Malkowski,2013-12-17 The truth behind ancient myths and

the return of the celestial conditions for a Golden Age of peace and abundance Reveals the events preserved in myth that launched humanity into 12 000 years of struggle selfishness and false beliefs Explores how we can initiate a new Golden Age through ancient Egyptian teachings on the creative power of our imaginations Explains how our world system of economics which benefits a few at the expense of the many arose as a reaction to global catastrophe in prehistory Since the beginning of recorded history humanity has been in a continuous struggle over land and resources It continues today despite the abundance we have created through scientific innovation and technology Why such a struggle for resources exists has never been explained Neither has the human drive to own accumulate and hoard Edward Malkowski reveals that the answer lies in recognizing the reality behind humanity s earliest myths He shows that the opportunity is at hand to transcend these

inherited selfish traits and return to a Golden Age of peace and abundance Malkowski explores the hidden meaning behind stories such as the Epic of Gilgamesh Plato's Atlantis and myths of a new sky and a new sun of great floods and the death of the gods and of the preceding Golden Age He connects these myths to a real extinction event that occurred 12 000 years ago He explains how the survivors our ancestors were catapulted from utopia into a world of scarcity scarring the collective mind of humanity and initiating the struggle for resources in an attempt to regain our lost paradise He shows how our world system of economics focused on ownership and based on the false belief of separateness benefitting a few at the expense of the many arose as a reaction to this catastrophe Drawing on the pre catastrophe teachings preserved by the ancient Egyptians Malkowski reveals that we are returning to a celestial configuration parallel to that of the past Golden Age Through our collective DNA memory and the creative power of our imaginations we can end our 12 000 year quest to regain paradise lost and launch a new Golden Age of unity abundance and equality for all humanity [A Golden Age Economy](#) Kim Andrew Lincoln,2013 Our economic success indeed our success in all things can only be assured if we faithfully follow the Universal Laws of Life the Laws which form the framework of the Universe and that hold it together A Golden Age Economy tells the incredible story of how and why we have an economy that does not work for 99% of people and what was done after the economic crisis to bring unparalleled prosperity to all It unravels a dark history that enables us to see clearly why the world has been designed to fail so that nothing works where there is poverty wickedness and corruption and where everything that once was pure has been perverted and poisoned by the power elite It reveals the evil plans of the fallen ones and unearths many of the mind blowing secrets they have used to enslave the world for thousands of years The book offers workable solutions to the problems it identifies whilst the author explains what we can do to create an economy that eradicates poverty and that will benefit everyone who multiplies their talents without causing harm to each other or our planet It is a blueprint to help a Golden Age economy manifest This expos is a must read for those who have had enough of our present economic problems and who want someone to explain to them what needs to be done to put things right It will also appeal to politicians who care about their constituents students of economics and anyone who wants to know how to bring more abundance material and otherwise into their lives **Reading and Fiction in Golden-Age Spain** B.
