Liberal Arts In A Time Of Crisis:

The Liberal Arts in a Time of Crisis Barbara A. Scott, 1991-09-30 This volume is a timely and provocative analysis of the crisis provoked by the devaluation of the liberal arts and sciences in colleges and universities in the United States which has accompanied the growing popularity of practical and professional programs of study This technicization of higher education s curriculum has also coincided with declining academic standards and a growing crisis of literacy among today s students The new emphasis on developing useful knowledge and marketable skills the book contends has been at the expense of nurturing critically aware and intellectually able citizens through an education enriched by the liberal arts The editors of this book have assembled a distinguished roster of academicians who provide illuminating critical commentary on these intertwined issues and wide ranging alternatives for recovery of higher learning The first part of *The Liberal Arts in a Time of Crisis* explores the politics and ideology underscoring the development of curricular policies and pedagogical trends in colleges today Some of the fallout of these new policies has been rampant anti intellectualism among students and increasingly narrow and esoteric research specialization among faculty In the concluding sections contributors examine the shortcomings of the literacy crusade currently being organized by the educational establishment and provide workable guidelines for refocusing the curriculum and revitalizing the learning process All those concerned with these issues will find this book invaluable

The Reinvention of Liberal Learning Around the Globe Insung Jung, Ka Ho Mok, 2023-03-21 Despite or because we live in calculative and instrumental times in higher education liberal arts colleges and programmes are flourishing They draw students fascinated by society and culture who want to make a creative contribution *The Reinvention of Liberal Learning around the Globe* is an indispensable introduction to this diverse and brilliant educational world Simon Marginson Professor of Higher Education Director of ESRC RE Centre for Global Higher Education University of Oxford The editors pull together a diverse set of authors to share a wide range of approaches and trends in shaping the present and future of our liberal arts institutions and programs The diversity of perspectives makes this book of interest and use to anyone thinking deeply about and acting in support of the future of higher education and liberal arts education Michael McDonald President Great Lakes Colleges Association and the Global Liberal Arts Alliance This book rigorously questions and redefines liberal arts education by examining unique contexts of Asia North and South America Europe Africa and the Middle East It also considers the complexity of contemporary issues and emerging innovations in higher education With the diversity of perspectives and experiences presented by the international authors we could envision future liberal arts education in nurturing global and caring leaders with multiple collaborative possibilities through this book Mikiko Nishimura Professor of International Christian University Japan Co President of the Global Research Network for Liberal Arts Education This volume comprehensively documents the transforming nature of liberal arts institutions within the overall tensions provided by the global pandemic occurring at the intersection with a major transitional moment of technology and communication Its

timeliness is underscored by the geographic reach of its contributions providing a unique perspective on the multitude of ways in which higher education is responding to these powerful forces Deane E Neubauer Professor Emeritus of Political Science University of Hawaii Manoa Associate Director of the Asia Pacific Higher Education Research Partnership This is a most timely overview and analysis of liberal arts worldwide The editors brought together thoughtful scholars from around the world to demonstrate the dogged persistence resiliency and vulnerability of the liberal arts For those who still believe that the key value of higher learning is to enrich the intellect enliven the spirit and take more responsibility for the future of humanity this valuable book provides a framework for the future Gerard A Postiglione Emeritus Professor Honorary Professor of Education The University of Hong Kong Chapter 3 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) Crisis in Higher Education Jeffrey R. Docking, Carman C. Collaborations Emma Heffernan, Fiona Murphy, Jonathan Skinner, 2020-05-31 *Collaborations* responds to the growing pressure on the humanities and social sciences to justify their impact and utility after cuts in public spending and the introduction of neoliberal values into academia Arguing in defense of anthropology the editors demonstrate the continued importance of the discipline and reveal how it contributes towards solving major problems in contemporary society They also illustrate how anthropology can not only survive but thrive under these conditions Moreover *Collaborations* shows that collaboration with other disciplines is the key to anthropology's long term sustainability and survival and explores the challenges that interdisciplinary work presents The book is divided into two parts *Anthropology and Academia* and *Anthropology in Practice* The first part features examples from anthropologists working in academic settings which range from the life behavioural and social sciences to the humanities arts and business The second part highlights detailed ethnographic contributions on topics such as peace negotiations asylum seekers prostitution and autism *Collaborations* is an important read for students scholars and professional and applied anthropologists as it explores how anthropology can remain relevant in the contemporary world and how to prevent it from becoming an increasingly isolated and marginalized discipline *Lessons from the Foothills* Gretchen Dykstra, 2024-09-24 In 1859 a mob of sixty five prominent armed men rode

into Berea Kentucky and forced the closure of its integrated one room schoolhouse Founded by Kentucky born abolitionist John Gregg Fee the school was open to anyone regardless of their race or gender a notion that horrified white supremacists The mob evicted thirty six community members including Fee s family but Fee and the others returned to Berea in 1864 and reestablished the institution still committed to educating Appalachia s most vulnerable populations In Lessons from the Foothills Gretchen Dykstra profiles modern Berea College with its rich and beloved history This book is the first to focus on contemporary Berea and its eight Great Commitments the principles and practices that provide clear aspirations for the college and its community Each chapter functions as a deep dive into the history practice and significance of one Great Commitment from providing opportunity for the most marginalized to the college s high academic standards and its commitment to environmental sustainability The college has pledged to provide an educational opportunity for students of all races primarily from Appalachia who have great promise and limited economic resources To achieve this goal the college eliminated tuition in 1892 and it also provides jobs for students to assist with living expenses Drawn from interviews with a range of members of the Berea community including alumni students faculty and staff Lessons from the Foothills is an engaging portrait of a unique and historic institution and its enduring commitment to nurture and support academic excellence and service

