Brokenness and Reconciliation Christian Danz, Marc Dumas, Werner Schüßler, Bryan Wagoner, 2020-09-07 Too often we see reality in black and white overlooking nuances that require the discernment of tensions between the brokenness of our world and our desires for reconciliation Yet the gap between wounding words and actions and the hope for acts of reconciliation can lead to even more violence and despair The authors of this volume explore these tensions and the valences of brokenness and reconciliation in Paul Tillich s thought Together they contribute to a richer understanding of the thought of the German American theologian and philosopher his commitments and the constructive interpretations his work can induce for us today Think of the ruptures and efforts of dialogue among divided Christian churches or the commitment of the social worker reflect on how love as agape or the courage to be can be at the heart of this constructive work or consider the reconciliation processes of peoples torn apart by violence to mention a few contributions from this volume Collectively these contributions raise the hope of a Tillichian creative justice a hope that can stimulate a broad audience to go beyond the superficiality and instantaneity of social media to something deeper more enduring and transformative
