*The Liberal Dilemma in South Africa* Pierre L. Van den Berghe, 1979      **Breaking Story** Gordon S. Jackson, 2019-03-14 This book provides an in depth analysis of the economic difficulties facing journalism including the impact of television s increasing share of the advertising market It focuses on the alternative press which arose in the mid 1980s at the height of the government s crackdown on dissent      The Awkward Embrace Hermann Giliomee, Charles Simkins, 2005-08-08

Democracies derive their resilience and vitality from the fact that the rule of a particular majority is usually only of a temporary nature By looking at four case studies *The Awkward Embrace* studies democracies of a different kind rule by a dominant party which is virtually immune from defeat Such systems have been called Regnant or or Uncommon Democracies They are characterized by distinctive features the staging of unfree or corrupt elections the blurring of the lines between government the ruling party and the state the introduction of a national project which is seen to be above politics and the erosion of civil society This book addresses major issues such as why one such democracy namely Taiwan has been moving in the direction of a more competitive system how economic crises such as the present one in Mexico can transform the system how government business relations in Malaysia are affecting the base of the dominant party and whether South Africa will become a one party dominant system      *State, Resistance and Change in South Africa* Philip Frankel, Noam Pines, Mark Swilling, 2022-10-05 Originally published in 1988 this book describes and analyses the factors that were operative in South Africa during the 1980s at a time when Apartheid was under intense pressure It focuses not only on the central arenas of political action but also on the non institutional arenas which were increasingly the central forums of political action Organised around the three linked themes of state action popular opposition and possible alternatives the work examines the manner in which such key institutions such as government business and the military responded to Apartheid in its crisis as well as the role of the ANC the black trade unions Inkatha and community movements in the townships The final section deals with the South African left and the Freedom Charter

**Historian** Hermann Giliomee, 2018-01-04 In this eloquent memoir already widely read and praised in the author s native South Africa Hermann Giliomee weaves together the story of his own life with that of his country a nation that continues to absorb and inspire him both despite and because of its tortuous history An internationally respected historian his landmark *The Afrikaners* writes J M Coetzee includes an account of the origins and demise of apartheid that must rank as the most sober objective and comprehensive we have Giliomee has devoted

a lifetime to exploring the origins and perpetuation of the deep divisions in South African society Although he grew up in the heart of the Afrikaner nationalist movement he soon began to cut his own path in examining the rise and entrenchment of exclusive Afrikaner power and became one of the National Party's chief critics As an outside insider or to his critics a snake in the grass Giliomee has an understanding of Afrikaner power that is informed and nuanced He has engaged with members on all sides of South Africa's debates many of whom appear in these pages through vivid and insightful portraits and his outspokenness has hit nerves across the political spectrum The personal journey of this original and courageous thinker will appeal to anyone interested in the complexities of South Africa's past and present **Reconsiderations in Southern African History**

*The Origins of Non-Racialism* David Everatt, 2009-06-01 How did South Africa embrace non racialism After centuries of white domination and decades of increasingly savage repression freedom came to South Africa far later than elsewhere in the continent and yet was marked by a commitment to non racialism Nelson Mandela's Cabinet and government were made up of women and men of all races and many spoke of the birth of a new Rainbow Nation How did this come about How did an African nationalist liberation movement resisting apartheid a universally denounced violent expression of white supremacy open its doors to other races and whites in particular And what did non racialism mean This is the real miracle of South Africa that at the height of white supremacy and repression black and white democrats in their different organisations coming from vastly different backgrounds and traditions agreed on one thing that the future for South Africa would be non

racial      Inside African Anthropology Andrew Bank, Leslie J. Bank, 2013-04-08 Inside African Anthropology offers an incisive biography of the life and work of South Africa's foremost social anthropologist Monica Hunter Wilson. By exploring her main fieldwork and intellectual projects in southern Africa between the 1920s and 1960s, the book offers insights into her personal and intellectual life. Beginning with her origins in the remote Eastern Cape, the authors follow Wilson to the University of Cambridge and back into the field among the Mpondo of South Africa, where her studies resulted in her 1936 book *Reaction to Conquest*. Her fieldwork focus then shifted to Tanzania, where she teamed up with her husband Godfrey Wilson. In the 1960s, Wilson embarked on a new urban ethnography with a young South African anthropologist Archie Mafeje, one of the many black scholars she trained. This study also provides a meticulously researched exploration of the indispensable contributions of African research assistants to the production of this famous woman scholar's cultural knowledge about mid-twentieth century Africa.

*Religious Change In Zambia* Wim M.J. van Binsbergen, 2012-11-12 Published in 1981 *Religious Change in Zambia* is a valuable contribution to the field of Middle East Studies.
