Memoir by Henry Goldring (2018 Edition) Henry Goldring, 2018-12-10 UNBELIEVABLE was first published in 2010 It was the second in what is now a trilogy of memoirs first being a one person autobiographical musical titled AND NOW FOR MY NEXT LIFE which was presented in Los Angeles at The Zephyr Theatre in 1992 The second is this book And now a third offering a new 5 character musical titled UNBELIEVABLE but true which is at this printing in the beginning stages of production The most difficult part of writing my life story in any form is acknowledging there is no logical ending because my journey is ongoing But what has ended is my search for resolution or closure Closing a book and slamming a door doesn't make the hurt go away It forces you to write a new chapter or enter a new room It is called evolving One specific benchmark of my evolution was changing my name from Steven Henry Goldring to Henry Goldring I never liked Steven with its sibilant s Sissy Steve connotation And because my grandfather and namesake Henry Perilstein was truly the one person in my world

who showed me unconditional love deleting the source of childhood bullying and honoring my grandfather was a tangible path forward And finally accepting the deep seated truth of who I am has set me free As you read this 2nd Edition of the 2nd Installment please remember JUST BECAUSE I M DIFFERENT FROM YOU DOESN T MEAN I M NOT NORMAL TOO I MUST REALIZE THERE S NO TRUTH IN DISGUISE I MUST BE TRUE TO MY HEART MY FRAGILE BROKEN PERFECT HEART

Hyslop,2019-07-23

California s early history was both colorful and turbulent After Europeans first explored the region in the sixteenth century it was conquered and colonized by successive waves of adventurers and settlers In *Contest for California* award winning author Stephen G Hyslop draws on a wide array of primary sources to weave an elegant narrative of this epic struggle for control of the territory that many saw as a beautiful sprawling land of promise In vivid detail Hyslop traces the story of early California from its founding in 1769 by Spanish colonists to its annexation in 1848 by the United States He describes the motivations and activities of colonizers and colonized alike Using eyewitness accounts he allows all participants Native American Spanish Mexican and Anglo American to have their say Soldiers settlers missionaries and merchants testify to the heroic and commonplace the colorful and tragic in California s pre American history Even as he acknowledges the dark side of this story Hyslop avoids a simplistic perspective Moving beyond the polarities that have marked late twentieth century California historiography he offers nuanced portraits of such controversial figures as Jun pero Serra and treats the Californios and their distinctive Hispanic culture with a respect lacking in earlier histories Attentive to tensions within the invading groups priests and the military during the Spanish era merchants and settlers during the American era he also never loses sight of their impact on the original inhabitants of the region California s Native peoples He also recounts the journeys of colonists from Russia England and other countries who influenced the development of California as it passed from the hands of Spaniards and Mexicans to Americans Exhaustively researched yet concise this book offers a much needed alternative history of early California and its evolution from Spanish colony to American territory *Murderabilia* Carl Vonderau,2019-07-08 Winner of 2020 Lefty Award for Best Debut Mystery Novel When you re the son of a serial killer you can never escape your past William MacNary was eight years old when his father went to prison Since then he s carefully built a life as a family man and a private banker for the wealthy He tries to forget that his father dismembered and photographed thirteen women And he tries to forget those exquisitely composed photos of severed hands heads and feet that launched the murderabilia art market William has not spoken to his father for thirty one years No one at his tony bank knows whose son he is Not until his wife s colleague is murdered and carved up in the same way his father would have done it All the evidence points to William And only one person can understand the copycat killer the monster William hasn t seen since he was a child Praise *Murderabilia*
