# GOLDEN DONORS

A New Anatomy of the Great Foundations

Waldemar A. Nielsen

## Golden Donors

**Sharna Goldseker, Michael Moody**

## **Golden Donors:**

*Golden Donors*, 2001-11-01 The world of the golden donors the rich and influential philanthropic foundations is quite likely the least known and yet most pervasive of all the invisible money and power networks in America Nielsen explores the 36 largest of the 22 000 currently active foundations He takes the reader inside each of the giants to analyze its people policies and performance From the most famous Ford and MacArthur to the most obscure Mabee and Moody the author lets in daylight and lets out the bats as well as the butterflies Golden Donors is a journey through 36 fiefdoms each of which controls upwards of 250 million dollars beyond the reach of the IRS in order to encourage medical research support cultural and artistic endeavors and not least to buttress immensely expensive educational institutions Which of the great foundations in recent years have been spectacular successes and which are failures Is today s leadership in the third stream economy equal to the task Are foundations seedbeds or killing grounds of new social and political ideas And what is the federal government and a variety of administrations doing to help or harm this new economy Nielsen provides many surprising and some quite startling answers for the millions of Americans whose lives the golden donors directly or indirectly affect When Golden Donors first appeared A Bartlett Giamatti praised it as an historical guide a shrewd critique and an impassioned warning This remarkable book on the nation s largest foundations must be read by anyone concerned with America s unique not for profit sector and the quality of our national life Kingman Brewster saw the book as a revealing mirror held up to the faces of big philanthropy a must book for foundation creators and leaders Thornton F Bradsahw said Golden Donors describes the large American foundations what they are how they got that way and wherein lies their strength and their potential The book is wise witty and perceptive indispensable reading Waldemar A Nielsen was born in Pennsylvania educated in Missouri and was a Rhodes Scholar at Oxford University He served as a naval officer diplomat expert on Africa foundation officer and trustee and foreign affairs analyst He has written for The New Yorker Harper s and other publications A leading counselor on philanthropy policy Nielsen has advised a number of present and former clients including John D Rockefeller 3rd J Paul Getty and Robert O Anderson as well as major corporations and foundations [Golden Donors](#)

Waldemar A. Nielsen, 2017-07-12 The world of the golden donors the rich and influential philanthropic foundations is quite likely the least known and yet most pervasive of all the invisible money and power networks in America Nielsen explores the 36 largest of the 22 000 currently active foundations He takes the reader inside each of the giants to analyze its people policies and performance From the most famous Ford and MacArthur to the most obscure Mabee and Moody the author lets in daylight and lets out the bats as well as the butterflies Golden Donors is a journey through 36 fiefdoms each of which controls upwards of 250 million dollars beyond the reach of the IRS in order to encourage medical research support cultural and artistic endeavors and not least to buttress immensely expensive educational institutions Which of the great foundations in recent years have been spectacular successes and which are failures Is today s leadership in the third stream economy

equal to the task Are foundations seedbeds or killing grounds of new social and political ideas And what is the federal government and a variety of administrations doing to help or harm this new economy Nielsen provides many surprising and some quite startling answers for the millions of Americans whose lives the golden donors directly or indirectly affect When Golden Donors first appeared A Bartlett Giamatti praised it as an historical guide a shrewd critique and an impassioned warning This remarkable book on the nation s largest foundations must be ready by anyone concerned with America s unique not for profit sector and the quality of our national life Kingman Brewster saw the book as a revealing mirror held up to the faces of big philanthropy a must book for foundation creators and leaders Thornton F Bradsahw said Golden Donors describes the large American foundations what they are how they got that way and wherein lies their strength and their potential The book is wise witty and perceptive indispensable reading **Golden Donors?** Waldemar A. Nielsen,1986-07-01

