Johnson, 2020-09-02 I and Thou is a summons calling us to dialogue today Like the call Buber himself received the book invites us to encounter the Other our counterparts both human and eternal Buber s spiritual awakening his engagement with his people and his times his wide reading and his grief are contexts that open up this call to us to join with him in the fullness of a life of dialogue If we follow Buber into his study into the struggle of his inner life into his achievement of dialogical existence he opens up the wonders of I and Thou to us as his testament and his call to us to turn to dialogue and he shows us the path to the fulfillment

of that life This book ushers us to that place *Martin Buber additional letters to Ronald Gregor Smith* Martin Buber,1936 Includes 13 letters from Buber to Smith chiefly concerning Smith's translation of Buber's *Ich und du* 1937 and a typescript letter from A Steinhoff of Schocken Verlag Berlin to Smith concerning his translation of Buber's work **Martin Buber on Psychology and Psychotherapy** Martin Buber,1999 Buber 1878-1965 is best known as a philosopher but was also very interested in psychology and psychotherapy and in fact has influenced many leading therapists Here are some of his seminal works in the area including nine essays correspondence with Hans Trüb Hermann Menachem Gerson Ludwig Binswanger Robert C.
