Birdie Tony Rosa,2012 It s never too late to change your ways especially when you re young Troubled teen Mark Crowe has twenty five weeks to do just that At that point he ll turn eighteen and all his problems will go away so he thinks But it will take more than just reaching a date on a calendar Mark carries around a checkered past has never known a stable home life and believes all his problems originate from the neighboring golf course He feels the odds are stacked against him and nobody is willing to give him a chance A probation officer provides some routine counseling but Mark is often leery of him and the process It is at the least likeliest of places on the links working with a most improbable ally a visually impaired golfer that Mark finds encouragement and catches glimpses of a better path through life **From Fields to Fairways** Rick

Villager Tom Cox,2025-06-19 Villages are full of tales some are forgotten while others become a part of local folklore But the fortunes of one West Country village are watched over and irreversibly etched into history as an omniscient somewhat crabby presence keeps track of village life In the late sixties a Californian musician blows through Underhill and writes a set of haunting folk songs that will earn him a cult following Two decades later some teenagers disturb a body on the local golf course In 2019 a pair of lodgers discover a one eyed rag doll hidden in the walls of their crumbling home Connections are forged and broken across generations but only the landscape itself can link them together A landscape threatened by property development and speckled by the pylons whose feet have been buried across the moor Tom Cox s masterful debut novel synthesises his passion for music nature and folklore into a psychedelic and enthralling exploration of village life and the countryside that sustains it The Sketch ,1910 **Golf Anecdotes** Robert Sommers,2004 Featuring a Preface by golf great Arnold Palmer and a new chapter covering the latest and greatest golf stars this new edition offers a wealth of