**Proceedings and Papers of the ... Annual Meeting of the Oregon State Horticultural Society** Oregon State Horticultural Society,1909 **Generation Impact** Sharna Goldseker,Michael Moody,2017-09-08 An insider s guide to the coming philanthropic revolution Meet the next generation of big donors the Gen X and Millennial philanthropists who will be the most significant donors ever and will shape our world in profound ways Hear them describe their ambitious plans to revolutionize giving so it achieves greater impact And learn how to help them succeed in a world that needs smart effective donors now more than ever As next gen donors step into their philanthropic roles they have not only unprecedented financial resources but also big ideas for how to wield their financial power They want to disrupt the traditional world of charitable giving and they want to do so now not after they retire to a life of philanthropic leisure Generation Impact pulls back the curtain on these rising leaders and their Impact Revolution offering both extensive firsthand accounts and expert analysis of the hands on boundary pushing unconventional strategies next gen donors are beginning to pursue This fascinating book also shows another side of the donors in Generation Impact they want to respect the past even as they transform the future They are determined to honor the philanthropic legacies and values they ve inherited by making big giving more effective than ever before If they succeed they can make historic progress on causes from education to the environment from human rights to health care Based on years of research and close engagement with next gen donors Generation Impact offers a unique profile of the new faces of philanthropy Find out directly from them How they want to revolutionize giving to expand its positive impact on our lives and our communities Which causes interest them how they want to engage with those causes and perhaps more important how they do not want to engage Which new tools and strategies for change excite them most What they are learning from previous generations and what they want to bring to their work alongside those generations How we can all ensure their historic potential is channeled in ways that make our world better The Impact Revolution will be messy but it could also result in solutions for some of our most persistent problems Generation Impact offers targeted practical advice to parents families and their advisors as well as nonprofit professionals those who work closest with these next gen

donors on how to engage nurture and encourage them as they reshape major giving and make their mark on history Help them channel their enthusiasm and their wealth to make the most positive difference in a world with such great need The Limits Of Social Cohesion Peter L. Berger,2018-03-05 Normative conflicts center on fundamental disagreements over issues of public morality and the identity of a society In thinking about normative conflicts on a global scale two principal questions arise First are there common characteristics of such conflicts worldwide Second which institutions polarize such conflicts and which can serve to mediate them This pathbreaking book edited by renowned sociologist Peter Berger examines both questions through findings gained from a study of normative conflicts in eleven societies located in different parts of the world and at different levels of economic development On both points the findings have proved surprising Although there are of course normative conflicts peculiar to individual societies two features emerged as common to most of the societies examined one concerns disputes over the place of religion in the state and in public life the other is a clash of values between a cultural elite and the broad masses of the population Often the two features coincide For instance in many countries the elite is the least religious group within the population and therefore resentments against the elite are often mobilized under religious banners On the institutional question the study started out with a bias toward the institutions of so called civil society that is the institutions that stand between the personal life of individuals and the vast mega structures of a modern society The finding is that the same institutions can either polarize or mediate normative conflicts The conclusion suggests one must ask not just what sort of institutions one looks to for social cohesion but what ideas and values inspire these institutions Comprising reports from some of the leading scholars dealing with normative conflict this book is an important contribution to understanding the cultural fault lines that threaten social cohesion **American Philanthropic**

**Foundations** David C. Hammack,Steven Rathgeb Smith,2018-04-16 Once largely confined to the biggest cities in the mid Atlantic and Great Lakes states philanthropic foundations now play a significant role in nearly every state Wide ranging and incisive the essays in American Philanthropic Foundations Regional Difference and Change examine the origins development and accomplishments of philanthropic foundations in key cities and regions of the United States Each contributor assesses foundation efforts to address social and economic inequalities and to encourage cultural and creative life in their home regions and elsewhere This fascinating and timely study of contemporary America s philanthropic foundations vividly illustrates foundations commonalities and differences as they strive to address pressing public problems **Innovative**

**Health Partnerships** Daniel Low-Beer,2011 Over the last ten years the financing and diversity of new players in global health have increased significantly Ten years ago it would have been difficult to predict some of these changes OCo Bill Gates programming global health rather than software NGOs formally governing a US 20 billion health fund WHO convening a range of partnerships financial markets launching bonds to support vaccines This volume assesses the range of innovative partnerships which are now near the heart of health diplomacy It then describes the negotiations to integrate new players

into development which has changed health governance at global and country level The chapters represent unique and concrete perspectives on these issues OCo from activists private sector country ministers of health district health workers multilaterals and those working in these partnerships OCo from the global right down to the community level

**Philanthropic Foundations, Public Good and Public Policy** Diana Leat,2016-06-10 This book discusses a series of related but independent challenges faced by philanthropic foundations drawing on international contemporary and historical data Throughout the world private philanthropic foundations spend huge sums of money for public good while the media policy makers and the public have little understanding of what they do and why Diana Leat considers the following questions Are philanthropic foundations more than warehouses of wealth Where does foundation money come from and is there a tension between a foundation s ongoing sources of income and its pursuit of public good How are foundations regulated and held accountable in society Is there any evidence that foundations are effective in what they do Is it possible to have too much philanthropy In posing these questions the book explores some of the key tensions in how foundations work and their place in democratic societies

