**Herd Register** American Jersey Cattle Club, 1925      **Exile, Diaspora, and Return** Luis Roniger, Leonardo Senkman, Saúl Sosnowski, Mario Sznajder, 2018 Machine generated contents note Preface Chapter 1 Exile and Post Exile in Analytical Perspective Chapter 2 Escape Deportation and Exile The Contours of Institutionalized Exclusion Chapter 3 Exile and Diaspora Politics Mobilizing to Undo Exclusion Chapter 4 Diaspora and Home Country Initiatives Transnational Networks and State Policies Chapter 5 Surviving Authoritarianism Contributing to the Agenda of Democratization Chapter 6 Undoing Exile Remembering Imagining Envisioning Chapter 7 The Transformational Role of Culture and Education Impacting the Future Chapter 8 Shifting Frontiers of Citizenship Conclusions About the Authors Index      **Herd Register of the American Jersey Cattle Club**, 1920      **Cuban Exiles in Florida** Antonio Jorge, Jaime Suchlicki, Adolfo Leyva de Varona, 1991-01-01      **By Heart/de Memoria** María de los Angeles Torres, 2003 In this moving account of the Cuban Revolution and its aftermath eleven women who lived through it as children or young adults recall the events of the last forty years In Torres s words This book which began in Miami looking toward the island ends on the island as it gazes toward the exile community These poets artists and scholars represent each post revolution exile generation Some left Cuba in the Peter Pan airlift some left afterward some never left at all Others like the editor left as children only to return and leave again disillusioned with both the exile community and with Castro s island Together they testify to the powerful intersections of memory politics nation and exile      **What do we do now?** Virgilio Reyes Pineda, 2023-11-30 Where Did We Go Wrong That is the first question In its answer we expose one enigma and four mistakes that led to this disastrous political and economic crisis What Do We Do Now That is the crucial question After we discovered that our crisis was due more to the good that we had failed to do than to the bad that we had done we presented strategic objectives and strategies to overcome the bad and enhance the good This book expresses the hope of a nation that has fallen into a crisis but is repentant and wants to rectify and regain its freedom Venezuelans desire to return to their country instead of being unwanted asylum seekers creating a humanitarian crisis wherever they go However it seems that nothing will change if the insensitive generals admirals do not join in first for they are in power positions supporting the regime They could if they wanted end the crisis and return to the institutions because the soldiers they command as well as their families are the ones who truly experience the struggles and hardships faced by the common people In freedom mothers remain silent when the clarion call of the country cries but in dictatorship their hearts sense that when the moment of truth arrives the general will abandon their soldier son and run to hide in some military museum because of money he reached that rank Chavezism is collapsing and so is the people s psychology for they are no longer afraid In this book the author proposes ideas and solutions to reconceptualize Venezuela      **State Terrorism in Latin America** Thomas C. Wright, 2007 Set in the larger context of the evolution of international human rights this cogent book examines the tragic development and ultimate resolution of Latin America s human rights

crisis of the 1970s and 1980s Thomas Wright focuses especially on state terrorism in Chile under General Augusto Pinochet 1973 1990 and in Argentina during the Dirty War 1976 1983 The author probes the background of these regimes the methodology of state terrorism and the human rights movements that emerged in urgent response to the brutality of institutionalized torture murder and disappearance He also discusses the legacies of state terrorism in the post dictatorial period particularly the bitter battle between demands for justice and the military's claim of impunity Central to this struggle was the politics of memory as two radically different versions of the countries recent history clashed had the militaries conducted legitimate wars against subversion or had they exercised terrorism based on a misguided concept of national security The book offers a nuanced exploration of the reciprocal relationship between state terrorism and its legacies on one hand and international human rights on the other When the Chilean and Argentine militaries seized power the international human rights lobby was too weak to prevent the massive toll of state terrorism But the powerful worldwide response to these regimes ultimately strengthened international human rights treaties institutions and jurisprudence paving the way for the Rwanda and Yugoslavia genocide tribunals and the International Criminal Court Indeed Chile and Argentina today routinely try and convict former repressors in their own courts This compelling history demonstrates that the experiences of Chile and Argentina contributed to strengthening the international human rights movement which in turn gave it the influence to affect the outcome in these two South American countries Ironically the brutal regimes of Chile and Argentina played the major role in transforming a largely dormant international lobby into a powerful force that today is capable of bringing major repressors from anywhere in the world to justice These intertwined themes make this book important reading not only for Latin Americanists but for students of human rights and of international relations as well

