The Cambridge Companion to Mary Shelley Esther Schor, 2003-11-20. Known from her day to ours as the Author of *Frankenstein*, Mary Shelley indeed created one of the central myths of modernity. But she went on to survive all manner of upheaval, personal, political, and professional, and to produce an oeuvre of bracing intelligence and wide cultural sweep. The Cambridge Companion to Mary Shelley helps readers to assess for themselves her remarkable body of work. In clear, accessible essays, a distinguished group of scholars place Shelley's works in several historical and aesthetic contexts: literary history, the legacies of her parents, William Godwin and Mary Wollstonecraft, and of course the life and afterlife in cinema, robotics, and hypertext of *Frankenstein*. Other topics covered include Mary Shelley as a biographer and cultural critic, as the first editor of Percy Shelley's works, and as travel writer. This invaluable volume is complemented by a chronology, a guide to further reading, and a select filmography.

Liars, Damn Liars, and Storytellers Joseph Sobol, 2023-08-18 Joseph Sobol is one of a select few contemporary scholar practitioners to chart the evolution of storytelling from traditional foundations to its current multifarious presence in American life. The years since his classic *The Storytellers' Journey: An American Revival* (1999) have brought seismic shifts in storytelling circles. Essays gathered here move between cultural history, critical analysis, and personal narratives to showcase the efforts of traditional and contemporary storytellers to make their presence felt in the world. The book begins with an account of recent changes in the storytelling landscape, including the growth of a new generation of urban personal storytelling venues sparked by *The Moth*. Next is a suite of essays on Appalachian folk tales, the best-known cycle of traditional American wonder tales, and an account of its most celebrated practitioners, including close encounters with the traditional master Ray Hicks. The next set examines frames through which storytellers capture truth: historical, legendary, literary, oral, traditional, and personal. Stylistic differences between northern and southern tellers are affectionately portrayed, with a special look at the late, much-loved Alabamian Kathryn Tucker Windham. The final section makes the case for informed critical writing on storytelling performance through a survey of notable contemporary storytellers. Work on the ethics of storytelling genres and a nuanced probe of truth and fiction in storytelling settings. A
