Conversations in Context

CALVIN J.
ROETZEL

Letters Of Paul Conversations In Context

Yung Suk Kim

Letters Of Paul Conversations In Context:

The Letters of Paul Calvin J. Roetzel, 2015-01-01 This is the sixth edition of the classic textbook that has been introducing Paul and his writing to seminary and undergraduate students for over forty years. Roetzel provides a comprehensive look at Paul in light of recent scholarship and theological understandings of Paul. This new edition includes an additional chapter on the place of the Gentiles and the Law in the Judaism of Paul's day, an updated bibliography for further study, and additional changes that note the ongoing study of Paul with a broadened context. This long-established textbook is the ideal choice for any student of Paul.

The Letters of Paul Calvin J. Roetzel, 2009-01-01 This 5th edition has been updated to reflect developments in the scholarship since 1998. It is an introduction to St Paul and his writings aimed at students.

The Letters of Paul Calvin J. Roetzel, 1991 The author compares Paul's Jewish background with the cultures of his converts and acknowledges that because of the difference between the cultures the letters were often heated.

The Letters of Paul Charles B. Puskas, Mark Reasoner, 2013 Since Charles Puskas first published *The Letters of Paul* it has proven to be a reliable text and reference tool. It is an exemplary guide to the basic issues surrounding the Pauline letters: who really wrote each letter, when it was written, the letter's social context, audience, and literary characteristics, and also includes discussion of the worlds of Paul, the letter genre, and the rhetorical arrangement of each letter. Working with noted Pauline scholar Mark Reasoner on this new second edition with more than 40 percent new and revised material, the authors have taken account of a host of diverse cultural, historical, socio-rhetorical, literary, and contextual studies of recent years and critically reexamined several issues of authorship, date, historical situation, literary form, and rhetorical structure. They have addressed new and pressing issues, filled certain lacunae, and generally updated the book for a new generation of readers.

A Theological Introduction to Paul's Letters Yung Suk Kim, 2011-06-10 In this study Kim explores a new way of reading Paul's letters and understanding his theology with a focus on three aspects of Paul's gospel: the righteousness of God, faith of Christ, and the body of Christ. Kim argues that Paul's thought can be best understood by reading these genitives as the subjective or attributive genitives rather than as the objective genitives. The subjective or attributive reading places an emphasis on the subject's participation: God's participatory righteousness, Christ's faithful obedience to God, and the believer's living of Christ's body. Using this approach, Kim investigates the root of Paul's theology in a wide array of texts and contexts in the Hebrew Bible, Second Temple Judaism, the Greco-Roman world, and Paul's canonical letters. In doing so, Kim synthesizes Paul's theology and ethics seamlessly, balancing the roles of God, Christ, and believers in Paul's gospel. For the website: Study Discussion Questions and Sample Syllabus available at <http://youaregood.com/threefoldtheology.htm>.

Opening Paul's Letters Patrick Gray, 2012-03-01 It is sometimes easy to forget that the books of the Bible are not really books at all but individual documents composed in a wide array of literary genres. This clear, concise, and accessible text on the Pauline Letters orients beginning students to the genre in which Paul writes. The book compares and contrasts Paul's letters with

ancient and modern letters revealing the distinctive conventions forms and purposes of Paul's Epistles It focuses on the literary genre of the letter in ancient Greece and Rome providing an overview of subjects strategies and concerns of immediate relevance for readers who wish to understand Paul in his ancient context Discussion questions and sidebars are included

Paul of Tarsus Panayotis Coutsoumpas, 2018-09-25 Paul's writings are central and important not only for the establishment of the Christian faith but also for the entire history of the Early Christian Church The study of Paul's person his letter and his theology can be stimulating and a challenging reading effort Paul of Tarsus is an introduction designed for students pastors and laymen P Coutsoumpas seeks to expand Paul's essential message Seeking to situate the study of the Apostle in a proper perspective Coutsoumpas first looks into the contours of Paul's personal life before and after his encounter with the risen Christ Then he looks at each of Paul's letters independently and lastly emphasizes the central elements of his theological belief Paul of Tarsus is an appealing and accessible book that places Paul within his historical and theological context

