The Grail Procession Justin E. Griffin, 2004-11-15 By the 12th century European literature was rich with tales of a procession carrying a group of objects closely tied to the Passion of Christ the Holy Grail the lance that pierced Christ's side the sword used to behead John the Baptist and a dish from the Last Supper While legends of the quest for the Holy Grail continue to grip the popular imagination the other relics once closely associated with the Grail legends receive little mention Still the overlooked Grail Hallows as they are called have a rich symbolic history winding through the ages and leading in some surprising directions This exploration of the forgotten relics of the Grail Procession examines the body of evidence hinting at their authenticity and traces their history as symbols from the early days of Christianity to Celtic mythology to the foggy wastelands inhabited by history's outcasts to the suits of the modern tarot The oral histories and a possible sourcebook that informed the earliest known stories are discussed Illustrations and photographs of relevant locations and objects including the cards of the tarot further illuminate the story An appendix gives a timeline of the Hallows history and there is a bibliography and an index
