George A. Lopez, Michael Stohl

Liberalization And Redemocratization In Latin America:

Liberalization and Redemocratization in Latin America George A. Lopez, Michael Stohl, 1987-12 This volume is the product of three coalitions of research interests focused on a single topic of inquiry the processes of liberalization and democratization within authoritarian regimes in Latin America The three branches of research may be characterized as first individuals researching the changing character of human rights violations repression and state terror in various Latin American nations second scholars of redemocratization the process through which governments gradually revert to a more democratic regime and third experts in the comparative analysis of Latin American politics who believe that a cross national perspective is necessary to complement current theoretical and case study work on liberalization and redemocratization The opening chapter provides a theoretical basis for the discussion and the closing essay analyzes the relationship between redemocratization in Latin America and U S foreign assistance policies there A bibliographic essay and an index complete the volume

Leaders, Leadership, And U.s. Policy In Latin America Michael J. Kryzanek, 2019-04-05 This book focuses on the future of Latin American leaders and the relationship of these leaders to the United States It examines the ways in which the critical interaction between individual leaders and the U S policy community affects the substance and direction of hemispheric relations

Mexico, Central, and South America: Social movements Jorge I. Domínguez, 2001

Party Politics And Elections In Latin America J Mark Ruhl, Ronald H McDonald, 2019-08-30 This book is an introduction to party politics elections and electoral behavior in Latin America The subject is vast and the available research on it extensive The principal purpose is to summarize and conceptualize the subject making comparisons where appropriate among nations The authors try to point out both the specific parochial experiences of individual Latin American nations as well as the more universal experiences

The Third Wave Samuel P. Huntington, 2012-09-06 Between 1974 and 1990 more than thirty countries in southern Europe Latin America East Asia and Eastern Europe shifted from authoritarian to democratic systems of government This global democratic revolution is probably the most important political trend in the late twentieth century In The Third Wave Samuel P Huntington analyzes the causes and nature of these democratic transitions evaluates the prospects for stability of the new democracies and explores the possibility of more countries becoming democratic The recent transitions he argues are the third major wave of democratization in the modern world Each of the two previous waves was followed by a reverse wave in which some countries shifted back to authoritarian government Using concrete examples empirical evidence and insightful analysis Huntington provides neither a theory nor a history of the third wave but an explanation of why and how it occurred Factors responsible for the democratic trend include the legitimacy dilemmas of authoritarian regimes economic and social development the changed role of the Catholic Church the impact of the United States the European Community and the Soviet Union and the snowballing phenomenon change in one country stimulating change in others Five key elite groups within and outside the nondemocratic regime played roles in shaping the various ways

democratization occurred Compromise was key to all democratizations and elections and nonviolent tactics also were central New democracies must deal with the torturer problem and the praetorian problem and attempt to develop democratic values and processes Disillusionment with democracy Huntington argues is necessary to consolidating democracy He concludes the book with an analysis of the political economic and cultural factors that will decide whether or not the third wave continues Several Guidelines for Democratizers offer specific practical suggestions for initiating and carrying out reform Huntington s emphasis on practical application makes this book a valuable tool for anyone engaged in the democratization process At this volatile time in history Huntington s assessment of the processes of democratization is indispensable to understanding the future of democracy in the world

