Writing New Worlds Marília dos Santos Lopes, 2016-05-11 Writing New Worlds analyses the different ways in which travel literature constituted a fundamental pillar in the production of knowledge in the modern era. The impressive frequency of publication and the widespread circulation of translations and editions account for the leading and essential contribution of travel literature for a better understanding and awareness about the dynamics and practices associated with decoding and making sense of the prose of the world. These texts in some cases accompanied by illustrations covered a broad and extensive panoply of languages, grammars and ways of seeing, translating and writing new worlds. In drawing special attention to internationally less studied sources from Portugal and Germany, the book shows how authors, scholars and artists between the 15th and 17th centuries responded to the challenges of modernity and explores the cultural dynamics involved in grasping and understanding the New.

Best Companies Can Akdeniz, Jumper Cables W. Tim Dodd, 2012-12-18 Jumper Cables Go ahead and ping pong that item in your head and what comes to mind. If as I do, you envision an essential part of a car's emergency pack stowed away in a dirty corner of your car's trunk, this will take on a parallel meaning as I explain. Jumper cables are not too expensive and most drivers have been tutored ad infinitum to always have a pair of these in the car at all times, just in case the battery is dead or is having the last rites administered as the key is turned, always at a very inopportune time and hear that sickening click click click sound. Life offers disabilities and obstacles to everyone. Jumper Cables, the right help at the right time, is about not becoming a victim but to confront and challenge the disabilities and obstacles. It is about an attitude of continuous improving of self with determination and commitment. Jumper Cables and its use is a symbolic illustration of my professional and personal journey. Take a second to examine where you are in life. Is your battery getting low, needs recharged? How is your career? Are you happy with decisions you have made in life? What about regrets you have encountered? How strong are your devoted relationships to your family? What about your commitment to faith? Your dedication to your country? Are you happy with yourself, personal appearance, intelligence? Do you really feel fulfilled? These are very difficult questions that people tend to ignore as they live their day to day events. Then one day a person wakes up and to realize that they are not who or where they want to be in life, via a battery malfunctioned. The battery stopped working and the help wasn't there.

Uniting the Tailors Anne J. Kershen, 2014-02-04 This book is not only about the tailoring industry and its trade unions; it is about the experience of eastern European immigrants in a trade as old as the Bible and yet as new as the electric sewing machine; it is about the role of women in a new industry and about the impact of socio-economic change on fashion. Finally, it is about the way in which sub-divisions and differences were accommodated under the umbrella of one particular trade union.

The Book of Geoffroi de Charny Ian Wilson, 2021 The *Livre Charny* Charny's Book by the 14th century French knight Geoffroi de Charny translated here by Nigel Bryant with an introduction by Ian Wilson The poem known as the *Livre Charny* Charny's Book by the fourteenth century French knight Geoffroi de Charny has never been published Nigel Bryant's brilliant new translation of this long neglected poem based on a hitherto overlooked original Charny manuscript housed in Oxford vividly conveys Charny's self deprecating and extraordinarily down to earth attitudes towards the knightly career Charny is surprisingly blunt in his descriptions of the mishaps and mortal dangers to be expected from losing in a tournament to homesickness on crusade to being concussed whilst attempting to scale an enemy tower Nothing else quite like it is to be found in medieval literature Ian Wilson's introduction provides a markedly revised understanding of Charny's career as tournament performer serving soldier crusader councillor and finally royal standard bearer he was killed at Poitiers in 1356 Bryant and Wilson also argue that Charny's Book is so different in style from the *Book of Chivalry* also attributed to him that the latter is unlikely to be by the same author Using the evidence of a hitherto unnoticed manuscript in Madrid they show that the latter is likely to be a work of the 1380s composed by Charny's son of the same name possibly as a kind of memorial to his heroic father he was killed at Poitiers in 1356 Bryant and Wilson also argue that Charny's Book is so different in style from the *Book of Chivalry* also attributed to him that the latter is unlikely to be by the same author Using the evidence of a hitherto unnoticed manuscript in Madrid they show that the latter is likely to be a work of the 1380s composed by Charny's son of the same name possibly as a kind of memorial to his heroic father he was killed at Poitiers in 1356 Bryant and Wilson also argue that Charny's Book is so different in style from the *Book of Chivalry* also attributed to him that the latter is unlikely to be by the same author Using the evidence of a
