Crime and Illusion Felipe Pereda, 2018 According to

an old historiographic tradition the Spanish Golden Age placed the imitation of nature at the service of religion its radical naturalism responded to the deep faith of that culture and moment Crime Illusion argues the opposite It defends the thesis that the fundamental problem artists of the Golden Age confronted was not imitation but Truth Moreover a large part maybe the best part of Spanish Baroque religious imagery is better understood as a complex exercise in addressing the spectators doubts Hovering on the horizon of an emerging empiricism artists created their images as pieces of evidence arguments for belief Crime Illusion reconstructs and interprets this judicial or forensic aspect of early modern visual culture at the center of a political religious and scientific triangle Finally the book explores the artists skeptical reflection on the problematic relationship of painting and sculpture to the art of truth

The Cristos yacentes of Gregorio Fern?ez Ilenia Col?n Mendoza,2017-07-05 Analyzing seventeenth century images of the dead Christ produced by Gregorio Fern ez author Ilenia Col endoza investigates how and why the artist and his patrons manipulated these images in connection with the religious literature of the time to produce striking images that moved the faithful to devotion In so doing she contributes new findings to the topic of Spanish sacred sculpture The author re examines these sculptures not only in the context of a larger sculptural group but also as independent sculptures that were intended as powerful aids to contemplation and devotion as was prescribed by the writings of San Juan de la Cruz and Luis de Granada Combining study of the sculptural works with that of liturgical sources she reveals the connection between the written word and the sculpted work of art Through this interdisciplinary approach the author links Fern ez s sculptural program with the strategic objectives of major patrons of the period such as the Duke of Lerma and King Philip III of Spain both fervent defenders of the Catholic faith
