Hollinger, 2019-06-11 Between the 1890s and the Vietnam era many thousands of American Protestant missionaries were sent to live throughout the non European world They expected to change the people they encountered but those foreign people ended up transforming the missionaries Their experience abroad made many of these missionaries and their children critical of racism imperialism and religious orthodoxy When they returned home they brought new liberal values back to their own society *Protestants Abroad* reveals the untold story of how these missionary connected individuals left an enduring mark on American public life as writers diplomats academics church officials publishers foundation executives and social activists

China's Christian Colleges Daniel Bays, Widmer, 2009-02-27 China s Christian Colleges explores the cross cultural dynamics that existed on the campuses of the Protestant Christian colleges in China during the first half of the twentieth

century Focusing on two way cultural influences rather than on missionary efforts or Christianization these campuses most of which were American supported and had a distinctly American flavor were laboratories or incubators of mutual cultural interaction that has been very rare in modern Chinese history In this Sino foreign cultural territory the collaborative educational endeavor between Westerners and Chinese created a highly unusual degree of cultural hybridity in some Americans and Chinese The thirteen essays of the book provide concrete examples of why even today more than a half century after the colleges were taken over by the state long lasting cultural results of life in the colleges remain

How Christianity Came to China Kathleen L. Lodwick, 2016-12-01 The story of the foreign missionaries who served in China between 1809 and 1949 is one of fervent religious commitment and of the loss of faith of determined perseverance and of angry frustration of accepting people as they are and of cultural superiority of human kindness and of narrow prejudice of those who loved China and of those who refused to acknowledge the society in which they lived of those who spent their entire adult lives in China and of those who fled home as soon as possible and of those who admired China and of those who were driven insane by living in China In short it is a story of ordinary people with all their good qualities and all their shortcomings In all of its complexity Kathleen L Lodwick tells the story of Christianity in China It s essential reading for anyone wanting to understand the contemporary phenomena that is Christianity in China which some people predict soon will be the country with the largest Christian population in the world

American Editor in Early Revolutionary China Neil O'Brien, 2004-03 This is a study of Sino American relations and the editorial policy of the *China Weekly Review* *China Monthly Review* published in Shanghai by John William Powell during the Chinese Civil War and the Korean War The Review supported US attempts in early 1946 to avert civil war through the creation of a coalition government By 1947 it reflected growing disillusionment with Guomindang policies and increasing sympathy for the demands of impoverished students and faculty for multi party democracy and peace As the Civil War shifted in favour of the

Communists in late 1948 Powell and the Review counseled US businessmen to remain in Shanghai and urged the US government to establish working relations with the Communists and later to recognize the new regime Staying in Shanghai to report changes engendered by the Communist victory the Review's staff accommodated themselves to the new orthodoxy and to the regime's coordination of the press During the Korean War the Review opposed the expanding US air war becoming the foremost American purveyor of Chinese and North Korean allegations of American use of bacteriological weapons The Review was also utilized for the political indoctrination of US prisoners of war by the Chinese and North Koreans After closing the Review in July 1953 and returning to the United States Powell his wife Sylvia Campbell and assistant editor Julian Schuman were put on trial for sedition As the government narrowed its focus to the bacteriological warfare issue Powell and his lawyers countered by trying to prove the veracity of the charges seeking witnesses in China and North Korea Adverse publicity led to a mistrial in January 1959 and limitations in both the sedition and treason statutes ended plans to renew prosecution Powell and the Review had insisted that positive diplomatic and economic relations between China and the United States were both possible and desirable The gradual normalization of trade investment and political relations since the 1970s seemed to validate this belief In the post Cold War age when Sino American relations are often strained and tempestuous this book serves as a reminder of the value of making the extra effort to achieve understanding
