Les Liaisons Culinaires Andreas Staïkos, 2011-06-08 Dimitris and Damocles live in the same block of flats They share a love of cooking and it soon transpires a lover Nana What follows is the story of their competition to win Nana's heart through her appetite As the plates pile up and the recipes grow ever more mouth watering a bizarre and comic duel develops fought with sea urchin salads stuffed vine leaves and delicacies from all corners of the Aegean to win the consummate femme fatale or to end up with the sting in the tail

The Psychopolitics of Food Mihalis Mentinis, 2016-06-10 The Psychopolitics of Food probes into the contemporary foodscape examining culinary practices and food habits and in particular the ways in which they conflate with neoliberal political economy It suggests that generic alimentary and culinary practices constitute technologies of the self and the body and argues that the contemporary preoccupation with food takes the form of rites of passage that express and mark the transition from a specific stage of neoliberal development to another vis à vis a re configuration of the alimentary and sexual regimes Even though these rites of passage are taking place on the borders of cultural bi polarities their function nevertheless is precisely to define these borders as sites of a neoliberal transitional demand that is to produce a cultural bifurcation between eating orders and eating dis orders by promoting and naturalising certain social logics while simultaneously rendering others as abject and anachronistic The book is a worthwhile read for researchers and advanced scholars in the areas of food studies critical psychology anthropology and sociology
