**The Destruction of Memory** Robert Bevan, 2007-04-20 Crumbled shells of mosques in Iraq the bombing of British cathedrals in World War II the fall of the World Trade Center towers on September 11 when architectural totems such as these are destroyed by conflicts and the ravages of war more than mere buildings are at stake The Destruction of Memory reveals the extent to which a nation weds itself to its landscape Robert Bevan argues that such destruction not only shatters a nation's culture and morale but is also a deliberate act of eradicating a culture's memory and ultimately its existence Bevan combs through world history to highlight a range of wars and conflicts in which the destruction of architecture was pivotal From Cortez's razing of Aztec cities to the carpet bombings of Dresden and Tokyo in World War II to the war in the former Yugoslavia The Destruction of Memory exposes the cultural war that rages behind architectural annihilation revealing that in this subliminal assault lies the complex aim of exterminating a people He provocatively argues for the fatally intertwined experience of genocide and cultural genocide ultimately proposing the elevation of cultural genocide to a crime punishable by international law In an age in which Frank Gehry I M Pei and Frank Lloyd Wright are revered and yet museums and temples of priceless value are destroyed in wars around the world Bevan challenges the notion of collateral damage arguing that it is in fact a deliberate act of war

**The Solace of Fierce Landscapes** Belden C. Lane, 2007-02-26 In the tradition of Kathleen Norris Terry Tempest Williams and Thomas Merton The Solace of Fierce Landscapes explores the impulse that has drawn seekers into the wilderness for centuries and offers eloquent testimony to the healing power of mountain silence and desert indifference Interweaving a memoir of his mother's long struggle with Alzheimer's and cancer meditations on his own wilderness experience and illuminating commentary on the Christian via negativa a mystical tradition that seeks God in the silence beyond language Lane rejects the easy affirmations of pop spirituality for the harsher but more profound truths that wilderness can teach us There is an unaccountable solace that fierce landscapes offer to the soul They heal as well as mirror the brokenness we find within It is this apparent paradox that

lies at the heart of this remarkable book that inhuman landscapes should be the source of spiritual comfort Lane shows that the very indifference of the wilderness can release us from the demands of the endlessly anxious ego teach us to ignore the inessential in our own lives and enable us to transcend the false self that is ever obsessed with managing impressions Drawing upon the wisdom of St John of the Cross Meister Eckhardt Simone Weil Edward Abbey and many other Christian and non Christian writers Lane also demonstrates how those of us cut off from the wilderness might make some desert in our lives Written with vivid intelligence narrative ease and a gracefulness that is itself a comfort *The Solace of Fierce Landscapes* gives us not only a description but a performance of an ancient and increasingly relevant spiritual tradition **The Next**
