Margaret Mead's famous quote may come to mind as you read this second volume in the Seeking Our Humanity series. In the first book, a small group of friends learned that the environmental crisis plaguing the Earth was not only grounded in our material pollution of land, seas, and skies. A mysterious traveler from another plane of existence taught them that the Life Being Earth feels the anger, hatred, violence, and cruelty that people bear toward one another; they poison her life's very essence. Gently and firmly, he emphasized the urgency of the crisis and the gravity of the stakes. Earth will soon reach a tipping point that will make her uninhabitable for humankind. The mysterious guest invited them to join with beings throughout the universe to rescue the Earth and taught them the simple steps that they could take daily to help her heal from this invisible, deadly toxicity. Called and empowered to be part of the solution, they joined forces to do so. In this installment, the commitment of these twelve dear friends to the mission deepens and expands. As they hone their skills, they confront the deep-seated doubts and fears that arise from so daunting a challenge. Readers find themselves embraced in the tender compassion that permeates their relationships, the deep listening and encouragement that they share with one another. Those who seek to heal the Earth find healing themselves. *The Keystone*, 1927 **Good Morning Message** Peggy Edwards, 2010-08

This daily devotional book has been a God-led inspiration from its very start-up from its original Bible verse and note of encouragement to some coworkers and family members to people around the world via my email network. Our God is so awesome I've had people return emails to me or speak to me and ask, "How did you know that I needed that today?" or "How did you know I was going through this?" That is when I thankfully remind them that God inspired each and every one of these devotionals. I am just being faithful and following His directions. Now I'm led to put them into a year of daily devotions book to reach others. Occasionally, my emailed devotionals have colored photographs that I take as God-inspired messages for the day. Unfortunately, I couldn't include those in this book. I did include a photo in grayscale at the beginning of each month; the cover photo is a God-blessed look at an Alaskan sunset. I am so thankful that God is working in my life. I want to encourage each of you to grasp hold of whatever gift He has blessed you with and step out in trust and faith to go forth and to share it with others. When you feel down, just start counting each of the blessings God has touched you with in your life, and you will feel His Presence and comfort to encourage you. We are never alone. He is just a prayer away; nothing is impossible for our God. He is not done with us yet. He is asking us to be obedient in our service to Him, and He will help us grow in our faith. Trust in Him, and you will be astounded at what He has in store for you. **Congressional Record** United States.
