Ring of Malibur, Complete Novels R. M. Ballantyne, 2022-11-13

R. M. Ballantyne's Complete Novels serves as an expansive collection that encapsulates the author's adventurous spirit and vivid storytelling. Ballantyne, a master of the boys' adventure genre in the 19th century, crafts narratives filled with exploration, maritime exploits, and the interplay of man and nature. His prose is characterized by its energetic pacing, rich descriptions, and a moral undertone that reflects the Victorian ideals of courage, camaraderie, and the quest for knowledge. The collection offers a remarkable window into the period's fascination with far-off lands, showcasing themes of colonialism and the trials of youth against unfamiliar terrains, often with a tinge of exoticism that was prevalent in his time. R. M. Ballantyne was a Scottish author and a chronicler of the British Empire's far-flung adventures, shaped by his own experiences at sea and extensive travels. His upbringing in the Scottish wilderness and a formal education in various subjects, including natural history, fueled his imagination and desire to share tales that both entertained and edified young readers. Ballantyne's experiences with shipwrecks, wildlife, and indigenous cultures inspired his portrayals of heroism and moral dilemmas in the wilderness. For readers seeking exhilarating tales that evoke the timeless themes of adventure and personal growth, Complete Novels is an indispensable addition to their literary collection. This anthology not only captures the essence of youthful exuberance and adventure but also provides critical insights into the societal values and concerns of its era. Whether for casual enjoyment or academic exploration, Ballantyne's narratives remain relevant and engaging, making this collection a treasure trove for enthusiasts of classic literature.

Inventing Baseball Heroes Amber Roessner, 2014-06-09

In Inventing Baseball Heroes, Amber Roessner examines herocrafting in sports journalism through an incisive analysis of the work surrounding two of baseball's most enduring personalities: Detroit Tigers outfielder Ty Cobb and New York Giants pitcher Christy Mathewson. While other scholars have demonstrated that the mythmakers of the Golden Age of Sports Writing (1920-1930) manufactured heroes out of baseball players for the mainstream media, Roessner probes further with a penetrating look at how sportswriters compromised emerging professional standards of journalism as they crafted heroic tales that sought to teach American boys how to be successful players in the game of life. Cobb and Mathewson, respectively,

stereotyped as the game's sinner and saint helped shape their public images in the mainstream press through their relationship with four of the most prominent sports journalists of the time Grantland Rice F C Lane Ring Lardner and John N Wheeler Roessner traces the interactions between the athletes and the reporters delving into newsgathering strategies as well as rapport building techniques and ultimately revealing an inherent tension in objective sports reporting in the era *Inventing Baseball Heroes* will be of interest to scholars of American history sports history cultural studies and communication Its interdisciplinary approach provides a broad understanding of the role sports journalists played in the production of American heroes hollywood's greatest mysteries John Austin,1993-11 Hollywood columnist and author John Austin takes readers well beyond the prepared and doctored statements of studio publicists to expose omissions and contradictions in police and coroners reports Includes information on the deaths of Elvis Marilyn Jean Harlow and more
