The Lollipop Mine Larry Derryberry, 2009-03 During the silver boom in the 1860s, an old prospector Bill Barton discovered the richest silver mine ever under Apple Mountain in Colorado. He named it The Lollipop Mine because he and his dog Silver Dollar Sam loved lollipops. A no-good cutthroat coward named Swineback did in the old prospector and his faithful dog Silver Dollar Sam and stole the mine. Before dying, Old Barton swore that he would never leave the mine. Who would have guessed that 135 years later, new friends Bobby and Mikey and Mikey's dog Squash would tumble head over heels into the old mineshaft. The three uncover the treacherous plans of Swineback's great grandson Swiney, who plans to hijack the government's laser defense system being tested in a nearby laboratory. Can Mikey, Bobby, and Squash stop Swineback before it's too late? Oh yes. Were Old Barton and Silver Dollar Sam still walking the dark mineshafts? Join the fun and adventures of The Lollipop Mine as told by Papa Derryberry in the first of the series of Papa Derryberry's Tales. You don't want to miss the fun.

How to Eat a Small Country Amy Finley, 2012-07-03 How to Eat a Small Country shares a few key traits with Elizabeth Gilbert's Eat, Pray, Love: in particular, an infectiously likeable narrator and mouthwatering descriptions of European food. But Finley's memoir is less precious, more honest, and ultimately more rewarding. Boston Globe: A professionally trained cook turned stay-at-home mom, Amy Finley decided on a whim to send in an audition tape for season three of The Next Food Network Star, and the impossible happened: she won. So why did she walk away from it all? A triumphant and endearing tale of family, food, and France, Amy's story is an inspiring read for women everywhere. While Amy was hoping to bring American families together with her simple Gourmet Next Door recipes, she ended up separating from her French husband Greg, who didn't want to be married to a celebrity. Amy felt betrayed. She was living a dream, or was she? She was becoming famous, cooking for people out there in TV land in thirty minutes on a kitchen

set instead of cooking and eating with her own family at home In a desperate effort to work things out Amy makes the controversial decision to leave her budding television career behind and move her family to France where she and Greg lived after they first met and fell in love How to Eat a Small Country is Amy s personal story of her rewarding struggle to reunite through the simple everyday act of cooking and eating together Meals play a central role in Amy s new life from meeting the bunny destined to become their classic Burgundian dinner of lapin la moutarde to dealing with the aftermath of a bouillabaisse binge And as she Greg and their two young children wend their way through rural France they gradually reweave the fabric of their family At times humorous and heart wrenching and always captivating and delicious How to Eat a Small Country chronicles the food filled journey that one couple takes to stay together **School Journal** ,1961 *The Sportsman* , **Silly Island** Brian Beresford,2023-06-08 Imagine how it would feel to live on an island where you are encouraged to be silly to laugh to have fun and simply love life with a big smile on your face That s what it s like for those who call Silly Island their home In the schools there are lessons in silly subjects such as juggling rhubarb and standing in buckets of slime Every Hippety-scringeday the day we call Thursday the islanders spend the entire day being as silly as they like watching and taking part in Silly Shows Popular island games include high speed slow bicycle racing and pass the feather Although they have never even heard of football the islanders agree to play against Brazil with hilarious results Sadly the Silly Islanders fail to realise that a disaster is about to strike Art loving 10 year old Spring Herb and her drummer friend Jazz McNoodly Noodly son of Lollipop the island s leader come up with an ingenious idea to try to save the Silly Island but will they be too late And has anyone seen Mister Porridge A comedy fantasy with an environmental message Silly Island will appeal to ages 8 to 12 and anyone who loves to laugh Story Hour Jeri Kladder,2003-07-10 Story time at the public library is the first exposure to books outside the home for many preschool children For the librarian it is an exciting opportunity to instill in youngsters a love of reading and books But coming up with new ideas that hold the children s attention can be trying Until now Here are 55 tried and true story hour programs with a thematic approach All are highly flexible and adaptable across the full preschool age range Most of the ideas are arranged under one of eight specific themes that include four to eight one hour programs barnyard animals the Caldecott Medal colors families a storytelling feast the five senses reptiles and amphibians and around the world There are also 18 individual holiday and seasonal programs All story hours provide ideas for name tags suggested audiovisual materials recommended story poetry and song selections additional titles and a full description of the activity *Moon Washington State* Marissa Pedersen,Moon Travel Guides,2025-04-01 Stunning coastline seaside towns and a breathtaking array of natural wonders Experience the best of the Evergreen State with Moon Washington State Inside you ll find Flexible itineraries whether you re visiting the Olympic Peninsula checking out the national parks or road tripping the whole state Can t miss experiences and unique activities Watch the fishmongers at Pike Place Market enjoy panoramic views from the iconic Space Needle or visit the charming towns of the San Juan Islands

Life of Mirielle West brings vividly to life the Louisiana institution known as Carville where thousands of people were
stripped of their civil rights branded as lepers and forcibly quarantined throughout the entire 20th century For Mirielle West
a 1920 s socialite married to a silent film star the isolation and powerlessness of the Louisiana Leper Home is an
unimaginable fall from her intoxicatingly chic life of bootlegged champagne and the star studded parties of Hollywood s
Golden Age When a doctor notices a pale patch of skin on her hand she s immediately branded a leper and carted hundreds
of miles from home to Carville taking a new name to spare her family and famous husband the shame that accompanies the
disease At first she hopes her exile will be brief but those sent to Carville are more prisoners than patients and their disease
has no cure Instead she must find community and purpose within its walls struggling to redefine her self worth while fighting
an unchosen fate As a registered nurse Amanda Skenandore s medical background adds layers of detail and authenticity to
the experiences of patients and medical professionals at Carville the isolation stigma experimental treatments and disparate