*Foundations for Social Change* Daniel Faber,Deborah McCarthy Auriffeille,2005-09-01 This multi disciplinary collection blends broad overviews and case studies as well as different theoretical perspectives in a critique of the relationship between United States philanthropic foundations and movements for social change Scholars and practitioners examine how these foundations support and or thwart popular social movements and address how philanthropic institutions can be more accountable and democratic in a sophisticated provocative and accessible manner Foundations for Social Change brings together the leading voices on philanthropy and social movements into a single collection and its interdisciplinary approach will appeal to scholars students foundation officials non profit advocates and social movement activists

**Fundraising Principles and Practice** Adrian Sargeant,Jen Shang,2024-04-30 Adopt an organized approach to fundraising planning In it s third edition Fundraising Principles and Practice is a unique resource for students and professionals seeking to deepen their understanding of fundraising in the current nonprofit environment Based on emerging research in economics psychology social psychology and sociology this book comprehensively analyzes the factors that impact the fundraising role in the nonprofit sector Readers will explore donor behavior decision making and social influences on giving Building upon that background authors Adrian Sargeant and Jen Shang then describe today s fundraising methods tools and practices A robust planning framework helps you set objectives formulate strategies create a budget schedule and monitor activities with in depth guidance on assessing and fine tuning your approach With updated case studies and examples this book helps you develop a concrete understanding of the theory and principles of fundraising A companion website offers additional opportunity to deepen your learning and assess your knowledge Updates to this Third Edition include the latest research and new content in rapidly changing areas of fundraising such as digital and social media Learn the common behaviors and motivations of donors Master the tools and practices of nonprofit fundraising Manage volunteers

monitor progress evaluate events and more Fundraising Principles and Practice provides working nonprofit professionals as well as postgraduate students studying fundraising with a comprehensive guide to all aspects of the field including in depth coverage of today s most effective approaches *Extravagance and Misery* Alan Thomas,Professor Department of Philosophy Alan Thomas,Alfred Archer,Associate Professor Tilburg Center for Moral Philosophy Epistemology and Philosophy of Science (Tilps) Alfred Archer,Associate Professor Tilburg Center for Moral Philosophy Epistemology and Philosophy of Science (Tilps) Bart Engelen,Bart Engelen,2024-11-05 Extravagance and Misery discusses the economic inequalities that characterize capitalist societies What causes these inequalities Why are they unfair Do they make us unhappy and if so why Which stories do we tell each other about those inequalities and why do these stories help perpetuate them What role do emotions such as shame amongst the poor and envy and admiration for the rich play The authors draw on insights from philosophers economists psychologists and other scientists to explain the structural mechanisms underlying inequality and the impact it has on our well being and happiness The result is an explanation of the emotional regime that characterizes our capitalist societies and that perpetuates the unfair gap between the extravagance of the rich and the misery of the poor Finally Extravagance and Misery proposes how to re shape this emotional regime in the interests of justice and solidarity

*Managing Nonprofit Organizations in a Policy World, Second Edition* Shannon Vaughan,Shelly Arsneault,2021-07-01 Connecting everyday management skills to the policy world this foundational textbook sheds new light on how nonprofit managers can better navigate policymaking and regulatory contexts to effectively lead their organizations While it covers all of the nuts and bolts what sets this book apart is how everyday management is tied to the broader view of how nonprofits can thrive within the increasingly intertwined public private and not for profit sectors The Second Edition includes updated discussions of coronavirus and pandemic related policy implications regulations sector statistics and social media fundraising new and updated case studies and a new chapter on Philanthropy and Foundations [International Encyclopedia of Civil Society](#) Helmut K. Anheier,Stefan Toepler,2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field *Generations of Giving* Kelin E. Gersick,Deanne Stone,National Center for Family Philanthropy (U.S.),2004-01-01 Using detailed and comprehensive analysis Generations of

Giving Leadership and Continuity in Family Foundations examines continuity and leadership over time within family foundations Based upon a study of foundations in the United States and Canada that have survived through at least two generations the authors ask probing questions including Why were the foundations started What did they look like at the beginning How did the families of the founders come to be involved And how did they organize themselves to do their work from year to year decade to decade Although the foundations in the study are quite diverse in their goals and management they have all had to confront and survive a common set of challenges At the core of this volume is the study of two aspects of philanthropy funding and volunteers\_ each essential to the survival of a foundation This study is about the why and the how of these two crucial aspects The authors give a truly unique perspective which serves as a powerful tool for readers as they address the specific situations of their own foundations A thorough and powerful work Generations of Giving Leadership and Continuity in Family Foundations demands that we must not only appreciate philanthropy but we must also increase our understanding so that we can do it better A co publication with the National Center for Family Philanthropy **Guide to U.S. Foundations, Their Trustees, Officers, and Donors** ,2006 The New Leviathan David Horowitz, Jacob

