Gonzalo De Berceo:

Gonzalo de Berceo Anthony John Lappin, 2008 Presenting a fresh look at the whole corpus of works traditionally ascribed to Gonzalo de Berceo this text examines the security of the attribution of these works to the 13th century Riojan poet Berceo. [A Study of the Poetry of Gonzalo de Berceo.] John Brande Trend, 1952 *The Collected Works of Gonzalo de Berceo in English Translation* Gonzalo de Berceo, 2008 For the first time the complete works of Gonzalo de Berceo are available to the English reader Originally written in the Old Spanish of the 13th century this translation preserves the medieval flavor and imagery of the poems while retelling them in a contemporary language BOOK JACKET Miracles of Our Lady Gonzalo de Berceo, 2021-12-15 Miracle tales in which people are rewarded for piety or punished for sin through the intervention of the Virgin Mary were a popular literary form all through the Middle Ages Milagros de Nuestra Señora a collection of such stories by the Spanish secular priest Gonzalo de Berceo is a premier example of this genre it is also regarded as one of the four most important texts of medieval Spain Difficulties in translating this work have made it unavailable in English except in fragments now Spanish language scholars Richard Terry Mount and Annette Grant Cash have made the entire work accessible to English readers for the first time Berceo's miracle tales use the verse form cuaderna via fourfold way of fully rhymed quatrains which Berceo may even have invented and are told in the language of the common man They were written to be read aloud most likely to an audience of pilgrims and are an outstanding example of oral religious narrative The total work comprises twenty five miracles preceded by a renowned Introduction that celebrates the Virgin in rich symbolic allegory Mount and Cash's translation is highly readable yet it retains the original meaning and captures Berceo's colloquial style and medieval nuances An introduction placing the miracles in their medieval context and a bibliography complement the text **In the Doorway of All Worlds** Robin M Bower, 2024-05-01 The thirteenth century poet Gonzalo de Berceo is the first named author of Old Spanish letters and the most prolific contributor to the emergence of the body of learned vernacular verse known as the mester de clerecía In the Doorway of All Worlds focuses on the four hagiographies Berceo produced as a unified body of poetic expression and world building Robin M Bower traces the poet's intricate juxtaposition of contraries to shed light on a poetic world that will innovate a deceptively simple poetic vernacular and elevate its capacity to express nuance power and mystery The book examines the entanglements that bind formal and lexical choices the inscription of performance sites and audiences and problematic source authority It argues that Berceo's elaboration of a poetic vernacular was wholly enmeshed in the immediate human experiential world and the diverse cultural religious linguistic and literary contexts that framed it The book also highlights how Berceo invented a literary vernacular that befits the spoken idiom not only for the crafting of learned fictions but for giving linguistic shape to the ineffable In the Doorway of All Worlds ultimately reveals how Berceo freed the meanings trapped in relics shrines and the impenetrable texts from which he translated the saints to circulate in a new time Gonzalo de Berceo and the Latin Miracles of the Virgin

Robert Boenig,2016-04-22 In Gonzalo de Berceo and the Latin Miracles of the Virgin Patricia Timmons and Robert Boenig present the first English translation of a twelfth century Latin collection of miracles that Berceo the first named poet in the Spanish language used as a source for his thirteenth century Spanish collection Milagros de Nuestra Señora Using the MS Thott 128 close to the one Berceo must have used Timmons and Boenig provide both translation and analysis exploring the Latin Miracles suggesting how it was used as a sacred text and placing it within the history of Christians evolving understanding of the Virgin's role in their lives In addition this volume explores Berceo's reaction to the Latin Miracles demonstrating that he reacted creatively to his source texts as well as to changes in Church culture and governance that occurred between the composition of Latin Miracles and the thirteenth century translating it across both language and culture Accessible and useful to students and scholars of medieval and Spanish studies this book includes the original Latin text translations of the Latin Miracles including analyses of Saint Peter and the Lustful Monk The Little Jewish Boy and The Jews of Toledo *A Study and Critical Edition of Gonzalo de Berceo's Duelo de la Virgen* Gonzalo de Berceo,Linda S. Lefkowitz,1973 *The Hagiographic-thaumaturgic Art of Gonzalo de Berceo* Olivia C. Suszynski,1976 **A Critical Edition of Gonzalo de Berceo's La Vida de Santa Oria** Gonzalo de Berceo,Richard Terry Mount,1967 *In the Doorway of All Worlds* Robin M Bower,2024-05-15 In the Doorway of All Worlds revisits the hagiographical poetry of Gonzalo de Berceo in the context of the emergent vernacular culture of thirteenth century Iberia The Cult of the Virgin in the Milagros of Gonzalo de Berceo Richard Burkard,2011 The language of Gonzalo de Berceo: a philological study of the mediaeval manuscripts of the "Vida de Santo Domingo de Silos".
