A. Williams, 2011-09-29 Seamus O'Rourke's obsession with a girl he discovers on You Tube turns into love when Fiona MacKenzie turns up on his Midwestern campus While the sixty ve year old Irishman's pursuit of this twenty year old folk singer is against all reason rhyme does play its role Seamus is adept at wielding poetry as well as music art gourmet meals and ne wine in his campaign for the heart of his green eyed auburn haired beauty Fiona is haunted by the earlier death of her Scottish father and by the resulting loneliness which she tries to hide beneath her usually self con dent exterior She tries to keep from being overwhelmed by Seamus larger than life personality Gradually however her skeptical common sense gives way before the onslaught of this unreconstructed Irish Romantic During their brief months together this age crossed pair discovers that romance is a tightrope strung between incomprehension and farce As told through a his her

dual narrative these two head strong and highly articulate individuals continuously collide often comically as they struggle to comprehend the nature of their love In spite of moments of often bawdy comedy questions of love age loss and death thread their way through the story As Fiona observes What strange ways love has of going about her business CALADRIUS Edward Andrews,2024-12-12 The book was written because of the love and belief of my wife We were sitting around one day and I told her about this dream I had and how it continued for several days I felt that it was some kind of a sign but I didn't know what She told me that since I had written several other books that I was in the process of updating and changing because they were out of date from when they were originally written that I needed to write these thoughts down I thought about it and she was right I started to write down the dream and in less than a month I had everything on paper She read it and after making minor changes she thought it was a great read I had to think about some of the things I wrote to bring some characters more to life and then the research started into this unknown entity to most of us called space So for the love of my life I wrote this dream and decided to make it my first entry into the world of being an author Hopefully my other books already completed will follow *Elijah and Sabrina* Philip Patrick,2019-05-28 Before they became guardians he was a troubled boy trying to search for happiness again after dealing with so much sorrow and she was an innocent girl facing reality for the first time just when she thought life was perfect Little did they know that their paths were about to cross and form a connection that would change their lives Five years before Kingdom Guardians Elijah Khoda meets Sabrina Clarin in the seventh grade It's a point in their lives where the world that they knew as kids has grown bitter and diminishes their hopes and courage Drama forces them to tolerate when they would rather live a normal life and have fun With no choice but to let reality run its course they soon meet each other and a friendship is born one that Elijah has never experienced before as certain feelings begin to develop After living through rough days he discovers there is beauty to life It all comes in different forms and it's all because of her Sabrina accepts her new home in Burns Lake but in her mind it's a refuge after what happened something she refuses to even talk about Just as Elijah and Sabrina realize the difference they made in each other's lives problems from the past still tamper with their emotions Meeting a girl with strong affection is all new to Elijah while Sabrina like never before had to face a strong entity Can they still maintain a singular friendship while dealing with internal conflict Elijah and Sabrina is a heartfelt drama about growing up It's a story about discovering a new part of life just when you thought it had nothing else to offer and it's about overcoming your fears as you accept the reality of that day and age Before inheriting powers they had each other Swimming With Dolphins Catriona Travers, **The Mammoth Book of How it Happened: World War II** Jon E.