Rereading Galatians from the Perspective of Paul's Gospel Yung Suk Kim, 2019-10-29 Galatians has often been read from a rhetorical perspective with an emphasis on justification by faith Paul's autobiographical experience proofs of the gospel and exhortations to the Galatians However it can be read as a letter of which the main theme is the gospel an umbrella term that covers many other topics including faith righteousness freedom and new creation Paul writes Galatians not to argue for an individual justification by faith understood from a forensic salvation perspective but to make explicit his gospel that all can become children of God through faith In Paul's logic what comes first is God's promise faith is a response to it through Christ and the law can be fulfilled through faith The gospel that Paul proclaimed to the Galatians is based on God who called them in the grace of Christ 1 6 Kim challenges the traditional reading of Galatians exploring different dimensions of the gospel 1 God as the origin and root of the gospel 2 Christ as the exemplifier of God's gospel through faithfulness 3 the followers of Jesus as the children of God who participate in Christ's faithfulness and continue to proclaim the good news of God through Jesus

Sacra Pagina: Philippians and Philemon Bonnie B. Thurston, Judith Ryan, 2023-06-13 Although relatively brief Philippians is one of the most interesting and beloved of Paul's undisputed epistles In Philippians and Philemon Bonnie Thurston makes a convincing case that canonical Philippians is as Paul wrote it one letter Although there is not enough specific evidence to name names she suggests a number of possible audiences A translation conforming as closely as possible to the original Greek is provided along with a careful analysis of the language of the letter that yields insights into the context and theological underpinning of this epistle The apostle's very brief letter to Philemon stands solidly within the Pauline collection of authentic and canonical letters In this volume Judith Ryan argues that Philemon makes two specific appeals The first seeks to elicit Philemon's partnership and his community's support in welcoming Onesimus back as both beloved brother and honored guest The second requests that Onesimus be allowed to use the freedom he already has to serve Christ and his Gospel In this commentary Ryan provides a fresh translation critical notes for each

verse and interpretation on defined sections She situates the letter in the historical context of slavery in the ancient world and shows how Paul combined his theology with contemporary rhetorical strategies to produce an effective challenge to his audience

Paul Calvin J. Roetzel, Cameron Evan Ferguson, 2023-08-15 Paul The Man and the Myth opens a window into the humanity of the most influential apostle of the early Christian church and in doing so offers a fresh view of this important historical figure In examining the apostle and his theology Calvin J Roetzel vividly depicts Paul s world the land where he grew up the language he spoke the Scriptures he studied and the lessons he learned in letter writing and rhetoric Roetzel presents an evangelist anxious about the welfare of his churches a theologian facing fierce opposition a missionary at the mercy of the elements and a man suffering physical assault slander and imprisonment In contrast to the powerful hero described in Acts and the Apocryphal Acts Roetzel s portrayal presents a physically weak even sickly theologian a letter writer and a preacher unskilled in speech Questioning the historicity of widely held beliefs about the apostle including his Roman citizenship Roetzel suggests that Paul never abandoned ties to his native Judaism or to the Hellenistic culture of his childhood Roetzel underscores that no matter how Paul s image has changed through history he remains forever tied to support for the weak and vulnerable faith in one God and the transgressing of social boundaries

The Oxford Handbook of Pauline Studies Matthew V. Novenson, R. Barry Matlock, 2022-04-08 The Oxford Handbook of Pauline Studies brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the apostle Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul It is demonstrated that reading Paul is not and never has been just one thing It has always been a matter of the particular questions and interests that the reader brings to these very generative texts The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today paying particular attention to theory and method in interpretation It considers traditional approaches alongside recent approaches to Paul including gender race and ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters

Conversations with Scripture Jay Sidebotham, 2015-03 This book guides readers into conversation with Paul s letter to the Romans The author helps readers listen to what that letter said to the people to whom it was written and to hear what it says to us today Readers will bring their own reflections personal concerns and questions to the table as we let this letter challenge us with meaning letting it read the reader The

thesis of this book is that the letter has demonstrated transforming power to renew lives and the church through a focus on worship a rigorous assessment of the human condition especially the failure of human religiosity a claim of transforming power in the ongoing life of Christ an expansive vision of who is included in God's life and love a call to practical application and proclamation of the gospel

A Handbook to the Exegesis of the New Testament Stanley E. Porter, 1997 This handbook provides a substantial theoretical and practical guide to the multi faceted discipline of exegesis of the New Testament It offers succinct and well informed essays with plenty of bibliography written by experts in their respective fields The handbook will serve well as a textbook as well as a reference book to the major tools and topics in the area This publication has also been published in paperback please click here for details

