intellectual study of demons and their powers contributed to the prosecution of thousands of witches But how exactly did intellectual ideas relate to prosecutions Recent scholarship has shown that some of the demonologists concerns remained at an abstract intellectual level while some of the judges concerns reflected popular culture This book brings demonology and witch hunting back together while placing both topics in their specific regional cultures. The book s chapters each written by a leading scholar cover most regions of Europe from Scandinavia and Britain through to Germany France and Switzerland and Italy and Spain By focusing on various intellectual levels of demonology from sophisticated demonological thought to the development of specific demonological ideas and ideas within the witch trial environment the book offers a thorough examination of the relationship between demonology and witch hunting Demonology and Witch Hunting in Early Modern Europe is essential reading for all students and researchers of the history of demonology witch hunting and early modern Alabama Gold Peggy Jackson Walls, 2016-07-11 Gold rushes in Cleburne and Tallapoosa Counties attracted thousands of miners years before California's famous strike In 1936 production at the Hog Mountain mine caused Alabama to be recognized as the top producer in the Appalachian states In Hog Mountain's heyday a local German settler discovered the precious metal while digging a wine cellar In Log Pit unscrupulous speculators shot ore into rock crevices and salted nuggets on land to enhance its sale value A Cleburne County miner cleaned over eleven pounds of gold and was killed in a free fight all in one day Join author Peggy Jackson Walls as she traces a century of gold mining in Alabama The Rotarian .1946-12 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine **Japan and American** Children's Books Sybille Jagusch, 2021-06-18 For generations children's books provided American readers with their first impressions of Japan Seemingly authoritative and full of fascinating details about daily life in a distant land these publications often presented a mixture of facts stereotypes and complete fabrications. This volume takes readers on a journey through nearly 200 years of American children's books depicting Japanese culture starting with the illustrated journal of a boy who accompanied Commodore Matthew Perry on his historic voyage in the 1850s Along the way it traces the important role that representations of Japan played in the evolution of children's literature including the early works of Edward Stratemeyer who went on to create such iconic characters as Nancy Drew It also considers how American children's books about Japan have gradually become more realistic with more Japanese American authors entering the field and with texts grappling with such serious subjects as internment camps and the bombing of Hiroshima and Nagasaki Drawing from the Library of Congress s massive collection Sybille A Jagusch presents long passages from many different types of Japanese themed children's books and periodicals including travelogues histories rare picture books folktale collections and boys adventure stories to give readers a fascinating look at these striking texts Published by Rutgers University Press in

association with the Library of Congress The Legends of the Pyramids Jason Colavito, 2021-08-03 Could the Great Pyramid of Giza be a repository of ancient magical knowledge Or perhaps evidence of a vanished pre Ice Age civilization Misinformation and myths have attached themselves to the Egyptian pyramids since ancient Greece and Rome While many Americans believe that the pyramids were built by aliens archaeologists understand that the Giza pyramids were built by the pharaohs of the Fourth Dynasty around 2450 BCE So why is there such a disconnect between scholarly opinion and the popular view of Egypt In The Legends of the Pyramids Jason Colavito takes us back to Late Antique Egypt where the replacement of polytheism with Christianity gave rise to local efforts to rewrite the stories of Egyptian history in the image of the Bible When the Arab conquest absorbed Egypt into the Islamic community these stories then passed into Islamic historiography and reentered the West Colavito's The Legends of the Pyramids lays open pop culture's view of Egypt in movies TV shows popular books and New Age beliefs detailing how the hidden history of Egypt has grown alongside the official history of archaeology and Egyptology A History of Information Storage and Retrieval Foster Stockwell, 2007-11-02 Throughout history humans have sought ways not only to acquire but to preserve knowledge From when to plant crops to who begat whom even the earliest people worked to gather and store information Today computers and other technologies have almost completely changed the world of information access and storage This history traces the development of knowledge collecting from early humans whose minds served as repositories of culture and lore through the first libraries and encyclopedias to the many advances of the twentieth century Ironically it is with these latest advances that the preservation of knowledge has foundered For example CD ROMs can last no doubt for decades but the software programs that run them will not because they are constantly being upgraded Both well known and obscure pieces of the information story are explored in this work From Diderot's encyclopedia to anonymous librarians of the ancient world the people who created information storage systems and the systems themselves are all presented Fully indexed Ideas and Cultural Margins in Early Modern Germany Marjorie Elizabeth Plummer, 2016-12-14 While the assumption of a sharp distinction between learned culture and lay society has been broadly challenged over the past three decades the question of how ideas moved and were received and transformed by diverse individuals and groups stands as a continuing challenge to social and intellectual historians especially with the emergence and integration of the methodologies of cultural history This collection of essays influenced by the scholarship of H C Erik Midelfort explores the new methodologies of cultural transmission in the context of early modern Germany Bringing together articles by European and North American scholars this volume presents studies ranging from analyses of individual worldviews and actions influenced by classical and contemporary intellectual history to examinations of how ideas of the Reformation and Scientific Revolution found their way into the everyday lives of Germans of all classes Other essays examine the ways in which individual thinkers appropriated classical medieval and contemporary ideas of service in new contexts discuss the means by which groups delineated social
