Golden Book Madrid and Toledo Casa Bonechi, 2001 *Art and History of Rhodes* Vassilia Petsa-Tzounakou, 1996
Discover the rich history and culture of some of the world's most influential historical places with these highly illustrated books packed with information and enlightening descriptions **Art and History of Greece** Mario Iozzo, 1998 **Lisbon** Emília Ferreira, Jorge Cabello, 1998 Discover the rich history and culture of some of the world's most influential historical places with these highly illustrated books packed with information and enlightening descriptions *Art and History of Crete* Mario Iozzo, 1996 Discover the rich history and culture of some of the world's most influential historical places with these highly illustrated books packed with informative and enlightening descriptions and information *Fish of the Maldives* Andrea Ghisotti, 1997 *The Early Modern Hispanic World* Kimberly Lynn, Erin Kathleen Rowe, 2017-01-31 This book engages with new ways of thinking about boundaries of the early modern Hispanic past looking at current scholarly techniques *The Golden Book Magazine*, 1927 *Marta the Divine* Tirso de Molina, 2012 Tirso de Molina's *Marta the Divine* c. 1614-15 is a spirited comedy about an ingenious young woman who fakes religious piety in order to avoid an arranged marriage imposed upon her by her father. Marta's false religiosity becomes a cover for sneaking her boyfriend into her house and to all intents and purposes having a sexual relationship with him without her credulous father suspecting a thing. The stakes involved in this risky gambit are particularly high because her boyfriend Felipe is also the man who has killed her brother. In this fast-moving play that celebrates the victory of youth over age, of love over revenge, little is held sacred as circumstances spiral to the point of outrageousness. Not surprisingly, *Marta* has been a controversial play over the years, condemned for immorality and salaciousness by some, championed as an anticlerical tract by others. Readers and audience members over the years have puzzled as to what Tirso wants us to make of the title character and her behaviour. Is she a cautionary example, a sly hypocrite whom we are to hold at a critical distance? Or she is a sympathetic comic heroine, even a proto-feminist whose cause we are to embrace? No matter one's perspective, *Marta* is memorable because of the audaciousness and resourcefulness of the title character. *Marta* is a great stage creation and the plot Tirso builds around this trickster has the feel of the archetypal transcending the time and place of its creation. At the same time, *Marta* is a surprisingly comprehensive satire of the Spanish empire of its day. Through a variety of subtle touches, Tirso paints a picture of an imperial capital plagued by avarice and hypocrisy. The play has some puzzling elements or problems from a technical point of view, but the irresistible force of its comic energy has appealed to readers and audiences for nearly 400 years. This edition presents the play for the first time ever in English translation. The translation is accompanied by the Spanish text, translators' note, and a substantial introduction. **Atenas** Ioli Vingopoulou, Melina Casulli, 1999 **Making Space Public in Early Modern Europe** Angela Vanhaelen, Joseph P. Ward, 2013-04-26 Broadening the conversation begun in *Making Publics in Early Modern Europe* 2009, this book examines how the spatial dynamics of public making changed the shape of

early modern society The publics visited in this volume are voluntary groupings of diverse individuals that could coalesce through the performative uptake of shared cultural forms and practices The contributors argue that such forms of association were social productions of space as well as collective identities Chapters explore a range of cultural activities such as theatre performances travel and migration practices of persuasion the embodied experiences of lived space and the central importance of media and material things in the creation of publics and the production of spaces They assess a multiplicity of publics that produced and occupied a multiplicity of social spaces where collective identity and voice could be created discovered asserted and exercised Cultural producers and consumers thus challenged dominant ideas about just who could enter the public arena greatly expanding both the real and imaginary spaces of public life
