**El-Hi Textbooks & Serials in Print, 2005**, 2005 **The War Play Dilemma** Diane E. Levin, 2006 As violence in the media and media-linked toys increases, parents and teachers are also seeing an increase in children's war play. The authors have revised this popular text to provide more practical guidance for working with children to promote creative play and for positively influencing the lessons about violence children are learning. Using a developmental and sociopolitical viewpoint, the authors examine five possible strategies for resolving the war play dilemma and show which best satisfy both points of view: banning war play, taking a laissez-faire approach, allowing war play with specified limits, actively facilitating war play, and limiting war play while providing alternative ways to work on the issues. New for the Second Edition are more anecdotal material about adults and children's experiences with war play, including examples from both home and school settings; greater emphasis on the impact of media and commercialization on children's war play, including recent trends in media programming, marketing, and war toys; expanded discussion about the importance of the distinction between imitative and creative war play; and summary boxes of key points directed at teachers or parents. New information about violent video games, media cross-feeding, and gender development and sex role stereotyping. What Should I Do? Confronting Dilemmas

Andrews, 2014-07-28 When I was young I was mysteriously protected and kept from harm I was hit by a car severely burned on the palms of my hands and literally thrown out of a car into a busy intersection Somehow I never sustained any injuries I had many questions as this divine protection and provision continued throughout my life Little did I know that what I endured was part of a plan for me to know what I have now learned and share this with all who will listen These adventures with our heavenly Father not only gave me answers to my questions but also much understanding of our Father and His works This book tells about my adventures and part of what I learned It is the beginning of a series of books containing what our Father has taught me It was not easy for me to hear It was not easy for me to write It is always difficult for us to listen to Him All He is asking now is for us to listen to what He has told us from the beginning and respond

Dilemmas in Youth Work and Youth Development Practice Laurie Ross, Shane Capra, Lindsay Carpenter, Julia

Hubbell, Kathrin Walker, 2015-07-24 The fundamental aim of youth work is to build trusting and mutually respectful relationships with young people creating transformative experiences for young people in formal and informal spaces outside of homes and schools. These complex and multidimensional situations mean that the day to day work of youth workers is full of dilemmas pitting moral, developmental, motivational, organizational and other concerns against each other. By showing how different youth workers respond to a variety of such dilemmas, this authentic text makes visible youth workers' unique knowledge and skills and explores how to work with challenging situations from the everyday to the extraordinary. Beginning by setting out a framework for dilemma resolution, it includes a number of narrative based chapters in which youth workers describe and reflect on dilemmas they have faced, the knowledge and experiences they brought to bear on them and alternative paths they could have taken. Each chapter closes with a discussion from the literature about themes raised in the chapter, an analysis of the dilemma and a set of overarching discussion questions designed to have readers compare and contrast the cases, consider what they would do in the situation and reflect on their own practice. Teaching us a great deal about the norms, conventions, continuities and discontinuities of youth work, this practical book reveals essential dimensions of the profession and contributes to a practice based theoretical foundation of youth work.
