Mussel Populations David Lowell Strayer, David R. Smith, David Ross Smith, 2003 The objective of this guide is to help field biologists conduct better surveys of freshwater mussel populations. It opens with a discussion of several considerations and a question that should direct the design of any study of mussel populations. The authors then present sampling designs and methods that may be useful to mussel biologists. They also discuss examples of study designs that address several common objectives of studies of mussel populations. **Technical Publication**, 1986 **Technical Publication** Darrel E.