Shock to the System Michael K. Miller, 2021-07-20 How violent events and autocratic parties trigger democratic change How do democracies emerge Shock to the System presents a novel theory of democratization that focuses on how events like coups wars and elections disrupt autocratic regimes and trigger democratic change Employing the broadest qualitative and quantitative analyses of democratization to date Michael Miller demonstrates that more than nine in ten transitions since 1800 occur in one of two ways countries democratize following a major violent shock or an established ruling party democratizes through elections and regains power within democracy This framework fundamentally reorients theories on democratization by showing that violent upheavals and the preservation of autocrats in power events typically viewed as antithetical to democracy are in fact central to its foundation Through in depth examinations of 139 democratic transitions Miller shows how democratization frequently follows both domestic shocks coups civil wars and assassinations and international shocks defeat in war and withdrawal of an autocratic hegemon due to autocratic insecurity and openings for opposition actors He also shows how transitions guided by ruling parties spring from their electoral confidence in democracy Both contexts limit the power autocrats sacrifice by accepting democratization smoothing along the transition Miller provides new insights into democratization s predictors the limited gains from events like the Arab Spring the best routes to democratization for long term stability and the future of global democracy Disputing commonly held ideas about violent events and their effects on democracy Shock to the System offers new perspectives on how regimes are transformed

Between Development and Destruction Kumar Rupesinghe, Paul Sciarone, Luc van de Goor, 2016-07-27 Much has already been written about the effects of the changes of the Cold War on conflict The ongoing disengagement of East and West from bipolar Cold War politics has resulted in an unstable international political situation which is characterized by regional conflicts Most analyses now concentrate on the consequences for Europe and the former communist Central and East European states This book however explores the effects for the Third World The contributors provide major theoretical analyses of the causes of conflict in developing countries Four main factors are distinguished the processes of state formation and nation building the rise or return of ethnicity and nationalism socio economic factors and the armaments conflict nexus The volume also provides in depth regional analyses as well as policy perspectives on the issue

of conflict and development Handbook of Bureaucracy Ali Farazmand,1994-06-10 This encyclopedic reference text provides an analysis of the basic issues and major aspects of bureaucracy bureaucratic politics and administrative theory public policy and public administration in historical and contemporary perspectives Examining theoretical philosophical and empirical interpretations as well as the intricate position of bureaucracy in government politics national development international relations and a host of other institutions the book focuses on the multifunctional role of public bureaucracies in societies with various socioeconomic political cultural and ideological orientations and covers a wide range of processes and subjects

Silver, Sword, and Stone Marie Arana,2020-08-18 Winner American Library Association Booklist s Top of the List 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region exploitation silver violence sword and religion stone Meticulously researched this book s greatest strengths are the power of its epic narrative the beauty of its prose and its rich portrayals of character Marvelous The Washington Post Leonor Gonzales lives in a tiny community perched 18 000 feet above sea level in the Andean cordillera of Peru the highest human habitation on earth Like her late husband she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest Illiteracy malnutrition and disease reign as they did five hundred years ago And now just as then a miner s survival depends on a vast global market whose fluctuations are controlled in faraway places Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans He was among hundreds of criminals Cuba expelled to the US in 1980 His story echoes the violence that has coursed through the Americas since before Columbus to the crushing savagery of the Spanish Conquest and from 19th and 20th century wars and revolutions to the military crackdowns that convulse Latin America to this day Xavier Alb is a Jesuit priest from Barcelona who emigrated to Bolivia where he works among the indigenous people He considers himself an Indian in head and heart and for this is well known in his adopted country Although his aim is to learn rather than proselytize he is an inheritor of a checkered past where priests marched alongside conquistadors converting the natives to Christianity often forcibly in the effort to win the New World Ever since the Catholic Church has played a central role in the political life of Latin America sometimes for good sometimes not In this timely and excellent volume NPR Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre Columbian times the foreign greed for its mineral riches an ingrained propensity to violence and the abiding power of religion Silver Sword and Stone combines learned historical analysis with in depth reporting and political commentary and an informed and authoritative voice one that deserves a wide audience The New York Times Book Review

The Battle For Guatemala Susanne Jonas,2018-03-08 This book presents a contemporary history of Guatemala s thirty year civil war evaluating the central protagonists in the turbulent battle for Guatemala rebels death squads and the United States power

