Lowe, John Lowe, 1996 The New South replete with shopping malls hub airports educated African Americans and immigrants from Vietnam Cambodia and Haiti is still haunted by the Gothic ghosts of its past Does the collision between past and present account for the continued preeminence of Southern writers in America's literary culture Bobbie Ann Mason Ernest Gaines Rita Mae Brown Robert Olen Butler Cormac McCarthy Dorothy Allison and Allan Gurganus are just a few of the writers who draw on a new kind of Southern background while reaching out to a broad American readership Yet many of these writers have been accused of catering to the stereotypes they think a national audience requires It would seem that questions of Southern identity continue to be bound up with rage against attacks on Southern culture Jefferson Humphries and John Lowe have assembled a remarkable team of scholars and writers to examine aspects of the contemporary literature of the South From Pulitzer Prize winning writer Fred Hobson to esteemed scholar James Olney to poets Kate Daniels and Brenda Marie Osbey the contributors try to define Southern culture today and ask who will be writing Southern literature tomorrow Addressing topics such as humor the past black autobiography ethnicity and female oral traditions the essays form a volume that is of interest to readers of Southern literature and history creative writers and scholars and students of Southern culture      *List of File Microcopies* National Archives (U.S.), 1950      **Mark Twain's Letters** Mark Twain, 1929 Like his other writings Mark Twain's letters attest that he was not the greatest of all humorists but that he did have an amazing gift of depicting the average

American and what is more that he could do it sympathetically and from the inside of the house not ironically through the window as Thackeray depicted the absurdities of his contemporaries The letters show also what a storybook life he led Born obscurely in a western town without advantages half educated as a typesetter for a country newspaper a runaway a soldier riding a small yellow mule to the aid of the Confederacy a runaway again a mining prospector familiar with mountain gambling saloons a news reporter he at last acquired some fame with his Jumping Frog His reputation travelled east and he became a lecturer and special correspondent Then of a sudden he made himself conspicuous to the entire country with his Innocents Abroad He became a mighty traveller He was feasted by kings decorated by universities and honored everywhere From Hartford all around the earth and back he was a leading citizen of the world The ingenious authors of the most shocking fiction could not invent plots swifter or more romantic This editions contains the letters from the year 1853 all through 1910

**Grass Lark** Elizabeth Stevenson,2020-03-12 It is remarkable how persistent a minor writer may be He may lack the large vision and universal message of the great writer but instead possess a clear true intense view of particular places peoples and situations that renders hi work unique and irreplaceable Lafcadio Hearn 1850 1904 is such a figure in American literature Best known as a scholar of Japanese culture Hearn was a remarkable journalist translator travel writer and perhaps second only to Poe in the literature of the macabre and supernatural Hearn s life as strange and colorful as his work is brilliantly recounted in Elizabeth Stevenson s sensitive and sympathetic biography The range of Hearn s writing is reflected in the peripatetic course of his life The son of an Irish father and a Greek mother he was born on the Ionian island of Leucadia was raised in Dublin and came to America at the age of nineteen His early career was spent as a journalist Without a trace of condescension or pity he entered into the lives of the dock workers of Cincinnati the Creoles of New Orleans and Martinique and later the common villagers of Japan describing how they lived and worked and what they believed Elizabeth Stevenson s book is as much about the writer as the man While giving an accurate measure of the scale of Hearn s achievement she makes a compelling case for its artistry Her reading demonstrates that his writings are not mere aids to the understanding of various cultures but ends in themselves Hearn did not just translate the folklore of other cultures he recreated it The Grass Lark will interest literary scholars American studies specialists and folklorists