**Momentous Mobilities** Noel B. Salazar, 2018-07-20 Grounded in scholarly analysis and personal reflection and drawing on a multi sited and multi method research design *Momentous Mobilities* disentangles the meanings attached to temporary travels and stays abroad and offers empirical evidence as well as novel theoretical arguments to develop an anthropology of mobility Both focusing specifically on how various societies and cultures imagine and value boundary crossing mobilities elsewhere and drawing heavily on his own European lifeworld the author examines momentous travels abroad in the context of education work and spiritual quests and the search for a better quality of life

*The Country Gentleman*, 1911 **The American South in a Global World** James L. Peacock, Harry L. Watson, Carrie R. Matthews, 2006-03-13 Looking beyond broad theories of globalization this volume examines the specific effects of globalizing forces on the southern United States Eighteen essays approach globalization from a variety of perspectives addressing such topics as relations between global and local communities immigration particularly of Latinos and Asians local industry in a time of globalization power and confrontation between rural and urban worlds race ethnicity and organizing for social justice and the assimilation of foreign born professionals From portraits of the political and economic positions of Latinos in Miami and Houston to the effects of mountaintop removal on

West Virginia communities these snapshots of globalization across a broad southern ground help redirect the study of the South in response to how the South itself is being reshaped by globalization in the twenty first century Contributors Catherine Brooks Morristown New Jersey David H Ciscel University of Memphis Thaddeus Countway Guldbrandsen University of New Hampshire Carla Jones University of Colorado Boulder Sawa Kurotani University of Redlands Redlands Cal Paul A Levengood Virginia Historical Society Carrie R Matthews University of North Carolina at Chapel Hill Bryan McNeil University of North Carolina at Chapel Hill Marcela Mendoza University of Memphis Donald M Nonini University of Toronto James L Peacock University of North Carolina at Chapel Hill Barbara Ellen Smith University of Memphis Jennie M Smith Berry College Mount Berry Ga Sandy Smith Nonini University of Toronto Ellen Griffith Spears Emory University Gregory Stephens University of West Indies Mona Steve Striffler University of Arkansas Ajantha Subramanian Harvard University Meenu Tewari University of North Carolina at Chapel Hill Lucila Vargas University of North Carolina at Chapel Hill Harry L Watson University of North Carolina at Chapel Hill Rachel A Willis University of North Carolina at Chapel Hill

*Modern Argentine Poetry* Ben Bollig, 2011-06-15 This book is the first to focus specifically on the exile poetry link in the case of Argentina since the 1950s Throughout Argentina s history authors and important political figures have lived and written in exile Thus exile is both a vital theme and a practical condition for Argentine letters yet conversely contemporary Argentina is a nation of immigrants from Europe and the rest of Latin America Poetry is often perceived as the least directly political of genres yet political and other forms of exile have impinged equally on the lives of poets as on any group This study concentrates on writers who both regarded themselves as in some way exiled and who wrote about exile This selection includes poets who are influential and recognised but in general have not enjoyed the detailed study that they deserve Alejandra Pizarnik Juan Gelman Osvaldo Lamborghini Nestor Perlongher Sergio Raimondi Cristian Aliaga and Washington Cucurto

*Flight from Chile* Thomas Wright, Rody Oñate, 2023-08-15 2023 marks the fiftieth anniversary of General Pinochet s coup on September 11 1973 During the wave of mass arrests torture and executions that followed people began fleeing Chile Over the next fifteen years some two hundred thousand Chileans sought exile in countries around the world Out of their anguish and anger come these moving and powerful testimonies of their fractured lives the first oral history of the Chilean diaspora now revised and updated Many who fled had been tortured and they clung to the principle that the dictatorship was an evil that had to be destroyed But their zeal and solidarity with other refugees often failed to sustain families Many marriages collapsed and children lost interest in their native land and culture After civilian rule returned in 1990 many returning exiles felt estranged from a homeland forever changed This timely update of the 1998 collection continues to remind us of the fracturing legacy and enduring oppression of usurpation and authoritarian rule long after its time has passed

Furuseth,Heather A. Smith,2016-12-05 Latinos have emerged as one of the fastest growing ethnic populations in the American South A New South is taking shape in a region where culture and class relations have traditionally been constructed along black white divides and experience absorbing culturally or linguistically foreign immigrants has been limited This book presents a multidisciplinary examination of the impacts and responses across the Southeastern United States to contemporary Latino immigration The rapid and large scale movement of Latinos into the region has challenged old precepts and forced Southerners to confront the impacts of globalization and transnationalism in their daily lives Drawing on theoretical perspectives as well as empirical research the work provides insights into the Latino experience in both urban and rural locales Each chapter is centred on the nexus between the immigrants experiences in settling and adapting to new lives in the American South and the construction of transformed social economic political and cultural spaces
