Call Me Babagbose Damola Taiwo, 2013-05-23 My new book tells us how the animal affects one's nature, atmospheric condition. These animals are the termites, insects, bees, ants, spiders, etc. The actual name I used for my main character is known as Baba Bose. However, I decided to combine the words together, and I added the letter G to the name to make it more unique. It's a great native African name if not changed or combined. It's a masculine name. Baba means father or a big man. Baba O Bose is a feminine name. For example, Baba Bose, The Father of Bose. However, it varies on how it is used.

ABOUT THE CHARACTER Babagbose has that characteristics of having pride and appreciation towards whatever comes around him. Although he went through so many consequences, and that made him stronger to withstand what was around him. However, he wasn't able to face everything that he encountered. He was getting familiar with the creative environment.

The Art Business Jeffrey Taylor, 2023-09-29 This book provides a comprehensive overview of the professional activities of the art business. Addressing this fast-moving industry, *The Art Business: Art World Art Market* analyses the sector's institutions and structures, including galleries, auction houses, and art fairs. The rapid development of art finance and its deployment of art as an asset class are covered, and up-to-the-moment observations are delivered on the quickly evolving auction system that includes dramatic changes at the major auction houses, Sotheby's and Christie's. This edition highlights growing crises in the market, including the ever more unbearable costs of art fair attendance and the lack of a reliable system for establishing ownership and title of artworks. Ever more pressing ethical issues, such as toxic museum donors, cultural heritage compliance, and problems of corrupt provenances, are explored in detail. Enhanced by new data analytics on the US art market, the author also distils advice and guidance for working art professionals hoping to build their careers. The result is an up-to-date picture of an art business suitable for students and practitioners across the creative sector.
