Letters From England 18461849:

Letters from England, 1846-1849 Elizabeth Davis Bancroft, 2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Letters from England, 1846-1849** Elizabeth Davis Bancroft, 1904 **The Survey of London** John Stow, 2019-12-24 In The Survey of London John Stow provides a meticulous examination of London's geography topography and social fabric at the turn of the 16th century Written in a detailed prose style characteristic of early modern scholarship Stow's work serves not only as a guide to the city's streets and notable landmarks but also as a socio-historical document reflecting the complexities of urban life during a period of significant change His integration of rich anecdotes local lore and practical information captures the essence of the city making it an invaluable reference for understanding London's evolution and the burgeoning Renaissance ethos within its confines John Stow 1525-1605 was a noted antiquary and citizen of London whose lifelong fascination with the city's history and development undoubtedly informed his writing As a passionate collector of manuscripts and a diligent chronicler of the urban environment Stow's firsthand experiences of the city's diverse and often tumultuous landscape provide authenticity to his observations His deep-seated desire to preserve the stories of London especially during a time when the city was rapidly changing is palpable in his careful documentation The Survey of London is not merely a historical text but an essential pilgrimage for scholars historians and anyone enamored with the rich tapestry of London's past It serves as both a gateway to understanding the city's profound historical lineage and a reminder of the enduring significance of place in shaping cultural identity A must-read for those wishing to appreciate the historical intricacies and narratives of one of the world's most influential cities **Englishness Identified** Paul Langford, 2001 In the seventeenth century the English were often depicted as a nation of barbarians fanatics and king-killers Two hundred years later they were more likely to be seen as the triumphant possessors of a unique political stability vigorous industrial revolution and a world-wide empire These may have been British achievements but the virtues which brought about this transformation tended to be perceived as specifically English Ideas of what constituted Englishness changed from a stock notion of waywardness and unpredictability to one of discipline and dedication The evolution of the so-called national character today once more the subject of scrutiny and debate is traced through the impressions and analyses of foreign observers and related to English ambitions and anxieties during a period of intense change **Made in Britain** Stephen Tuffnell, 2020-09-08 The United States was made in Britain For over a hundred years following independence a diverse and lively crowd of emigrant Americans left the United States for Britain From Liverpool and London they produced Atlantic capitalism and managed transfers of goods culture and capital that were integral to US nation-building In British social clubs emigrants forged relationships with elite Britons that were essential not only to tranquil transatlantic connections but also to fighting southern slavery As the United States descended into Civil War

emigrant Americans decisively shaped the Atlantic wide battle for public opinion Equally revered as informal ambassadors and feared as anti republican contagions these emigrants raised troubling questions about the relationship between nationhood nationality and foreign connection Blending the histories of foreign relations capitalism nation formation and transnational connection Stephen Tuffnell compellingly demonstrates that the United States struggle toward independent nationhood was entangled at every step with the world s most powerful empire of the time With deep research and vivid detail *Made in Britain* uncovers this hidden story and presents a bold new perspective on nineteenth century trans Atlantic relations

The American Catalogue ,1905 American national trade bibliography **The Bookseller, Newsdealer and Stationer** ,1904 Victorian Yankees at Queen Victoria's Court Stanley Weintraub,2011-04-01 Little seems to have changed since Queen Victoria s day in the instant magnetism of British royalty across the Atlantic Ocean yet for the first generations liberated by revolution the British Isles and its sovereigns seemed as remote as the moon In the young nation Americans who were little interested in the sons and daughters of their last king George III developed a love hate relationship with Victoria his granddaughter that lasted for all her sixty four years on the throne ending only with her death in the first weeks of the twentieth century Victoria s long reign encompassed much of the time in which the young United States was growing up The responses of Americans toward Victoria reveal not only what they thought of her and her husband as a person and a monarch but reflect their own ambitions confidence smugness insecurities and sense of loss Parting from England brought a surge of pride but it also carried with it an unanticipated price American encounters with Queen Victoria as person and as symbol evoke the costs of relinquishing a history a tradition a ceremonial texture The brash bewildered and beguiled Americans in these pages from lion tamer Isaac Van Amburgh Barnum s midget Tom Thumb and sharpshooter Annie Oakley to literary lions like Nathaniel Hawthorne Mark Twain and Henry James evince not only another dimension of the remote woman who might have been their queen but what Americans were like and what they thought they were like in her time

The Lamp ,1904 The Cornhill Magazine ,1904 *The Cumulative Book Index* ,1905 A world list of books in the English language

Passionate Pilgrims Allison Lockwood,1981 The author has analyzed sorted and organized material from almost 500 accounts of travels in Great Britain into a veritable cavalcade of social history This is a book filled with life and vitality written with a light touch and always with an eye to social comedy It presents a true and realistic picture of these people and their periods

The International Quarterly ,1905 **Bulletin** Salem Public Library,1903 **Bulletin of the Salem Public Library** Salem Public Library,1907 *The Nation* ,1904 Illustrated Catalogue of Books, Standard and Holiday McClurg, Firm, Booksellers, Chicago,1904 **Monthly Bulletin of the Carnegie Library of Pittsburgh** Carnegie Library of Pittsburgh,1911 **Monthly Bulletin** Carnegie Library of Pittsburgh,1903 *Among Our Books* Carnegie Library of Pittsburgh,1911
