Kingsley,1900 **Cosi** Kerrie Piper,2003 **The Trail of Lewis and Clark, 1804-1904** Olin Dunbar Wheeler,1926 [The Mouse and the Myth](#) Dorene Koehler,2017-04-24 Upholds a Disney vacation as a religious experience offers insightful arguments relating to the nature of play as well as Nietzschean philosophy Reading Religion Rituals mark significant moments in our lives perhaps none more significant than moments of lightheartedness joy and play Rituals of play are among the most sacred of any of the rites in which humanity may engage Although we may fail to recognize them they are always present in culture providing a kind of psychological release for their participants child and

adult alike Disneyland is an example of the kind of container necessary for the construction of rituals of play This work explores the original Disney theme park in Anaheim as a temple cult It challenges the disciplines of mythological studies religious studies film studies and depth psychology to broaden traditional definitions of the kind of cultural apparatus that constitute temple culture and ritual It does so by suggesting that Hollywood's entertainment industry has developed a platform for mythic ritual After setting the ritualized stage this book turns to the practices in Disneyland proper analyzing the patron's traditions within the framework of the park and beyond It explores Disneyland's spectacles through selected shows and parades and concludes with an exploration of the park's participation in ritual renewal There is much to commend in Koehler's study Surely her work should encourage others to examine myth construction and sacred secular rituals in popular culture H Celebration

Lewis -- A Life** Alister McGrath, 2013-02-18 ECPA 2014 Christian Book Award Winner Non Fiction Fifty years after his death C S Lewis continues to inspire and fascinate millions His legacy remains varied and vast He was a towering intellectual figure a popular fiction author who inspired a global movie franchise around the world of Narnia and an atheist turned Christian thinker In C S Lewis A Life Alister McGrath prolific author and respected professor at King s College of London paints a definitive portrait of the life of C S Lewis After thoroughly examining recently published Lewis correspondence Alister challenges some of the previously held beliefs about the exact timing of Lewis s shift from atheism to theism and then to Christianity He paints a portrait of an eccentric thinker who became an inspiring though reluctant prophet for our times You won t want to miss this fascinating portrait of a creative genius who inspired generations *The Oxbridge Evangelist* Michael J. Gehring, 2017-02-28 In *The Oxbridge Evangelist* Motivations Practices and Legacy of C S Lewis Michael Gehring examines the evangelistic practices of one of the most significant lay evangelists of the twentieth century In the early 1930s not many who knew Lewis would have guessed that he would become such a significant evangelist He has left an evangelistic legacy that has influenced millions across the world Yet Lewis scholarship has not given sufficient attention to this crucial aspect of his legacy This work examines Lewis s loss and recovery of faith and it shows how his experience heightened his own awareness of the loss of the Christian faith in England Because of his ability to identify with others Lewis engaged in the work of evangelism with uncanny skill This work required singular courage on his part it cost him dearly professionally and in his relationships Gehring critically explores Lewis s motivations practices and legacy of evangelism In doing so he provides penetrating insight for those interested in the theory and practice of evangelism in a culture that too readily leaves it to the crazies of the Christian tradition or relegates it to the margins of church life [Navigating Through Time](#) Eric

Jones,2024-03-04 Navigating through time takes you on an introspective journey to explore the core tenets of philosophy and the nature of being so that one can look in the mirror and ask the question who are you really What makes up your thoughts your actions your character and are you happy Who do you want to be Where do you want to go Although some of us can spend a lifetime exploring the ultimate answer lies in the heart of the seeker Wisdom and philosophy are intricately linked because both can occupy your mind with the nature of things and more importantly help you set a course to either find or create your place in this world Wisdom is the purest form of reasoning laced with reflection Through wisdom you learn how to dance with all the rhythm and agility one would need in order to avoid life s difficulties Some of us get lucky and inherit wisdom but for others it has to be developed In either case wisdom can be both contagious and transformative giving an opportunity to become a better version of ourselves Faith is another important element when discussing self discovery the most common definition I have heard of faith is the evidence of things unseen Although an important ingredient faith is not limited to religion but rather encompasses one s trust values and touches the very nature of our existence Faith is the invisible thread that weaves through our lives connecting our dreams our values and our actions Faith gives us a chance to connect with the intensity and the resilience of the human spirit In this book we explore finances through the lens of understanding the connections between our financial decisions and the quality of life that we want We also navigate into discussions revolving around the impact of lifelong relationships and how important it is to be good to those around us Each day presents an opportunity to exercise your wisdom faith master your finances and tell your story I am grateful to serve you in this journey to find greater purpose and fulfillment
