## Images Of Women In Chinese:

Images of Women in Chinese Thought and Culture Robin Wang, 2003-01-01 This rich collection of writings many translated especially for this volume and some available in English for the first time provides a journey through the history of Chinese culture tracing the Chinese understanding of women as elucidated in writings spanning more than two thousand years From the earliest oracle bone inscriptions of the Pre Qin period through the poems and stories of the Song Dynasty these works shed light on Chinese images of women and their roles in society in terms of such topics as human nature cosmology gender and virtue      *Subjectivity and Sexuality in Contemporary Chinese Feminist Writing* Ruttapond Swanpitak, 2025-02-17 This book explores representations of female sexuality and subjectivity in contemporary Chinese fiction by three women writers published from 1986 to 2000 from the perspective of poststructuralist feminism It discusses the representative works of authors Wang Anyi Tie Ning and Chi Li who are well known in the Chinese literary field However their works have not to date been analysed through the poststructuralist feminism s notions of subjectivity femininity and transgression This book then provides detailed analysis of each writer and draws comparisons between their works to provide an extended consideration of female sexuality and subjectivity within post Mao Chinese fiction In this respect this book not only offers fresh insights into the three authors fiction but also contributes to the feminist study of Chinese women s writing Additionally the research contributes to a better understanding of contemporary Chinese culture in relation to patriarchy misogyny feminism differences and resistance It is relevant to scholars in the fields of China studies Chinese literature feminist literature and gender studies      Pearl S. Buck's Chinese Women Characters Xiongya Gao, 2000 As a result the reader will find that Buck s female characters with their different degrees of individuality and typicality form a realistic picture of Chinese women BOOK JACKET      **Imagining Sisterhood in Modern Chinese Texts, 1890-1937** Yun Zhu, 2017-03-16 Through the lens of the discursive reconstruction and cultural reimagining of sisterhood this book investigates the dynamic entanglements and contestations among women nation and Chinese modernity      Confucian Ren and Feminist Ethics of Care Lijun Yuan, 2019-05-28 The rehabilitation of Confucian tradition raised new challenges to Chinese feminist thinkers Can a Confucian ideal of reciprocity help women realize their equality What is the hope for Chinese women seeking a social ideal of equality given the growing gender gap in the current economic development of China Yuan argues Confucianism cannot help unless it is integrated with feminism In this book Yuan explores why gendered stratifications perpetuated so deeply in today s China through the influences of Confucian cultural tradition but reading early Confucian texts as a cosmological vision of Ren with Dao and ontological oneness as a whole that is the unity of heaven earth and humanism we might reclaim Confucian egalitarian aspects to develop its openness for gender equity with integration of feminist critical care ethics Throughout the book Yuan provides multiple perspectives of comparison relational self vs power differentials gender roles differences vs political demand for equality and individual reciprocity vs connection based

reciprocity etc to embrace inclusive methodology and caring democracy We see a great hope to break through stereotypes of binary thinking of Minben people oriented and Minzhu autonomous democracy gender division of labor reason and emotion etc Yuan argues we should integrate feminist critical thoughts of global justice care with early Confucianism since both traditions emphasize caring relationships in humanity and interdependency between social individuals within and beyond their communities in a global scale Importantly the integration enlarges our philosophical visions of how cultural traditions can be undeniable sources for strengthening contemporary social ideas of humanity democracy equality and freedom for all

**Images of Westerners in Chinese and Japanese Literature** ,2021-12-28 The present volume is the product of a joint effort made by scholars from across China including Hong Kong Japan and Europe The book gathers sixteen papers devoted to literary and cultural criticism from a comparative point of view A perspective prominent in this volume is imagology an approach first developed by Daniel Henry Pageaux and which focuses on specific images in literary and other texts The study of the image of the foreign in national literary traditions for instance belongs to the traditional purview of comparative literature Pageaux did more than uphold this tradition He practically reinvented it using new theoretical concepts and perspectives in particular semiotics and reception aesthetics On this basis he was able to develop a theory and a methodology that are both usable and in tune with contemporary concerns The present book covers a wide range of topics in the study of images of Westerners in Chinese and Japanese literature Individual contributions deal with issues such as the genesis of the Chinese term Foreign Devil the occurrence of Westerners in modern Chinese and Japanese literature and the Chinese and Japanese reception of individual western authors and artists such as amongst others Oscar Wilde Vincent Van Gogh and Madame Roland Some papers examine individual authors such as Lu Xun and Takeyama Michio Others examine historical periods or literary movements The approaches followed range from historical investigations of linguistic practices to detailed literary analyses [The Cambridge History of Chinese Literature: From 1375](#) Kang-i Sun Chang,Stephen

Guo,2021-06-15 Women s tanci or plucking rhymes are chantefable narratives written by upper class educated women from seventeenth century to early twentieth century China Writing Gender in Early Modern Chinese Women s Tanci Fiction offers a timely study on early modern Chinese women s representations of gender nation and political activism in their tanci works

before and after the Taiping Rebellion 1850 to 1864 as well as their depictions of warfare and social unrest Women tanci authors redefinition of female exemplarity within the Confucian orthodox discourses of virtue talent chastity and political integrity could be burgeoning expressions of female exceptionalism and could have foreshadowed protofeminist ideals of heroism They establish a realistic tenor in affirming feminine domestic authority and open up spaces for discussions of womanly becoming female exceptionalism and shifting family power structures The vernacular mode underlying these texts yields productive possibilities of gendered self representations bodily valences and dynamic performances of sexual roles The result is a vernacular discursive frame that enables women s appropriation and refashioning of orthodox moral values as means of self affirmation and self realization Validations of women s political activism and loyalism to the nation attest to tanci as a premium vehicle for disseminating progressive social incentives to popular audiences Women s tanci marks early modern writers endeavors to carve out a space of feminine becoming a discursive arena of feminine appropriation reinvention and boundary crossings In this light women s tanci portrays gendered mobility through depictions of a heroine s voyages or social ascent and entails a forward moving historical progression toward a more autonomous and vested model of feminine subjectivity
