Im Sterben Nicht Allein:

The Collected Works Philip Schaff, 2022-11-13 Philip Schaff's *The Collected Works* stands as a monumental contribution to the field of Christian theology and ecclesiastical history. This compendium comprises a thorough examination of the development of Christian doctrine drawing on a myriad of historical sources, biblical texts, and theological discussions. Schaff's literary style is characterized by its scholarly rigor, lucidity, and a deep commitment to historical continuity, offering readers an engaging narrative interspersed with critical analysis and contextual elaboration that is crucial for understanding the evolution of Christian thought. The work reflects the late 19th-century context in which it was produced, a period marked by both the consolidation of Protestant scholarship and burgeoning ecumenical movements. Philip Schaff (1819-1893), a Swiss-born theologian, arrived in America as part of the wave of European intellectuals seeking new opportunities in the wake of religious and political upheavals. His extensive academic career, including founding institutions and engaging in theological debates, has provided him with profound insights into the interactions between faith and culture. Schaff's profound passion for unifying the Christian Church and his extensive scholarly background in history and language shaped the vision for this comprehensive collection. *The Collected Works* is an essential read for scholars, theologians, and laypersons alike who seek to delve into early Christian history and doctrine. Schaff's meticulous scholarship invites readers to engage with the complexities of faith across centuries, making it not merely a work of historical documentation but also a compelling narrative that inspires contemporary discourse on Christianity's relevance today. *Georg Büchner*, 2017-03-06 Georg Büchner *Contemporary Perspectives* examines the continuing relevance of Büchner in the early twenty-first century in terms of politics, science, philosophy, aesthetics, cultural studies, and performance studies. It situates Büchner's interdisciplinary work in relation to the philosophical, scientific, and religious discourses of his time while also investigating the ways in which Büchner's intersectional writings anticipated sometimes uncannily questions and problems which were to become central concerns in modernism and after. The nineteen essays in the book, some in English and some in German, uniquely combine close readings of individual passages and images with wide-ranging intertextual comparisons linking Büchner to more than twenty-five writers, thinkers, and theoreticians from his time and ours. *Der Band Georg Büchner Contemporary Perspectives* beschäftigt sich mit Büchners anhaltender Aktualität in den Bereichen Politik, Naturwissenschaft, Philosophie, Ästhetik, Kulturwissenschaft und Theater. Er setzt Büchners interdisziplinäres Werk in Beziehung zu den philosophischen, naturwissenschaftlichen und religiösen Themen seiner Zeit, untersucht aber auch, wie sein Schreiben auf manchmal verblüffende Weise Fragen und Probleme vorwegnimmt, die für die Moderne und die Nachmoderne bis zum heutigen Tag zentral werden sollten. Die neunzehn Teile auf Englisch, teils auf Deutsch verfassten Beiträge zeichnen sich dadurch aus, dass sie eingehende Einzelinterpretationen bestimmter Werkstellen mit weitreichenden intertextuellen Bezügen zu mehr als 25 SchriftstellerInnen, KünstlerInnen, DenkerInnen und TheoretikerInnen verbinden. **Concordia Triglotta** Friedrich Bente, William Herman Theodore
