From Instruction to Delight Patricia Demers, R. G. Moyles, 1982 An anthology of poetry and prose read by and to children from the Middle Ages to the mid nineteenth century including familiar as well as little known examples from each period

Varieties of Female Gothic Vol 1 Gary Kelly, 2020-04-27 This text offers scholarly and critical editions of significant novels of Gothic fiction from the Romantic period It illustrates the various forms of female Gothic literature as a vehicle for representing the modern forms of subjectivity or complex and authentic inward experience and identity **The Governess** Sarah Fielding, 2005-09-26 Published in 1749 the story of Mrs Teachum and the nine pupils who make up her little female academy is widely recognized as the first full length novel for children and the first to be aimed specifically at girls The daily experiences of Mrs Teachum s charges are interwoven with fables and fairy tales illustrating the book s underlying principles which draw on contemporary theories of education and virtue As central to the history of the novel as it is to the development of children s literature The Governess is a pioneering work by one of the eighteenth century s most respected women writers This Broadview edition includes a critical introduction that places The Governess in its cultural and literary context appendices include examples of eighteenth century educational literature and selections from Fielding s correspondence

The Children's Book Business Lissa Paul, 2010-12-14 By focusing on the children s book business of the long eighteenth century this book argues that the thinking knowing children of the Enlightenment are models for the technologically connected socially conscious children of the twenty first The increasingly obsolete images of Romantic innocent and ignorant children are bracketed between the two periods **The Routledge Companion to Children's Literature** David

Rudd, 2012-07-26 A vibrant and authoritative exploration of children s literature in all its manifestations It features expert essay contributions a timeline and a glossary of key names and terms **Children's Literature** M.O. Grenby, 2014-04-14 Provides a thorough history of British and North American children s literature from the 17th century to the present day Now fully revised and updated this new edition includes a new chapter on illustrated and picture books and includes 8 illustrations an expanded glossary an updated further reading section Children s Literature traces the development of the main genres of children s books one by one including fables fantasy adventure stories moral tales family stories school stories children s poetry and illustrated and picture books Grenby shows how these forms have evolved over 300 years and asks why most children s books even today continue to fall into one or other of these generic categories Combining detailed analysis of particular key texts and a broad survey of hundreds of books written and illustrated for children this volume considers both long forgotten and still famous titles as well as the new classics of the genre all of them loved by children and adults alike but also fascinating and challenging for the critic and cultural historian Key Features Broad historical range Coverage of neglected as well as well known texts Focus on the main genres of children s literature Thoroughly up to date in terms of primary texts and critical material **Literature's Children** Louise Joy, 2019-02-21

Literature's Children offers a new way of thinking about how literature for children functions didactically. It analyzes the nature of the practical critical activity which the child reader carries out emphasizing what the child does to the text rather than what he or she receives from it. Through close readings of a range of works for children which have shaped our understanding of what children's literature entails including works by Isaac Watts, John Newbery, Kate Greenaway, E. Nesbit, Kenneth Grahame, J. R. R. Tolkien and Malcolm Saville, it demonstrates how the critical child resists the processes of idealization in operation in and through such texts. Bringing into dialogue ideas from literary theory and the philosophy of education drawing in particular on the work of the philosopher John Dewey, it provides a compelling new account of the complex relations between literary aesthetics and literary didacticism.

Conceptualizing Cruelty to Children in Nineteenth-Century England Monica Flegel, 2016-05-23

Moving nimbly between literary and historical texts, Monica Flegel provides a much needed interpretive framework for understanding the specific formulation of child cruelty popularized by the National Society for the Prevention of Cruelty to Children (NSPCC) in the late nineteenth century. Flegel considers a wide range of well known and more obscure texts from the mid eighteenth century to the early twentieth including philosophical writings by Locke and Rousseau, poetry by Coleridge, Blake and Caroline Norton, works by journalists and reformers like Henry Mayhew and Mary Carpenter, and novels by Frances Trollope, Charles Dickens, Wilkie Collins and Arthur Morrison. Taking up crucial topics such as the linking of children with animals, the figure of the child performer, the relationship between commerce and child endangerment, and the problem of juvenile delinquency, Flegel examines the emergence of child abuse as a subject of legal and social concern in England and its connection to earlier, primarily literary representations of endangered children. With the emergence of the NSPCC and the new crime of cruelty to children, new professions and genres such as child protection and social casework supplanted literary works as the authoritative voices in the definition of social ills and their cure. Flegel argues that this development had material effects on the lives of children as well as profound implications for the role of class in representations of suffering and abused children. Combining nuanced close readings of individual texts with persuasive interpretations of their influences and limitations, Flegel's book makes a significant contribution to the history of childhood, social welfare, the family, and Victorian philanthropy.

The Aesthetics of Children's Poetry Katherine Wakely-Mulroney, Louise Joy, 2017-11-01

This collection gives sustained attention to the literary dimensions of children's poetry from the eighteenth century to the present. While reasserting the importance of well known voices such as those of Isaac Watts, William Blake, Lewis Carroll, Christina Rossetti, A. A. Milne and Carol Ann Duffy, the contributors also reflect on the aesthetic significance of landmark works by less frequently celebrated figures such as Richard Johnson, Ann and Jane Taylor, Cecil Frances Alexander, and Michael Rosen. Scholarly treatment of children's poetry has tended to focus on its publication history rather than to explore what comprises and why we delight in its idiosyncratic pleasures. And yet arguments about how and why poetic language might appeal to the child are embroiled in the history of children's poetry.

whether in Isaac Watts emphasising the didactic efficacy of like sounds William Blake and the Taylor sisters revelling in the beauty of semantic ambiguity or the authors of nonsense verse jettisoning sense to thrill their readers with the sheer music of poetry Alive to the ways in which recent debates both echo and repudiate those conducted in earlier periods The Aesthetics of Children s Poetry investigates the stylistic and formal means through which children s poetry in theory and in practice negotiates the complicated demands we have made of it through the ages **Divine Madness** Harry Eiss,2011-08-08 Lila is Sanskrit for play the play of the gods It is the self generating genesis of Bliss created by Bliss for the purpose of Bliss It is the uninhibited impulsive sport of Brahman the free spirit of creation that results in the spontaneous unfolding of the cosmos to be found in the eternity of each moment It is beyond the confining locks and chains of reason beyond the steel barred windows looking out from the cages of explanation beyond the droning tick tick tick of the huge mechanical clocks of time Come let us enter the realm of the madman and the finely wrought threads of Clotho as they are measured out by Lachesis and cut by Atropos to create the great tapestry of life including the intricate intertwining designs of dementia with the trickster the shaman the scapegoat the shadow the artist and the savior Come let us join in the divine madness of the gods
