Frontier Woman:

Pioneer Woman Elizabeth Thompson, 1991-03-01 Elizabeth Thompson develops the idea of the pioneer woman as an archetypal character firmly entrenched in Canadian fiction and the Canadian consciousness Thompson's broad definition of the concept of pioneer can be seen to reflect the history of Canadian women starting with the pioneers of settlement and continuing through the pioneers of spiritual perfection and psychological liberation Various versions of the pioneer woman have appeared in English Canadian fiction since Traill's development of the character type Sara Jeannette Duncan's *The Imperialist* and Ralph Connor's *The Man From Glengarry* and *Glengarry School Days* feature pioneer women who cope not only with physical frontiers but also with those grounded in social and personal concerns More recently Margaret Laurence used this character type in *The Stone Angel* *A Jest of God* and *The Diviners* with characters who inhabit internal personal frontiers Thompson argues that the longevity of this character type in English Canadian fiction reveals an affinity between the pioneer woman and a common conception of the role of women in Canadian society She suggests that the role for women proposed by the early immigrants was an appropriate choice for the Canadian frontier regardless of the location and nature of that frontier

A Woman's View Jeanine Basinger, 1995-06-23 In this highly readable and entertaining book, Jeanine Basinger shows how the woman's film of the 30s, 40s, and 50s sent a potent mixed message to millions of female moviegoers. At the same time that such films exhorted women to stick to their proper realm of men, marriage, and motherhood, they portrayed, usually with relish, strong women playing out liberating fantasies of power, romance, sexuality, luxury, even wickedness. Basinger examines dozens of films, whether melodrama, screwball comedy, musical, film noir, western, or biopic, to make a persuasive case that the woman's film was a rich, complicated, and subversive genre that recognized and addressed, if covertly, the problems of women.

Memoirs of an American Lady Anne MacVicar Grant, 2019-12-19 In *Memoirs of an American Lady*, Anne MacVicar Grant offers an evocative and richly textured account of life in early 19th-century America, presenting a unique and deeply personal narrative that intertwines historical events with the intimate experiences of her protagonist. The book is characterized by its lyrical prose and vivid descriptions, allowing readers to immerse themselves in the cultural and social mores of the time. Grant's work is situated within the realm of sentimental literature, embodying themes of nostalgia and domesticity while also critiquing the societal norms that define women's roles. As a reflective memoir, it serves not only as a personal history but also as a commentary on the broader American landscape during a period of significant transformation. Grant, a Scottish-born writer and poet who relocated to America with her family, which profoundly shaped her perspective and inspired her literary endeavors. Her experiences as an immigrant, coupled with her keen observations of American life and its interplay with British expectations, inform the narrative's depth and authenticity. Writer's Imagination Mary Suzanne Schriber,2021-10-21 The concept of woman as having a distinctive nature and requiring a separate sphere of activity from that of man was pervasive in the thinking of nineteenth century Americans So dominant was this horizon of expectations for woman that the imaginations of our finest novelists were often subverted even as they attempted to expand the possibilities for women through their fiction Selecting five American writers James Fenimore Cooper Nathaniel Hawthorne William Dean Howells Henry James and Edith Wharton Schriber traces the impact of cultural expectations for woman on the art of the novel from the early nineteenth century through the advent of Modernism The novels of Cooper and Hawthorne exemplify the male imagination at work before the concept of woman s nature and sphere became burning issues as they did later in the century Howells while attempting to expand woman s sphere in his fiction in response to feminist challenges in fact demonstrates the recalcitrance of a priori ideas James provoked rather than subverted by the ideology of gender was able to bend the culture s myopia to his own artistic purposes Wharton s novels in contrast

document the female imagination seeking aesthetic solutions to the problems of women rather than to woman as problem Wharton constructs versions of female experience that were either invisible or anathema to her male counterparts Schriber's discussion centers on those points in each text at which the culture's horizon of expectations drives the decisions and choices of the artist sometimes to the benefit and sometimes at the expense of craft Making full use of gender as a category of literary analysis she recovers the meanings intended by the texts for audiences of their own time and distinguishes those meanings from their significance for modern readers Original in its methodology and insights *Gender and the Writer's Imagination* provides a model for future literary studies John W. Charlotte Perkins Gilman and a Woman's Place in America Jill Bergman, 2017-02-07 Charlotte Perkins Gilman and a Woman's Place in America probes how depictions of space confinement and liberation establish both the difficulty and necessity of female empowerment Turning Victorian notions of propriety and a woman's place on its ear this essay collection studies Gilman's writings and the manner in which they push back against societal norms and reject male dominated confines of space The contributors present readings of some of Gilman's most significant works By examining the settings in *The Yellow Wallpaper* and *Herland* for example the volume analyzes Gilman's construction of place her representations of male dominance and female subjugation and her analysis of the rules and obligations that women feel in conforming to their assigned place the home Additionally this volume delineates female resistance to this conformity Contributors highlight how Gilman's narrators often choose resistance over obedient captivity breaking free of the spaces imposed upon them in order to seek or create their own habitats Through biographical interpretations of Gilman's work that focus on the author's own renouncement of her natural role of wife and mother contributors trace her relocation to the American West in an attempt to appropriate the masculinized spaces of work and social organization
