and specialized oversized load trailers The Badger is the last surviving operational example of a large network of railroad ferries crossing Lake Michigan that had once provided a time saving shortcut for freight shippers bypassing the long circuitous route around the bottom of the lake through Chicago's railyards Today the Badger performs a different role saving time fuel and mileage for regional tourists and cross country travelers and has been designated the continuance route of US Highway 10 Currently under the ownership of Interlake Maritime Services the historic 410 foot long ferry begins its seventh decade of service continuing to bring joy and adventure to new generations of riders as it contributes to the economic vitality of the cities of Ludington and Manitowoc and surrounding regions **Annual Report** Western Australia.
