## **Li Ka Shing:**

**Li Ka-Shing** Anthony B. Chan, 2000-03 This is the biography of billionaire Li Ka Shing a Hong Kong rags to riches success story The book follows his life from his poor family's flight from Japan to Hong Kong in 1940 to his famous takeover of the British Hong Kong Hutchison Whampoa in 1979 and expansion of his business empire to become one of the ten richest people in the world Li Ka-Shing & Cheung Kong Holdings Yan Qicheng, 2021 China's economic rise and influence has been one of the most significant developments in the global economy of recent times A driving force behind this expansion has been the private entrepreneurs and companies of China some of which have literally redefined the economic and business landscape both inside and outside of China Nicknamed Superman Li Ka Shing is one of the most influential entrepreneurs in Asia Born in 1928 in Chiu Chow in Southeastern China Li left for Hong Kong with his family to avoid the perils of war Forced to leave school before the age of 15 he worked in a plastics factory before starting his own company and is today the 11st richest person in the world Today his Cheung Kong is influential in many sectors including transportation real estate financial services retail and energy This is the story of an outstanding entrepreneur whose rise is legendary

*Corporate Governance and Ethics* Alejo G. Sison, 2010-01-01 This book can be highly recommended to corporate directors executives managers and interested academics At the same time however I think it should also be on the reading list of every politician involved in rethinking the regulations of the economic system in these times of social ecological and financial crisis Frederic Ghys *Ethical Perspectives* This is an interesting and thought provoking study that deals with a relatively neglected area of corporate and personal leadership this book makes a significant contribution to recognising the emerging social and moral responsibilities of the individual leader at board level The case studies used to support the author's argument are extremely detailed and would certainly be of interest to those on corporate boards and directors of organisations who maybe seeking answers to lessons learned and the author makes a clear recommendation regarding the teaching of virtuous values to corporate leaders Trevor K Horne *Leadership Matters Corporate Governance and Ethics* is an illuminating and practical reading of Aristotle's *Politics* for today's corporate directors With a deft synthesis of ethics economics and politics Alejo Sison elevates the discussion of corporate governance out of the realm of abstract rules and structures into a more effective form of Aristotelian politics He argues that corporate governance is a human practice where subjective ethical conditions outweigh the mastery of techniques since the firm is not a mere production function but above all a community of workers Corporate governance issues are discussed in a holistic fashion using international case studies to embed the discussion in environments defined by their economic legal and cultural systems One of the author's key messages is that reform starts with the ethical and political education of directors Alejo Sison uses an integrative approach to corporate governance that incorporates ethical political considerations with the economic and legal dimensions of issues He backs his theoretical claims with a series of case histories including Fiat from Italy Cheung Kong Holdings and Whampoa Limited from China Banco

Popular from Spain and United Airlines from the US He provides a special focus on the education of corporate directors in accordance with the principles of Aristotle's Politics This accessible book will appeal to corporate directors executives and managers academics and students with an interest in corporate governance leadership and ethics corporate citizenship and corporate social responsibility and modern readers of Aristotle's virtue theory and politics in relation to business ethics

Operation China Jimmy Hexter, Jonathan Woetzel, 2007-12-18 China has matured as a market and the game has changed Yesterday multinationals grappled with fundamental strategic choices Do we go to China Whom do we partner with Where should we invest Winning in China was all about achieving approval to enter the market picking the right joint venture partner and selling in the right few cities to the right customers Execution didn't matter as much as privileged access through government and partner relationships Today China is teeming with MNCs and local competitors Government is no longer the main driver of deals Barriers to entry have fallen Regulations are less of a factor Partners are no longer required in many industries Winning now depends on great execution effectively and efficiently developing marketing producing and channeling goods to customers and growing and retaining a talent base In Operation China Jimmy Hexter and Jonathan Woetzel explain how you can achieve superior execution in China through operations including talent management product development information technology procurement supply chain management manufacturing and sales marketing and distribution Based on over two decades of consulting experience for both local and multinational operations in China and extensive research on what drives success in operating in China this book helps you get your operations right in the new competitive arena defining China today

Li Ka-Shing and the Growth of Cheung Kong Anthony J.
