

# LEFTIST VS LIBERAL

In the American political context, a liberal is center-left and tends to advocate for gradual and constrained social change while a leftist is farther left and desires more radical change.

## LIBERAL

Liberal generally refers to a worldview that advocates for a regulated capitalist market that curbs excesses and prevents economic exploitation. It values market regulations while also upholding the supremacy of the capitalist system. In terms of social policies, liberals tend to support civil liberties, democratic institutions, human rights, and equality of opportunity.

## LEFTIST

Leftist generally refers to a worldview that advocates for a transition to socialism in some or all parts of the economy. Namely, it tends to support government takeover of the healthcare system in America. Leftists often advocate for systemic change to eradicate perceived inequities and injustices, and aims for equality of outcome rather than simply equality of opportunity.

*What's Left? What's Right? A Political Journey via North Korea and the Chinese Cultural Revolution* , **"The Sons of Pigs and Apes"** Neil J. Kressel, 2012-08-01 From the 1950s through the 1990s antisemitism everywhere seemed to be on the wane But as Neil Kressel documents in this startling book the Muslim world has resurrected in recent decades almost every diatribe that more than two millennia of European hostility produced against the Jews and it has introduced many homegrown and novel modes of attack Though it is impossible to determine precisely how many of the world's 1.2 billion Muslims hold anti Jewish beliefs Kressel finds that much bigotry comes from the highest levels of religious and political leadership Compounding the problem as Kressel demonstrates many in the West refuse to recognize this issue The growing epidemic of hate has been largely ignored misunderstood or downplayed Kressel reveals because of apathy ignorance confusion bigotry ideology purported pragmatism and misguided multiculturalism Those who value human rights ignore antisemitism at their own risk he cautions noting that no antisemitic regime or movement has ever been otherwise reasonable or progressive Kressel argues convincingly that Muslim antisemitism provides an acid test of the seriousness of Western liberalism If the West fails to stem this growing tide as now seems likely future affairs will not go well for the true proponents of democracy Kressel moves beyond sounding the alarm to explore the diverse religious political social and psychological forces that have created and nurtured the new hostility to Jews in the Muslim world he concludes with a bold and clear plan for what must be done to confront this hostility
