Rider Haggard, 2021-01-01 The Wizard is a novel by Henry Rider Haggard first published by Longmans Green and Co in 1896 1 The Wizard is one of the many examples of imperialist literature According to Rebecca Stott author of the article The Dark Continent Africa as Female Body in Haggard's Adventure Fiction Haggard's fiction is still popular today and attempts to expose a cultural and historical definition of white masculinity at its most rugged and its most terrified 2 The story is a third person narrative that follows the journey of Reverend Thomas Owen as he seeks to carry out missionary work in south central Africa specifically in the tribe of Amasuka The novel starts in England in the parish of Reverend Thomas Owen and moves to South Central Africa where the tribe of Amasuka People of Fire is located which is where the majority of the novel takes place While there he encounters Hokosa the chief of the Wizards who essentially wishes him to prove that his God is greater than their god through trials of lightning The novel is placed in the imperialist literature of 19th century England Just like many of his other works this novel is inspired by Rider Haggard's experiences of South Africa and British colonialism The

character Noma is meant to be representative of the theme of female authority and feminine behavior. Some scholars have called the novel a tale of victorious faith. It has received both praise and criticism for its representation of the imperialist novel and of womanhood. The novel begins on a Sunday afternoon in summer at a church in the Midland county called Busscombe. Reverend Thomas Owen had a preacher for the day called a Deputation who was sent to arouse the indifferent to the duty of converting the savage tribes by collecting money. As the Deputation told about his experience with a south central African tribe called the Sons of Fire, Reverend Owen became very interested in the mission to convert this tribe of Amasuka and converting them. Reverend Owen ultimately decides to take on this task and gives his old job to the Deputation. Two years go by as Reverend Owen lives in a hut outside of the tribe's town and he sends his newly converted native of the tribe John to send a message to King Umsuka which is that Reverend Owen wants to learn their language so that he can administer the word of God to them. After being warned that the People of Fire have their faith too, John informs Rev Owen that if he cannot perform the magic they want him to perform, he will be killed. Reverend Owen learns of Hokosa and Hafela's plot to kill the king with poison in order to gain the throne through a vision. Rev Owen learns of the anecdote to the poison in another vision of the Tree of Death and uses this knowledge to his advantage by giving it to Umsuka to revive him at the Feast of the First Fruit and therefore proves his God's power over the People of Fire's god. In the First Trial by Fire, Hokosa and Umsuka show Rev Owen their god a oddly sized stone and explain that the lightning god knows Hokosa and the other wizards so they won't harm them but will harm Rev Owen if he goes through the trial in the plain full of iron. When the lightning from the storm does not harm Rev Owen, the People of Fire respect him but many are convinced it is magic, not the work of God.

Michael A. Milton, 2024-10-18 The church is more than a building; it is an assembly of people joined together across distances and even through time to fulfill God's purposes in the world. Each local gathering of that assembly needs a vision to help its members accomplish the work God has called them to do. But how do you inspire your church to create and follow through on a vision? Mike Milton provides tested biblical ideas to get everyone in the church involved in a plan to help the congregation grow. Each chapter develops an awareness of what needs to be done, provides questions for review, and includes prayers by elders and ministers of churches that have put these ideas to use.

Avarice & The Avaricious

Al-Jahiz, 2021-03-05 This book is a translation accurate and readable of one of the wittiest pieces of medieval Arabic prose.

Abu Uthman al Jahiz's Avarice and the Avaricious In the opinion of most Arab literary critics Abu Uthman al Jahiz is one of the finest writers of Arabic of all time described as the sultan of style and the very symbol of literary ability He was a native of the city of Basra in southern Iraq then the commercial and intellectual centre of the recently established Abbasid caliphate and the crucible where Islamic culture crystallised and assumed its form Jahiz is characterised by wit satire irony and a wide ranging erudition pinned to sharp observation of character His language is agile and vigorous lucid and precise It is formally literary but inspired by the rhythms of ordinary speech Digression and anecdote are commonplace as he passes seamlessly from the serious to the entertaining and back again for the improvement and pleasure of his readers Hypocrisy and pretension are his targets Reason good sense and a wholly uncynical good humour the very salt of mirth are his weapons These qualities can all be found in the present work one of his best known books and as the title suggests an expose of the vice of miserliness among his contemporaries
