Ken Heckler Maverick Public Servant:

Ken Hechler Charles H. Moffat, 1987 **Working with Truman** Ken Hechler, 1996 Available for the first time in paperback is the critically acclaimed *Working with Truman* a warm and lighthearted memoir of what it was like to work behind the scenes in the White House during Truman's term as president Focusing on the strengths and weaknesses of those who worked closely with Truman and on the Truman not seen by the public Hechler provides insight into one of our greatest presidents *Days of Destruction, Days of Revolt* Chris Hedges, Joe Sacco, 2014-04-08 Two years ago Pulitzer Prize winner Chris Hedges and award winning cartoonist and journalist Joe Sacco set out to take a look at the sacrifice zones those areas in America that have been offered up for exploitation in the name of profit progress and technological advancement They wanted to show in words and drawings what life looks like in places where the marketplace rules without constraints where human beings and the natural world are used and then discarded to maximize profit *Days of Destruction Days of Revolt* is the searing account of their travels The book starts in the western plains where Native Americans were sacrificed in the giddy race for land and empire It moves to the old manufacturing centers and coal fields that fueled the industrial revolution but now lie depleted and in decay It follows the steady downward spiral of American labor into the nation's produce fields and ends in Zuccotti Park where a new generation revolts against a corporate state that has handed to the young an economic political cultural and environmental catastrophe **Moving Mountains** Penny Loeb, 2021-12-14 Deep in the heart of the southern West Virginia coalfields one of the most important environmental and social empowerment battles in the nation has been waged for the past decade Fought by a heroic woman struggling to save her tiny community through a landmark lawsuit this battle which led all the way to the halls of Congress has implications for environmentally conscious people across the world The story begins with Patricia Bragg in the tiny community of Pie When a deep mine drained her neighbors wells Bragg heeded her grandmother's admonition to fight for what you believe in and led the battle to save their drinking water Though she and her friends quickly convinced state mining officials to force the coal company to provide new wells Bragg's fight had only just begun Soon large scale mining began on the mountains behind her beloved hollow Fearing what the blasting off of mountaintops would do to the humble homes below she joined a lawsuit being pursued by attorney Joe Lovett the first case he had ever handled In the case against the U S Army Corps of Engineers Bragg v Robertson federal judge Charles Haden II shocked the coal industry by granting victory to Joe Lovett and Patricia Bragg and temporarily halting the practice of mountaintop removal While Lovett battled in court Bragg sought other ways to protect the resources and safety of coalfield communities all the while recognizing that coal mining was the lifeblood of her community even of her own family her husband is a disabled miner The years of Bragg v Robertson bitterly divided the coalfields and left many bewildered by the legal wrangling One of the state's largest mines shut down because of the case leaving hardworking miners out of work at least temporarily Despite hurtful words from members of her church Patricia Bragg battled on making the two hour trek to

the legislature in Charleston over and over to ask for better controls on mine blasting There Bragg and her friends won support from delegate Arley Johnson himself a survivor of one of the coalfield s greatest disasters Award winning investigative journalist Penny Loeb spent nine years following the twists and turns of this remarkable story giving voice both to citizens like Patricia Bragg and to those in the coal industry Intertwined with court and statehouse battles is Patricia Bragg s own quiet triumph of graduating from college summa cum laude in her late thirtie and moving her family out of welfare and into prosperity and freedom from mining interests Bragg s remarkable personal triumph and the victories won in Pie and other coalfield communities will surprise and inspire readers **Water-resources Investigations Report** ,2000

Environmental Setting and Its Relations to Water Quality in the Kanawha River Basin Terence Messinger,C. A. Hughes,2000 *Members of Congress* Robert Goehlert,Fenton S. Martin,John R. Sayre,1996 Don't Buy Another Vote, I Won't Pay for a Landslide Allen H. Loughry,2006 Allen Loughry s meticulously documented book on the bribe soaked history of West Virginia is sordid spellbinding and mortifying but ultimately uplifting in the author s conviction that real change in West Virginia is practical and possible The book is filled with not only outrage but common sense and an attitude that the reader comes to recognize as a patriotic love of this wild wonderful and deeply corrupt state Loughry has written an indispensable and irreplaceable book Book Jacket **The Writing of Official Military History** Robin Higham,1999-09-30 This book provides students faculty and general readers with specific information and insights into the ways in which official military history has been written and why Coverage is international in scope The volume serves as an introduction to two forthcoming books Official Military Histories Since 1967 Europe Africa the Middle East and India and Official Military Histories Since 1967 The Western Hemisphere and the Pacific Rim Together the three books will provide the only comprehensive source of information on historical offices and official histories since Robin Higham s classic book Official Histories was published in 1970 Together the three books will provide the only comprehensive source of information on historical offices and official histories since Robin Higham s classic book Official Histories was published in 1970

Bringing Down the Mountains Shirley Stewart Burns,2007 Coal is West Virginia s bread and butter For more than a century West Virginia has answered the energy call of the nation and the world by mining and exporting its coal In 2004 West Virginia s coal industry provided almost forty thousand jobs directly related to coal and it contributed 3 5 billion to the state s gross annual product And in the same year West Virginia led the nation in coal exports shipping over 50 million tons of coal to twenty three countries Coal has made millionaires of some and paupers of many For generations of honest hard working West Virginians coal has put food on tables built homes and sent students to college But coal has also maimed debilitated and killed Bringing Down the Mountains provides insight into how mountaintop removal has affected the people and the land of southern West Virginia It examines the mechanization of the mining industry and the power relationships between coal interests politicians and the average citizen Shirley Stewart Burns holds a BS in news editorial journalism a
