Letters Of A Once Punjab Frontier Force:

Letters of a Once Punjab Frontier Force Officer to His Nephew John Patrick Villiers-Stuart, 1925 **Letters of a Once Punjab Frontier Force Officer** John Patrick Villiers-Stuart, 1925 The Army in India and the Development of Frontier Warfare, 1849-1947 T. Moreman, 1998-08-10 This comprehensive study is the first scholarly account explaining how the British and Indian armies adapted to the peculiar demands of fighting an irregular tribal opponent in the mountainous no man's land between India and Afghanistan. It does so by discussing how a tactical doctrine of frontier fighting was developed and passed on to succeeding generations of soldiers. As this book conclusively demonstrates, this form of colonial warfare always exerted a powerful influence on the organisation, equipment, training and ethos of the Army in India. **The Savage Border** Jules Stewart, 2007-02-22 For centuries Pakistan's North West Frontier has been seen as a lawless wilderness which more recently has given sanctuary to Osama Bin Laden and other fundamentalist Muslim leaders. This is the first significant book on the territory for 40 years. It includes first hand accounts of life and soldiering on the Frontier since the Second World War. It also tells how the British and invaders before and after the Raj attempted to deal with this unpredictable land of the Pathans. *The Savage Border* provides an in depth, highly accessible account of life and conflict on the North West Frontier covering not only the century of British rule since 1849 but also events since the creation of Pakistan in 1947. The author addresses key questions including: What makes the Pathan so warlike and belligerent to outsiders from Darius the Great in the 6th century BC to the US Marines in the 21st century AD and Can these tribesmen ever be brought into society's fold and persuaded to give up their terrorist comrades? The author is a specialist in North West Frontier affairs who has travelled extensively in Pakistan. *The Royal Engineers Journal*, 1926 **Journal of the Royal United Service Institution** Royal United Services Institute for Defence Studies, 1924 **Military Power** Brian Holden Reid, 2014-02-25 The contributors here consider the multifarious aspects of the Anglo American approach to war. All the contributors are concerned to base their work on the overall historical context. They explore the relationship between theory and practice in military operations. Subject-index to the author-catalogue. 1908-10. 2 v Imperial Library, Calcutta, 1929 The Imperial Security State James Hevia, 2012-06-28 The *Imperial Security State* explores an important but under explored dimension of British imperialism: its information system and the close links between military knowledge and the maintenance of empire. James Hevia's innovative study focuses on route books and military reports produced by the British Indian Army military intelligence between 1880 and 1940. He shows that together these formed a renewable and authoritative archive that was used to train intelligence officers to inform civilian policy makers and to provide vital information to commanders as they approached the battlefield. The strategic geographical, political and ethnographical knowledge that was gathered not only framed imperial strategies towards colonized areas to the east but also produced the very object of intervention: Asia itself. Finally, the book addresses the long term impact of the security regime, revealing how elements of British colonial knowledge

have continued to influence contemporary tactics of counterinsurgency in twenty first century Iraq and Afghanistan **The Military and Denied Development in the Pakistani Punjab** Shahrukh Rafi Khan, Aasim Sajjad Akhtar, 2014-11-01 This book focuses on the retrogressive agrarian interventions by the Pakistani military in rural Punjab and explores the social resentment and resistance it triggered potentially undermining the consensus on a security state in Pakistan Set against the overbearing and socially unjust role of the military in Pakistan's economy this book documents a breakdown in the accepted function of the military beyond its constitutionally mandated role of defence Accompanying earlier work on military involvement in industry commerce finance and real estate the authors research contributes to a wider understanding of military intervention revealing its hand in various sectors of the economy and consequently its gains in power and economic autonomy *Gilgit Agency 1877-1935 Second Reprint* Amar Singh Chohan, 1997 The Book Endeavours To Make An Analysis Of The Anglo Russian Relations In Central Asia Besides Giving An Account Of The Activities Of The Kashmir And British Govern Ments In The Social Economic Political And Cultural Fields In The Agency Area It Offers An Insight Into The Politics Of The Frontier And Would Be Of Great Interest To The Scholars Of Central Asian Studies **The Army Quarterly** ,1925 *The Cavalry Journal* ,1926 *The English Catalogue of Books [annual]* ,1926 Vols for 1898 1968 include a directory of publishers **Cavalry Journal** ,1926 **Approach to Battle** Alan Jeffreys, 2017-01-24 The Indian Army was the largest volunteer army during the Second World War Indian Army divisions fought in the Middle East North Africa and Italy and went to make up the overwhelming majority of the troops in South East Asia Over two million personnel served in the Indian Army and India provided the base for supplies for the Middle Eastern and South East Asian theatres This monograph is a modern historical interpretation of the Indian Army as a holistic organisation during the Second World War It will look at training in India charting how the Indian Army developed a more comprehensive training structure than any other Commonwealth country This was achieved through both the dissemination of doctrine and the professionalism of a small coterie of Indian Army officers who brought about a military culture within the Indian Army starting in the 1930s that came to fruition during the Second World War which informed the formal learning process Finally it will show that the Indian Army was reorganised after experiences of the First World War During the interwar period the army developed training and belief for both fighting on the North West Frontier and as an aid to civil power With the outbreak of the Second World War in addition to these roles the army had to expand and adapt to fighting modern professional armies in the difficult terrains of desert jungle and mountain warfare A clear development of doctrine and training can be seen with many pamphlets being produced by GHQ India that were in turn used to formulate training within formations and then used in divisional brigade and unit training instructions thus a clear line of process can be seen not only from GHQ India down to brigade and battalion level but also upwards from battalion and brigade level based on experience in battle that was absorbed into new training instructions Together with the added impetus for education in the army by 1945 the Indian Army had become a modern