The Uses of Variety Carrie Tirado BRAMEN,Carrie Tirado Bramen,2009-06-30 The turn of the last century amid the excesses of the Gilded Age variety became a key notion for Americans a sign of national progress and development reassurance that the modern nation would not fall into monotonous dullness or disorderly chaos Carrie Tirado Bramen pursues this idea through the works of a wide range of regional and cosmopolitan writers journalists theologians and politicians who rewrote the narrative of American exceptionalism through a celebration of variety Exploring cultural and institutional spheres ranging from intra urban walking tours in popular magazines to the 1893 World s Parliament of Religions in Chicago she shows how the rhetoric of variety became naturalized and nationalized as quintessentially American and inherently democratic By focusing on the uses of the term in the work of William James Anna Julia Cooper W E B Du Bois Hamlin Garland and Wong Chin Foo among many others Bramen reveals how the perceived innocence and goodness of variety were used to construct contradictory and mutually exclusive visions of modern Americanism Bramen s innovation is to look at the debates of a century ago that established diversity as the distinctive

feature of U S culture In the late nineteenth century conception which emphasized the openness of variety while at the same time acknowledging its limits she finds a useful corrective to the contemporary tendency to celebrate the United States as a postmodern melange or a carnivalesque utopia of hybridity and difference

Cultural Implications of Biosemiotics Paul Copley, 2016-08-11 This is the first book to consider the major implications for culture of the new science of biosemiotics The volume is mainly aimed at an audience outside biosemiotics and semiotics in the humanities and social sciences principally who will welcome elucidation of the possible benefits to their subject area from a relatively new field The book is therefore devoted to illuminating the extent to which biosemiotics constitutes an epistemological break with modern modes of conceptualizing culture It shows biosemiotics to be a significant departure from those modes of thought that neglect to acknowledge continuity across nature modes which install culture and the vicissitudes of the polis at the centre of their deliberations The volume exposes the untenability of the culture nature division presenting a challenge to the many approaches that can only produce an understanding of culture as a realm autonomous and divorced from nature

The Future of Indian Universities C. Raj Kumar, 2018-02-15 At a time of social political and economic shifts across the world India is faced with the pivotal challenge of addressing the state of its universities In a region that was home to the leading higher learning institutions during ancient times the descent in the quality of higher education offered by modern India s universities is yet to create the desired impact To be effective universities will need to create institutional ecosystems that are reflective of the complex and interconnected worlds their graduates will live in India s extraordinary demographic profile creates a compelling need for its universities to reimagine their roles The contributors in this volume argue for fundamental reforms to bring about a renewed sense of purpose The chapters are authored by leading scholars in the fields of law management educational theory liberal arts international relations and science and technology and reflect the multiple approaches necessary to address the most difficult challenges in our times The volume provides international and comparative perspectives on higher education and will be immensely useful in highlighting issues being faced by Indian universities

The Humanities in Contemporary Chinese Contexts Evelyn T. Y. Chan, Michael O'Sullivan, 2016-10-22 This book brings together the perspectives of eminent and emerging scholars on contemporary issues relevant to the practice pedagogy and institutionalization of the humanities in the three Chinese contexts of Hong Kong Taiwan and mainland China It addresses the need to investigate how humanities discussions often exclusively drawn from and grounded in western

contexts are today being played out in these three places The humanities in contemporary Chinese contexts may have different social and pedagogical roles and a consideration of them will enable people to moderate and perhaps even refute claims made in the recent re readings of the humanities As Asian universities rise in the global rankings and as east west university collaborations and partnerships become more common it is important that the nature practice and institutionalization of the humanities in Hong Kong Taiwan and mainland China are explored and described for English readers Exploring new perspectives arising from an examination of the humanities in these places this volume aims neither to establish a position of polarity which would pit western sites against Chinese ones nor to argue for universal sameness Rather the goal is to find nuanced correspondences and differences between these various backgrounds so that there is a greater understanding of the specificities of Chinese contexts This will help shed light not only on the contexts in question but also potentially on how to rearticulate the importance of the humanities in general creating an intercultural dialogue focused on the humanities As the global university strives to move the different traditions of learning closer together through international rankings rubrics and shared research agendas it is important that we explore these locations of potential cultural exchange

Liberal Arts In A Time Of Crisis: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
