Flight Unit Study Adventures Series:

Flight Amanda Bennett, Cherie Bennett, 1997-08-01 *Flying Adventurers* David K. Vaughan, 2023-05-29 Aviation books were a unique and prolific subgenre of American juvenile literature from the early to mid 20th century drawing upon the nation's intensifying interest. The first books of this type Harry L. Saylor's series *Airship Boys* appeared shortly after the Wright brothers' first successful flight in 1909. Following Charles Lindbergh's solo flight across the Atlantic popular series like *Ted Scott* and *Andy Lane* established the golden age of juvenile aviation literature. This work examines the 375 juvenile aviation series titles published between 1909 and 1964. It weaves together several thematic threads including the placement of aviation narratives within the context of major historical events, the technical accuracy in depictions of flying machines and the ways in which characters reflected the culture of their eras. Three appendices provide publication data for each series, a list of referenced aircraft and an annotated bibliography; there is a full index. **Pioneers** Amanda Bennett, 1996 This unit study covers the early expansion of our country from the thirteen colonies to the massive move westward along the Oregon Trail. This era was an exciting and challenging time for America both for the government and the people. Introduce your children to geography, history, technology, nature studies and cooking projects that will bring to life this important period in history. *Baseball* Amanda Bennett, 1996 Enjoy the story of baseball and all that it holds in the way of a learning adventure. What better way to learn about forces and momentum than when studying why a curve ball curves or learning about vibration by finding the sweet spot of a baseball bat. This unit study has been developed to provide a complete look at the sport using a cross-curriculum approach. **Unity Study Journal** Amanda Bennett, 1996-03 As a great companion for each and every Unit Study Adventures guide, this journal was developed in response to the growing number of requests for help with record keeping for unit studies. The forms included are useful tools and will help parents make their units more enjoyable; plus the journal enables one to record resources, student questions, field trips and assignments. *Dogs* Amanda Bennett, 1997-07 **The G. O. D. Adventure** Lydia Dockray, 2008-07-17 The G O D Adventure is a space-themed five-day Christian non-denominational holiday club programme for 5-11 year olds designed for use by churches and other Christian Youth Groups. This leader book gives full instructions for setting up and running an exciting and interesting club and comes with directions for obtaining other materials for use with the club. **Electricity** Amanda Bennett, 1997-07 Take an exciting leap into the world of wires, batteries and circuits. Enjoy a study of the mystifying story of electricity from creation to our modern use of electricity. The family will surely enjoy this electrifying experience while studying famous inventors and their adventures including Benjamin Franklin, Alexander Graham Bell and Thomas Edison. Elections Amanda Bennett, 1996-03 As children grow up, they need to be aware and informed of the election process, the workings of American government and the ways they can impact the process. This unit study covers the history of elections, campaign participation and presidents, their families and opponents. **Forthcoming Books** Rose Arny, 2001 NASA Activities, 1979 *Christian Heroes* -