Laksin,2012-06-12 At a time when the national political debate is about inequality and fairness bestselling author David Horowitz and coauthor Jacob Laksin have written an unsettling book about the distribution of power in America Thoroughly researched and amply documented The New Leviathan over turns the conventional wisdom about which end of the political spectrum represents the rich and powerful and which represents the people The Democratic Party presents itself to the electorate as the party of working families and the poor In the 2000 election campaign Democrat Al Gore ran on the slogan The People vs the Powerful while President Obama describes himself as a grassroots organizer and a spokesman for fairness and progressive change Such is the world of political myth In reality the Democrats and the Obama progressives represent the richest and most powerful political machine in American history Backed by a near trillion dollar treasury in America's oldest and largest tax exempt foundations progressives outspend conservatives by a factor of seven to one In The New Leviathan David Horowitz and Jacob Laksin examine this growing financial power of left wing organizations and politicians They show how left wing foundations under wrote the political career of Barack Obama and how massive funding advantages for progressive proposals have disenfranchised American voters and shifted the national policy debate dramatically to the left The New Leviathan draws connections between the Obama administration and progressive organizations from labor unions to media outlets to nonprofits to political groups and shows how on key policy fronts national security immigration citizenship environment and health care the sheer force of left wing financial resources has reconfigured the nation's political agenda

Funding the Future Alison R. Bernstein,2013-12-16 In an era of declining state support for colleges and universities the role of private philanthropy in helping to shape the future direction of higher education has become even more crucial and significant than in the past Knowing about philanthropy's historic influence on higher education and what philanthropy

currently prioritizes is now virtually a prerequisite for presidents and academic leaders in both public and private institutions This book discusses the complex relationship of philanthropy to higher education both in historic perspective and in the present It is not a primer on how to write a successful grant Rather it provides a road map for understanding philanthropy s influence on American higher education It will be of interest to academic leaders advancement professionals students of higher education and philanthropy and others concerned with the future of colleges and universities

**Putting Wealth to Work** Joel L. Fleishman, 2017-09-26 By 2025 Americans will likely be donating over half a trillion dollars annually to nonprofit organizations Those philanthropic gifts will transform significant parts of America s civic sector landscape Philanthropy is entering an era of unprecedented growth and innovation Established foundations such as Ford and Rockefeller are doubling down on programs tackling long simmering problems including global inequality less than stellar education and uneven access to health care Many foundations are engaging in advocacy on controversial issues exploring venture philanthropy solutions and experimenting with impact investing And philanthropists such as Bill Gates Warren Buffett New York s high profile financiers and Silicon Valley s billionaires are planning to put their wealth to work as never before Mark Zuckerberg and Priscilla Chan recently pledged to donate 99 percent of their Facebook shares during their lifetimes and nearly 150 others have signed the Giving Pledge to increase dramatically their giving while living In *Putting Wealth to Work* Joel L. Fleishman provides expert analysis of contemporary philanthropy offering invaluable insight for those engaging with and affected by charitable foundations This is the fascinating and definitive account of philanthropy today and an indispensable guide to understanding its inner workings impact and expansive potential

*Empowered Girls* Frances A. Karnes, Kristen R. Stephens, 2005 *Empowered Girls* is a hands on guide for girls looking to take an active leadership role in their school and community The book offers step by step suggestions for active involvement and leadership Additionally it includes profiles of and advice from girls who are making a difference in the lives of others It s all here sage advice to girls seeking to become positive activists profiles of girls who are involved in leading their community and resources that range from funding sources to organizations that are seeking volunteers Book jacket

## Enjoying the Melody of Phrase: An Emotional Symphony within **Golden Donors**

In some sort of taken by displays and the ceaseless chatter of immediate communication, the melodic splendor and psychological symphony produced by the prepared term usually disappear in to the back ground, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Golden Donors** a wonderful fictional value full of raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that fascinating masterpiece conducts visitors on an emotional trip, well unraveling the hidden songs and profound influence resonating within each cautiously constructed phrase. Within the depths of the moving analysis, we will examine the book is key harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
