The Image of the Prophet between Ideal and Ideology Christiane J. Gruber, Avinoam Shalem, 2014-10-24 Disziplin re Grenzen berschreitend zielt der Band darauf ab die Visualisierung Mohammeds in der westlichen Welt vis vis mit dessen Darstellung im Islam zu untersuchen Dabei wird das Material weder geographischen oder sprachlichen Sph ren zugeordnet noch werden Textquellen isoliert von bildlichen Darstellungen betrachtet Die Beitr ge er ffnen vielmehr einen thematischen und theoretischen Dialog ber die Frage wie der Prophet in verschiedenen kulturellen Traditionen in Europa und Amerika und in der Welt des Islam vom Mittelalter bis in die Gegenwart vergegenw rtigt wurde *Images of the Medieval Peasant* Paul H. Freedman, 1999 The medieval clergy aristocracy and commercial classes tended to regard peasants as objects of contempt and derision In religious writings satires sermons chronicles and artistic representations peasants often appeared as dirty foolish dishonest even as subhuman or bestial Their lowliness was commonly regarded as a natural corollary of the drudgery of their agricultural toil Yet at the same time the peasantry was not viewed as other in the manner of other condemned groups such as Jews lepers Muslims or the imagined monstrous races of the East Several crucial characteristics of the peasantry rendered it less clearly alien from the elite perspective peasants were not a minority their work in the fields nourished all other social orders and most important they were Christians In other respects peasants could be regarded as meritorious by virtue of their simple life productive work and unjust suffering at the hands of their exploitive social superiors Their unrewarded sacrifice and piety were also sometimes thought to place them closest to God and more likely to win salvation This book examines these conflicting images of peasants from the post Carolingian period to the German Peasants War It relates the representation of peasants to debates about how society should be organized specifically to how human equality at Creation led to subordination how slavery and serfdom could be assailed or defended and how peasants themselves structured and justified their demands Though it was argued that peasants were legitimately subjugated by reason of nature or some primordial curse such as that of Noah against his son Ham there was also considerable unease about how the exploitation of those who were not completely alien who were after all Christians could be explained Laments over peasant suffering as expressed in the literature might have a stylized quality but this book shows how they were appropriated and shaped by peasants themselves especially in the large scale rebellions that characterized the late Middle Ages **Image and Identity** Dauvit Broun, 2001-01-01 This volume looks at the way that perceptions of Scottish identity have changed through the centuries from early medieval to modern times The idea of Scotland as a single country corresponding to the realm of the king of Scots and of the Scots as all the kingdom s inhabitants may only have taken root during the 13th century Dauvit Broun The 18th century is marked by a period of often competing Scottish identities and the emergence of the British state as a complicating factor in the equation R J Finlay Scottish identity has never been a fixed immutable idea whether held in the head or in the gut some of the most enduring myths of Scotland s Protestant identity

Images of Muhammad Tarif Khalidi, 2009-08-18 From one of today's leading Muslim scholars, this compelling look at how the Prophet Muhammad has been portrayed throughout the centuries offers a fascinating history of the diversity of Islamic cultures and beliefs. The Prophet Muhammad has been revered for more than fifteen centuries. Today one in five people throughout the world calls for daily praises and blessings upon him and holds him up as a model of virtue. In *IMAGES OF MUHAMMAD* Tarif Khalidi examines the ways Muhammad has been depicted and revered from the immediate aftermath of his death to the present day. With scholarly authority Khalidi explores how the biography of Muhammad has been constructed, reconstructed, and utilized in various Islamic cultures and traces the influences that have shaped his image, including the profound effect of negative perceptions promulgated by the West. As he describes the great variety of Islamic beliefs and practices, Khalidi illuminates the values and ideas shared by the Sunni, Shia, and Sufi sects, as well as the differences among them, providing Western readers with a clear, objective perspective on the current conflicts within the Muslim world, as well as their global repercussions. From the Hardcover edition.

The Digitalised Image of God Ximian Xu, 2024-10-08 This book focuses on the idea of the *imago Dei* to engaging theologically with artificial intelligence (AI). It reflects on how enormous progress in the development of AI has raised some challenges to Christian theology. Questions explored include: Is AI created in the *imago Dei*? If so, does AI challenge the uniqueness of the human being as the *imago Dei*? If not, could AI be incorporated into human communities as a human companion in the same way as a natural human person? Would AI eventually develop to have human-level consciousness and be capable of performing liturgies and ethical actions? Bringing to light the radical distinction between the *imago Dei* and the *imago hominis*, the book constructs a theo-ontological foundation for AI and draws on the Reformed theology of archetype as a metaphysical tool to deploy a holistic account of the *imago Dei* in theology. AI dialogues. The author argues that the *imago Dei* is the signifier of the beginning both of God's human stories and stories of human ethical performances towards others. From the perspective of the image of the *imago Dei*, it can be argued that AI can somehow participate in the narration of these religious and ethical stories. This book will be of particular interest to scholars of theology and those working in the field of religion and science technology.

The Shadow of the Crescent: The Renaissance Image of the Turk (1453-1517) Robert Schwoebel, 2023-12-11 Can we learn from history A timely problem in the light of the recent dramatic developments in the Middle East and the immanent threat of international terrorism The from time to time uneasy relations between the Christian West and the Islam originate in the seventh and eighth centuries and took shape in the Renaissance when for the first time in history knowledge of the Turks a synonym of Muslims was growing fast on the basis of first hand experience whether as agents of a western power or as captives of the Turks Apart from the unhappy but apparently universal tendency to represent one s enemy as the personification of evil the fifteenth and early sixteenth western characterizations of the Ottomans as the sworn foe of Christianity are still pervading our concepts and terms and are still formative for our own views The Shadow of the Crescent is re issued because the book is concerned with the image of the Turk in the West after the fall of Constantinople till the beginnings of the Reformation and deals with the western attitude toward the Ottomans and the growing importance of the Islam Certainly the problems were and still are immense not exactly the same but undoubtedly comparable At least we can learn from this book that there is nothing new under the sun

Brennan, 2024-10-09 What has gone so terribly wrong in Ephesus that Paul feels compelled to write the longest marriage code in the New Testament 1 Peter only has seven verses about marriage Colossians only has two Titus only has two Why does Ephesians have thirteen Did Paul wish to set in stone the nature of gender relationships for all of time Was he trying to ensure the survival of the emerging church amidst harsh Hellenistic realities of hierarchic marriage Or did he have something else in mind This is a book about the Ephesians 5 marriage code the goddess Artemis Eve and the image of God in the believer It explores the adverse influence of Artemis upon the Ephesian believers thought world why Paul raises up Eve and Adam as the example of loving marriage 5 31 what Paul thought the image of God looked like in the believer and why some Ephesian believers thought differently Dr Brennan argues that the primary purpose behind Ephesians 5 21 33 was to evangelize non believing Ephesian onlookers to an ideal of marriage in Christ s new kingdom that far surpassed their personal experience in the first century Roman world and that Artemis was getting in the way
