Powell,2025-06-20 This book expands on scholarly arguments that the Gospel of Luke and Acts of the Apostles was originally intended as a single unified work It offers fresh insights by addressing overlooked perspectives and further exploring the literary theological and historical connections between the two volumes Central to this study is the argument that the ascension narratives at the end of Luke and the beginning of Acts form a chiastic structure uniting and conjoining both volumes Rather than redefining Luke Acts as First and Second Luke this study affirms their distinct literary genres Luke s Gospel rightly belongs among the canonical Gospels and Acts bridges the Gospels with the Epistles acting similar to a historical narrative It does not seek to alter their canonical separation but asserts that Luke deliberately composed them as a continuous interdependent account By examining how this pivotal event structures the text it provides compelling evidence of Luke s intentional design demonstrating that the ascension is the hinge that seamlessly connects both volumes **The School Librarian's Compass** Rebecca J. The Letters of Pliny-First Series Pliny the Younger,2012-12-21 The letters are a series of personal missives by Pliny the Younger directed to his friends and associates These letters are a unique testimony of Roman administrative history and everyday life in the 1st century The style is very different from that in the Panegyricus and some commentators maintain that Pliny initiated a new genre the letter written for publication This genre offers a different type of record than the more usual history one that dispenses with objectivity but is no less valuable for it Especially noteworthy among the letters are two in which he describes the eruption of Mount Vesuvius in August 79 during which his uncle Pliny the Elder died Epistulae VI 16 VI 20 and one in which he asks the Emperor for instructions regarding official policy concerning Christians Epistulae X 96
