The Golden Gate Murders Peter King, 2002 In his early days as a struggling writer Jack London is no stranger to crime When the owner of a Barbary Coast saloon is killed just after asking Jack to look into a threat to his establishment Jack signs on with the Saloon Owners Association to investigate But when the trail leads to a second murder and lawman Wyatt Earp appears with an interest in the case Jack wonders if he is in over his head Original *The Sleeping Lady* Robert Graysmith, 1990 The author of the bestselling *Zodiac* returns with another true story of a serial killer here is the full story of the crimes the criminal the search and the arrest of David Carpenter an unpredictable salesman of cheap trinkets who terrorized San Francisco from 1979 until his arrest nearly three years later 30 halftones line illustrations maps Murder On His Mind Serial Killer Anne Penn, 2017-03-20 Murder on His Mind Serial Killer is the true crime story of the Original Night Stalker AKA East Area Rapist who first terrorized Rancho Cordova Sacramento areas in Northern California as a serial rapist Moving on to Southern California he truly became the serial killer and rapist Law Enforcement was afraid he would evolve into The Original Night Stalker carried out the murders of at least 13 people in Northern and Southern California This serial rapist and murderer moved about freely as law enforcement has been unable to catch a break and have to this date been unable to apprehend him A very deadly criminal this man was prepared to do whatever it took to be free Many active and retired law enforcement still worked the case that had become cold The FBI has once again joined in the chase It has been 40 years since the first known attacks in Northern California It has been 30 years since the last senseless murder of a young woman in Irvine California How much longer will the families have to wait for justice in this case Will we ever match his DNA to a name Will we ever see who has been under the mask Now since April 2018 we have alleged serial killer Joseph James DeAngelo in the Sacramento County jail We await his trial scheduled to begin in about the year 2022 He will be tried in Sacramento by seven jurisdictions which is unprecedented DNA and genealogy found him right where Anne predicted the criminal would be in Sacramento County Anne predicted within these pages the geography of where he would be found back in 2016 2017 This first edition did not say how Anne is connected to the case as she simply said she knew some of the victims The second edition which follows this tells of her connection in detail as well as more investigations and more information about DNA There are 510 pages in edition 2 Thank you for reading this book **Case Files of the East Area Rapist / Golden State Killer** Kat Winters, 2017-09-19 He is the most prolific enigmatic and dangerous offender the State of California has ever known yet he remains unidentified and unpunished to this day With over one hundred burglaries fifty rapes and possibly a dozen murders the East Area Rapist Golden State Killer Original Night Stalker was truly one of history's most vile and heinous criminals He seemed to appear out of nowhere in the mid 1970s near Sacramento California where he began a series of rapes and murders that left police baffled and communities on edge He couldn't be tracked he couldn't be found and he couldn't be stopped Over a ten year period towns like Modesto Davis Concord San Ramon San Jose Danville Fremont

Walnut Creek Goleta Ventura Dana Point Irvine and the neighborhoods of Sacramento were all violated by this monster He left behind thousands of clues spread throughout over a dozen jurisdictions but still somehow outmaneuvered efforts to capture him at every turn This book culls together information from every source possible to present a comprehensive rundown of each and every attack Evidence is explained myths are debunked and viable leads are presented Other cases which might be related like the Visalia Ransacker the Ripon Court shooting the Maggiore murders and the Eva Davidson Taylor murder are explored Never before has such a detailed and thorough chronological volume been published about this case Going over the nuances and evidence with such granularity is a worthwhile exercise This case is solvable and the offender is probably still alive The clues to his identity are in here Because as they say The Devil is in the details
