Rosenfeld, 2022-07-05 Each of us has his tastes inscribed in his brain and heart whether he fulfills his urges with regret or with joy he must fulfill them He should let others act according to their own nature It is fate that creates us and guides us throughout our lives to fight against it would be little more than fruitless foolish and reckless In the late 1880s a dashing young Italian aristocrat made an astonishing confession to the novelist Ivo Zola In a series of revealing letters he frankly described his sexual experiences with other men including his seduction as a teenager by one of his father's friends and his first love affair with a sergeant during his military service as well as his extraordinary personality Judging it too controversial Zola gave it to a young doctor who in 1896 published a censored version in a medical study on sexual inversion as homosexuality was then known When the Italian came across this book he was shocked to discover how his life story had been distorted In protest he wrote a long daring and unapologetic letter to the doctor defending his right to love and to live as he wished This book is the first complete unexpurgated version in English of this remarkable queer autobiography Its text is based on the recently discovered manuscript of the Italian's letter to the doctor It also features an introduction tracing the textual history of the documents analytical essays and additional materials that help place the work in its historical context Offering a striking glimpse of gay life in Europe in the late nineteenth century The Italian Invert brings to light the powerful voice of a young man who forthrightly expressed his desires and eloquently affirmed his right to pleasure **Sex, France, and Arab Men, 1962-1979** Todd Shepard, 2018-01-08

The aftermath of Algeria's revolutionary war for independence coincided with the sexual revolution in France and in this book Todd Shepard argues that these two movements are inextricably linked Sex France and Arab Men is a history of how and why from the upheavals of French Algeria in 1962 through the 1970s highly sexualized claims about Arabs were omnipresent in important public French discussions both those that dealt with sex and those that spoke of Arabs Shepard explores how the so-called sexual revolution took shape in a France profoundly influenced by the ongoing effects of the Algerian revolution Shepard's analysis of both events alongside one another provides a frame that renders visible the ways that the fight for sexual liberation usually explained as an

Queering Contemporary French Popular Cinema Darren Waldron, 2009 *Queering Contemporary French Popular Cinema* combines close film analysis with a small scale qualitative investigation of audience responses to examine images of queerness in contemporary French popular cinema and their reception Through its blending of the textual and the empirical this book provides a unique insight into the ways in which sexuality and gender are represented on the cinema screen as well as the spectator reactions they elicit Since the mid 1990s depictions of lesbians gay men and queer forms of sexual desire and identity have shifted to the mainstream of French cinematographic representation as evidenced by the box office success of a series of highly commercial comic films including *Gazon maudit* Josiane Balasko 1995 *Pdale douce* Gabriel Aghion 1996 *Le Placard* Francis Ver 2000 and *Chouchou* Merzak Allouache 2003 Alongside this commercial strand a series of small budget alternative comedies and other genre films have also challenged heteronormative conceptualizations of sexuality and gender Films such as *Sitcom* François Ozon 1998 *L'Homme est une femme comme les autres* Jean Jacques Zilbermann 1997 *Pourquoi pas moi* Stéphane Giusti 1999 *Dr le de Félix* Olivier Ducastel and Jacques Martineau 2000 and *Les Chansons d'amour* Christophe Honor 2007 portray desire as fluid and or gender as unfixed With their use of parody and their blending of comedy with the musical melodrama romance or road movie these and other similar films have resonated with a burgeoning viewing public tired of having to seek queerness in connotation of appropriating marginal characters in ostensibly straight narratives and of tragedy and trauma as the principal modes of representation and spectator address