Refugee Protection in Brazil and Latin America - Selected Essays Liliana Lyra Jubilut,2018-05-05 Refugees and

their protection have started to be a part of daily conversation in recent years New flows from Africa to Europe new crisis in Asia and in the Americas and record numbers since the Second World War for instance have paved the way for news reports in the media political discourses on the topic and debates on how to actually protect these persons In a world scenario of increasingly i closed borders ii association of migration to security issues iii lack of political will to ascertain human rights and iv disregard for migration as a right in se the challenges on and for refugees protection have been progressing as have the need for international protection of persons fleeing well founded fear of persecution due to their race religion nationality political opinion or membership to a social group i e refugees Regional approaches and national practices gain relevance especially if they can be seen as good practices even if not without flaws What are the main challenges and opportunities regarding Refugee Protection in Latin America and in Brazil The book offers a very convincing response The essays by Liliana Jubilut reflect rigorous academic research and years of practical experience on supporting asylum seekers and refugees The author is certainly one of the most influential scholars in Brazil working in the Forced Migration field and the essays provide a comprehensive view of Refugee Protection in Brazil and Latin America Gabriel Gualano de Godoy PhD UNHCR Chief of Mission in the Dominican Republic and former Head of UNHCR Protection Unit in Brazil This book shed clear lights on the development of refugee protection in Latin America for the years to come Liliana Jubilut is already a leading scholar on refugee protection in Latin America and her articles reflect a long myriad of issues related to refugee protection since status determination resettlement local integration and the remarkable humanitarian visas for the Syrian refugees She shows the developments and setbacks and recover the most important developments since the Cartagena Declaration with a sharp eye and historical perspective This book will soon become an essential bibliography for anyone trying to understand the particular and innovative refugee protection initiatives in this troubled but generous region Wellington Pereira Carneiro PhD UNHCR Senior Official having worked in Brazil and Colombia for UNHCR and in Panama prior to joining the UN

The Mexican Military and Political Transition Robin Claire Bedingfield,1992 *Governance for the 21st Century* Andrés González,2007 In recent years corruption has become a major threat to political systems around the world due to its ability to damage and destabilize national as well as international democratic institutions Since the end of the Cold War corruption has not entirely changed in its pathology However this phenomenon has become a serious political and economic danger for states and regions especially in Latin America This book analyzes recent concerns raised by the problem of this region focusing on three countries Argentina Chile and Ecuador It gives an overview of definitions forms and typologies of corruption as well as its causes and effects Moreover the book introduces and discusses different approaches offered as solutions to corruption The case studies allow a possible explanation of the degree of propensity that these countries show towards corruption

After Dictatorship Peter Hoeres,Hubertus Knabe,2023-02-20 Numerous studies concerning transitional justice exist However comparatively speaking the effects actually achieved by measures for coming to terms with

dictatorships have seldom been investigated There is an even greater lack of transnational analyses This volume contributes to closing this gap in research To this end it analyses processes of coming to terms with the past in seven countries with different experiences of violence and dictatorship Experts have drawn up detailed studies on transitional justice in Albania Argentina Ethiopia Chile Rwanda South Africa and Uruguay Their analyses constitute the empirical material for a comparative study of the impact of measures introduced within the context of transitional justice It becomes clear that there is no sure formula for dealing with dictatorships Successes and deficits alike can be observed in relation to the individual instruments of transitional justice from criminal prosecution to victim compensation Nevertheless the South American states perform much better than those on the African continent This depends less on the instruments used than on political and social factors Consequently strategies of transitional justice should focus more closely on these contextual factors

Global Multiculturalism Grant H. Cornwell, Eve Walsh Stoddard, 2001 Global Multiculturalism offers a rich collection of case studies on ethnic racial and cultural diversity drawn from thirteen countries each unique in the way it understands negotiates and represents its diversity A multi disciplinary group of authors shows how in different nations identity groups are included or made invisible by forced assimilation or reviled even to the point of genocide Framed within a theoretical discussion of national identity transnationalism hybridity and diaspora each chapter surveys the demographics and history of its country and then analyzes the dynamics of diversity With cases ranging from Bosnia to Chiapas Cuba to China and Zimbabwe to France this volume offers a truly global perspective and scope Its genuinely comparative methodology and range of disciplinary perspectives make it a unique resource for all those seeking to understand ethnic conflict and diversity

