanistan and Yugoslavia *The Origins of the*

Libyan Nation Anna Baldinetti, 2014-05-12 This book is concerned with the emergence and construction of the Libyan nation. It charts the rise of nationalism out of the colonial era and shows how nationalism developed through an external Libyan diaspora and the influence of Arab nationalism.

International Migration in the Euro-Mediterranean Region Ibrahim Awad, 2019-05-20 This issue of Cairo Papers takes up the various dimensions of migration and refugees in the Euro-Mediterranean region over different periods in the last two centuries. It looks at both the migration of waves of Italians and Greeks to Egypt from the mid nineteenth to the early twentieth century and at migration from the Arab southern and eastern rims of the Mediterranean to Europe starting in the twenty first century. The disciplines of history, sociology, anthropology and political science have been mobilized to undertake the research; its chapters embody them. They address the history of migration in the region, relations between Mediterranean countries of origin and their diasporas, the impact of interest groups on the formulation of migration policies in countries of destination and the policies for integration of recent flows arriving in Europe. The chapters are based on papers delivered at Cairo Papers 25th annual symposium in collaboration with the Center for Migration and Refugee Studies.

Separatist Conflict in Indonesia Antje Missbach, 2017-05-31 This book describes, analyses and interprets more than thirty years of long distance politics exercised by the Acehnese diaspora and the diasporans. It attempts to influence Aceh's homeland developments in the lead up to, during and after the internal conflict that afflicted the region between 1976 and 2005.

Frontier Of Loyalty Political Exiles In The Age Of The Nation State Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Frontier Of Loyalty Political Exiles In The Age Of The Nation State PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Frontier Of Loyalty Political Exiles In The Age Of The Nation State PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the

benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Frontier Of Loyalty Political Exiles In The Age Of The Nation State free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Frontier Of Loyalty Political Exiles In The Age Of The Nation State Books

1. Where can I buy Frontier Of Loyalty Political Exiles In The Age Of The Nation State books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
