## **Gold Camp Drifter 1906 1910:**

*Gold-camp Drifter, 1906-1910* Emmett L. Arnold, 1973      **Historic Resource Study, a History of Mining in Death Valley National Monument** Linda W. Greene, 1981      **Jews in Nevada** John P. Marschall, 2011-03-28 Jews have always been one of Nevada's most active and influential ethnic minorities. They were among the state's earliest Euro American settlers and from the beginning they have been involved in every area of the state's life as businessmen, agrarians, scholars, educators, artists, politicians, and civic, professional, and religious leaders. Jews in Nevada is an engaging, multilayered chronicle of their lives and contributions to the state. Here are absorbing accounts of individuals and families who helped to settle and develop the state as well as thoughtful analyses of larger issues such as the reasons Jews came to Nevada, in the first place how they created homes and interacted with non-Jews and how they preserved their religious and cultural traditions as a small minority in a sparsely populated region.

**George Wingfield** C. Elizabeth Raymond, 2013-09-15 Banker, hotel owner, and political powerhouse George Wingfield was a significant figure in Nevada history. He was influential in developing Reno's gambling and divorce-related tourism. Raymond's biography depicts the man and his times from his birth in Arkansas in 1876 until his death in Reno in 1959. Wilbur S. Shepperson, Series in History and Humanities.

**Death Valley and the Amargosa** Richard E. Lingenfelter, 1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies. It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains, from the Palmettos to the Avawatz. And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument. This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued; the story of the metals in its mountains and the salts in its sinks, of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore; the story of Indians and horse thieves, lost argonauts and lost mine hunters, prospectors and promoters, miners and millionaires, stockholders and stock sharps, homesteaders and hermits, writers and tourists. But mostly this is the story of the illusions, the illusions of a shortcut to the gold diggings that lured the forty-niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty. These and many lesser illusions are the heart of its history.

**Comstock Women** Ronald M. James, C. Elizabeth Raymond, 1997-12-01 When it comes to Nevada history, men get most of the ink. *Comstock Women* is a collection of 14 historical studies that helps to rectify that reality. The authors of these essays, who include some of Nevada's most prominent historians, demographers, and archaeologists, explore such topics as women and politics, jobs and ethnic groups. Their work goes far in refuting the exaggerated popular images of women in early mining towns as dance hall girls or prostitutes. Relying primarily on newspapers, court decisions, census records, as well as sparse personal diaries and records left by the women, the essayists have resurrected the lives of the women who lived on the Comstock during the boom.