State Organized Terror P. Timothy Bushnell, Vladimir Shlapentokh, Christopher Vanderpool, Jeyaratnam Sundram, 2019-07-18 This book an outcome of an international conference entitled State Organized Terror The Case of Violent Internal Repression addresses the antecedent structural factors conducive to state organized terror and provides insights into the political and social psychology of state terror

Reinventing the State Carol Wise, 2009-12-14 The political economic history of Latin America in the post World War II era has largely been one of underachievement and opportunities lost This all changed with the wave of market reforms that were implemented in the 1990s However the precise role of these reforms as an agent of change is still hotly debated This in depth analysis of the Peruvian case argues for an explanation that treats institutional innovation and state reconstruction as necessary conditions for the apparent success of the market in Latin America Exploring how state intervention has been both the cause of Latin America s economic downfall in the 1980s and the solution to its recovery Reinventing the State analyzes three main phases of state intervention the developmentalism that lasted until 1982 the state in retreat of the 1980s and the streamlined state of the 1990s Through a comprehensive examination of the Peruvian experience the book explains the country s impressive turnaround from the standpoint of institutional modernization and internal state reform Written for a broad academic audience the public policy community and the private

sector this book is also meant as a quick primer for any journalist consultant or private sector analyst in need of an overview of the region's market reform effort and how it has played out in Peru Carol Wise is Associate Professor School of International Relations University of Southern California

The Political Economy of Democratic Transitions Stephan Haggard, Robert R. Kaufman, 2018-06-05 In the last two decades there has been a widespread movement from authoritarian to democratic rule among developing countries often occurring against a backdrop of severe economic crises and the adoption of market oriented reforms The coincidence of these events raises long standing questions about the relationship between economic and political change In this book Stephan Haggard and Robert Kaufman explore this relationship addressing a variety of questions What role have economic crises played in the current wave of political liberalization and democratization Can new democracies manage the daunting political challenges posed by economic reform Under what economic and institutional conditions is democracy most likely to be consolidated Drawing on contemporary political economy and the experiences of twelve Latin American and Asian countries they develop a new approach to understanding democratic transitions Haggard and Kaufman first analyze the relationship between economic crisis and authoritarian withdrawal and then examine how the economic and institutional legacies of authoritarian rule affect the capacity of new democratic governments to initiate and sustain economic policy reform Finally the authors analyze the consolidation of political and economic reform over the long run Throughout they emphasize the relationship between economic conditions the interests and power of contending social groups and the mediating role of representative institutions particularly political parties

Brazil in the International System: The Rise of a Middle Power Wayne A. Selcher, 2019-03-13 In recent years Brazil has grown greatly in international status and all indications are that it will continue to do so The authors of this book evaluate Brazil from a Brazil in the world viewpoint placing the country in the current international system in relation to its capabilities effects and interest positions On the basis of their co

Paths to State Repression Christian Davenport, 2000 This work seeks to improve our understanding of why states use political repression highlighting its relationship to dissent and mass protest The authors draw upon a variety of political economic contexts methodological approaches and geographic locales

Liberalization And Redemocratization In Latin America Introduction

In the digital age, access to information has become easier than ever before. The ability to download Liberalization And Redemocratization In Latin America has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Liberalization And Redemocratization In Latin America has opened up a world of possibilities. Downloading Liberalization And Redemocratization In Latin America provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky

folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Liberalization And Redemocratization In Latin America has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Liberalization And Redemocratization In Latin America. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Liberalization And Redemocratization In Latin America. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Liberalization And Redemocratization In Latin America, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Liberalization And Redemocratization In Latin America has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Liberalization And Redemocratization In Latin America Books