The Pauline Book and the Dilemma of Ephesians Benjamin J. Petroelje, 2022-09-08 Benjamin J Petroelje argues that how one reads Ephesians is a function of deeper questions about how to read the Pauline book Petroelje suggests the contemporary consensus that Ephesians depicts development of away from the real Paul is largely a construct of modern criticism rooted in shifting strategies about how to read a letter collection that developed in the 19th century Using Ephesians 3:1-13 as a point of analysis Petroelje theorizes that the text's image of Paul not only anticipates recent revisionist interpretations of Paul's Jewish identity and gentile gospel but also holds together tensions in the collection itself surrounding these questions By analysing ancient letter collections beside their own hermeneutical priorities and applying this method to the late antique and modern reception of the corpus Paulinum Petroelje is able to historicize the origins of the split of Paul's corpus revealing the constructed nature of the critical consensus on Ephesians and the effect that such modern reading strategies have on interpreting the letter Urging a return to reading Ephesians alongside Pauline co texts Petroelje advocates for Ephesians as a crucial source for the study of Paul whether Paul wrote it or not

Convergence Daniel J. Fick, Jesse K. Mileo, 2018-01-03 Philosophy and theology are important concepts for Christians This important work identifies how philosophy shapes theology while also addressing various philosophical issues that arise within the Bible and theology The hope is that this book will catapult the reader into critical thinking while creating an appetite and appreciation for these separate yet similar disciplines

Paul, Apostle to the Nations Walter F. Taylor, 2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Paul's thought on gender and sexuality

A Prolegomenon to the Study of Paul Patrick Hart, 2020-04-14 *A Prolegomenon to the Study of Paul* examines foundational assumptions that ground all interpretations of the apostle Paul This examination touches on several topics invoking issues pertaining to truth hermeneutics canonicity historiography pseudonymity literary genres and authority Underlying all of this is a guiding thesis namely that every encounter with Paul involves Pauline Archimedean points or fixed points of reference that establish the measure for constructing any interpretation of Paul whatsoever Building

on this the author interrogates various issues that inform the formation of these Pauline Archimedean points in pursuit of an important but modest goal to urge Pauline readers to engage in a modicum of self reflection over the various considerations that precondition all of our efforts to comprehend Paul A Critical Introduction to the New Testament Carl R. Holladay, 2011-07-01 This book introduces the New Testament in two senses it not only provides basic literary and historical information on each of the twenty seven writings but also orients readers to the religious theological and ethical issues related to the message and meaning of Jesus Christ The overall goal is to help interested readers of the New Testament become informed responsible interpreters of these writings and thereby enrich their personal faith and understanding By giving special emphasis to how the New Testament has helped shape the church s identity and theological outlook throughout the centuries as well as the role it has played within the broader cultures of both East and West this introduction also seeks to assist readers in exercising creative informed leadership within their own communities of faith and in bringing a deeper understanding of early Christianity to their conversations with the wider public Along with separate chapters devoted to each New Testament writing there are chapters explaining how this collection of texts emerged as uniquely authoritative witnesses to the church s faith why they were recognized as canonical whereas other early Christian writings were not how the four canonical Gospels are related to one another including a discussion of the Synoptic Problem how the Jesus tradition his teachings stories from his ministry and the accounts of his suffering death and resurrection originated and developed into Gospels written in narrative form and how the Gospels relate to Jesus Christ as he was and is Also included is a chapter on the writings of Paul and how they emerged as a collection of authoritative texts for the church This chapter includes a discussion of ancient letter writing special considerations for interpreting the Pauline writings and Paul s decisive influence within the history of the church and western culture Anatomy of the New Testament, 8th Edition C. Clifton Black, D. Moody Smith, Robert A. Spivey, 2019-05-28 Now in its 8th edition Anatomy of the New Testament is one of the most trustworthy and enduring introductory textbooks of its kind Its authors bring literary and historical approaches to the New Testament together offering a comprehensive and accessible approach that appeals to students at all levels Visually appealing and well designed this compact edition has been designed for today s student and is illustrated with engaging images refreshed maps and updated bibliographies that make the textbook enjoyable to read and easy to teach The stand out pedagogical features have been updated as well updated for new advances in biblical scholarship and the needs of today s student Have You Learned it Offering questions for analysis and reflection What Do They Mean Presenting definitions for key terms to enhance student comprehension and critical thinking Paul Perceived Karl Olav Sandnes, 2018-09-25 An epicenter in present day Pauline scholarship is the issue of the Law The interpretation of this contentious issue started before Paul s letters and found its way into them by his citing how others perceived of his theology and in Paul rendering rumors and criticism and also interacting with them To this reception oriented perspective belong also punitive actions taken against

Paul by synagogues As a reception of Paul Acts is included leaving a more complex picture than argued by advocates of Paul within Judaism Thus Karl Olav Sandnes uncovers the first interpretation or reception of Paul s view on Torah It is limited in its scope but provides a critical and necessary view on common trends in Pauline scholarship Paul s decentering of the Torah was considered endangering for morality for Jews and Gentiles alike Perceptions of Paul s theology must be accounted for in Pauline studies
